Krisanthe,

Thank you for the note, and nice to meet you.

As a public university, we are heavily restricted on subsidizing outside entities. But I would welcome a chat to discuss further. Crystal from my team is copied and can assist with finding some time on my calendar.

I look forward to connecting with you.

Chris

Hi Chris -

In addition to the email below, I texted your cell phone to for convenient way to save my contact information.

I'm so excited to be working with Anthony & the WOSU team to produce my existing podcast - The Callout.

We are recording our first episode at WOSU on Wednesday 4/23.

I have a 501c3 - Uniforms to Utilities which is the sister company to the podcast.

President Carter has been a long time supporter and guest cohosted 3 episodes.

President Carter, Kevin Cullen, Jason Lemmon & others are working closely with me in support

of my mission to connect transitioning military/veterans to utility industry careers.

In May, The Callout is a major organizer & sponsor for a power utility event (1500-2K will attend) where OSU drone team will be invited to compete & President Carter is attending & speaking.

We will be doing the same at another power utility event in October (4K in attendance).

For the foreseeable future, I will be promoting OSU & WOSU to my NATIONAL network of military and utility industry communities.

May's event will be a first of its kind where together WOSU, OSU & The Callout will impact higher ed, our military, utility industries and national security.

I would appreciate your help with production costs & a tiny work space at WOSU where I could be completely immersed in my process.

Would you be open to scheduling a 20-30 minute call to discuss further?

Kindest regards,
Krisanthe

Chris,

It has been great getting to know Krisanthe and learn about The Callout podcast. As a veteran, I am excited about her project and can see how this type of content is needed and can benefit many.

I know our production team has been working with her to refine a few things, but our initial proposal was to produce **50 episodes at a cost of \$93,716**. I've been working with PARE on the most appropriate way to include the **use of space, at no cost**, in the agreement as well. In addition, I know our production staff has also been providing some guidance on the most economical ways to support the event.

I'll circle with the team on Monday to get updates and verify the information.

Thank you,

Anthony

Chris,

I know Anthony Padgett has offered the use of space at WOSU at no cost as a part of the overall production proposal (50 episodes at \$93,716). He is working with PARE on the appropriate documentation relative to the space. Due to Ohio Ethics laws and other university policies, we are not able to provide a contribution or otherwise subsidize the cost for the podcast. Please let me know if you have questions.

Amy

I think it was just an opportunity to finish our discussion, which included whether there were any synergies in expanding your workforce pipeline messages beyond utility linesmen.

As I mentioned, we need lots of skilled workers at The Ohio State University in our operations areas (facilities, transportation, trades, public safety, etc). I'm always looking for hard working talented women and men.

Happy to reschedule until after you and Anthony have discussed a potential framework if that makes more sense.

Glad the two of you are getting connected today.

As Anthony indicated, and as I'm learning, we have significant restrictions on what we can provide to third parties without an agreement. As you continue to evaluate a potential agreement, I would encourage us to talk to Columbus State as well, as I think that may be the partnership needed to help assist in this.

Happy to chat further soon.

Thanks,
Chris

Krisanthe,

Good morning! Great to hear from you and enjoying this great weather. I understand from the team that things are progressing with show concepts and contract finalization, which is very exciting.

The consistent use of space (as of my last conversation with the RE folks) is tied somewhat to having an agreement in place. However, using some space for a few hours today would give you and I a chance to catch up as well as follow up with the team on any questions, if they are available. What time were you thinking for today?

Thank you,

Anthony

Yes, the fraternity keeps us entertained during the day.

I have not yet met David Harrison, so let me see if I can find someone who can connect the three of us.

Thanks,
Chris

Thanks Chris!

I thoroughly enjoyed my trial run yesterday overlooking the fraternity sandlot & your offices! It felt like home!

I have an agreement from Stacia I'm reviewing which includes workspace. My goal is to schedule one day a month to record 2 podcasts each time in the studio. I want to be as efficient as possible with WOSU resources & time.

The plan is to start recording mid June through mid November. We're going to start with episodes highlighting the Gaff n Go Rodeo of 2K audience. Then start featuring the International Lineman's Rodeo of 5K audience in October.

Each will have a ton of content to promote since The Callout is a sponsor and organizer for concerts, awards banquets AND...

the first ever Military & Veteran Workforce Development events at each rodeo!

It's imperative we engage David Harrison at Columbus State as soon as possible. I emailed him a couple weeks ago, but haven't heard back.

Perhaps we could schedule a meeting or lunch for us to kick things off?

When & how do you plan to proceed engaging Columbus State?

How can I help?

Kindest regards,
Krisanthe

Kevin - this might sound crazy but thought I'd check. Harry's really into health, working out

& what the body can do.

Is there a role or area of study which the above is a focus in Air Force?

Kindest regards,
Krisanthe

Good Morning Anthony -

I'm excited to move forward with this project & start recording in July.

When do you think we will have the agreement back to finalize signatures?

When will I have credentials to start leading this mission from my dream come true WOSU workspace?

Kindest regards,
Krisanthe

Krisanthe,

First off, the logo looks great on the car. The only question I have is, did they let you drive it?

I'll be getting the signed contract back to you this week for your signature and execution. I'm waiting on a final piece of information related to how the rental of space should be worded or included. There is a possibility that we may have to do an addendum that specifically calls out space utilization, but I don't see that being an issue.

Laurie, is working on getting the credentials set up. She may be in touch for additional information.

Thank you,

Anthony

Krisantha,

You should expect 1 later today or early tomorrow. We are working with legal to add language to outline the use of cubical space. If we can't get that finalized today, we'll plan to move forward with the agreement as is so you can begin work and add an amendment for the cubicle space. It would be cleaner to keep it together since the use of the space is included in the price, but an amendment would work.

Laurie has started the process for your approvals (access, Wi-Fi, etc.). Could you check your email for any requests for information or confirmations? They may be sending you something as part of the automated process.

Thank you,

Anthony

Good Morning Anthony!

John asked me if July 22 & 23 could work to start recording the podcast. I've sent messages to a variety of folks asking if they're available to fly in to accommodate those dates.

I'd like to work towards ramping up to record twice a month pretty quickly.

The national corps in each episode will also be scheduled to host Veterans workforce development events with NMMH President Bill Butler & myself at the museum for Veterans to remote in, hear about the opportunities then apply live for real jobs open today.

Will we be able to finalize the contract today or tomorrow?

Kindest regards,

Krisantha

Good Morning Anthony -

I'm excited to move forward with this project & start recording in July.

When do you think we will have the agreement back to finalize signatures?

When will I have credentials to start leading this mission from my dream come true WOSU workspace?

Kindest regards,
Krisanthe

Good morning Anthony-

In follow up to your email midday yesterday ...

I haven't received anything additional from anyone or any systems.

Can we please verify if it's all still inbound to wrap our agreement today or if I'm missing something?

Krisanthe,

You should expect it later today or early tomorrow. We are working with legal to add language to outline the use of cubical space. If we can't get that finalized today, we'll plan to move forward with the agreement as is so you can begin work and add an amendment for the cubicle space. It would be cleaner to keep it together since the use of the space is included in the price, but an amendment would work.

Laurie has started the process for your approvals (access, wi-fi, etc.). Could you check your email for any requests for information or confirmations? They may be sending you something as part of the automated process.

Thank you,

Anthony

Good Morning Anthony!

John asked me if July 22 & 23 could work to start recording the podcast. I've sent messages to a variety of folks asking if they're available to fly in to accommodate those dates.

I'd like to work towards ramping up to record twice a month pretty quickly.

The national corps in each episode will also be scheduled to host Veteran workforce development events with NVMM President Bill Butler & myself at the museum for Veterans to remote in , hear about the opportunities then apply live for real jobs open today.

Will we be able to finalize the contract today or tomorrow?

Kindest regards,
Krisanthe

Krisanthe,

First off, the logo looks great on the car. The only question I have is, did they let you drive it?

I'll be getting the signed contract back to you this week for your signature and execution. I'm waiting on a final piece of information related to how the rental of space should be worded or included. There is a possibility that we may have to do an addendum that specifically calls out space utilization, but I don't see that being an issue.

Laurie, is working on getting the credentials set up. She may be in touch for additional information.

Thank you,

Anthony

Thank you for patience with another note on the heels of the email below.

In follow up to our meeting yesterday...

I'd like to make sure it's clear the benefits of the tool (even during development of beta launch) includes - continuous promotion on the podcast, social media marketing & at all our national Veteran workforce development events.

The first Veteran event will occur in October at the International Lineman's Rodeo.

This is a unique package benefit specifically for Ohio State University.

JR & Chris,

Interest in the podcast & the Veteran tool has bubbled from a couple of Florida legislators with

a direct connection to University of Florida. This has all come about due to another collaborative partnership I'm launching with someone in the utility industry anchored in Florida.

I'd appreciate your advice regarding an idea I have for a collaboration between Ohio State University & UF.

A phone call to plan my first visit to Florida in September is scheduled for tomorrow afternoon.

If you happen to find a break, I'm glad to pop over or we can schedule time for a call or in person next week.

Would you be available, separately or together, to discuss for 15-30 minutes?

thank you so very much for your time and support today!

JR - it was a pleasure to finally meet you in person. My workspace is on the 3rd floor of WOSU. We're recording an episode with President Carter cohosting with me next Wednesday at 9:30am. We'll start gathering in the studio for our first in studio group photo of crew, hosts & guests.

Would you like to come over to the studio to join the photo & see how we make podcast magic? :-)

In follow up to our meeting yesterday...

I'd like to make sure it's clear the benefits of the tool (even during development of beta

launch) includes - continuous promotion on the podcast, social media marketing & at all our national Veteran workforce development events.

The first Veteran event will occur in October at the International Lineman's Rodeo.

This is a unique package benefit specifically for Ohio State University.

JR & Chris,

Interest in the podcast & the Veteran tool has bubbled from a couple of Florida legislators with a direct connection to University of Florida. This has all come about due to another collaborative partnership I'm launching with someone in the utility industry anchored in Florida.

I'd appreciate your advice regarding an idea I have for a collaboration between Ohio State University & UF.

A phone call to plan my first visit to Florida in September is scheduled for tomorrow afternoon.

If you happen to find a break, I'm glad to pop over or we can schedule time for a call or in person next week.

Would you be available, separately or together, to discuss for 15-30 minutes?

Grateful U.S. Navy Nuke Mom

CONFIDENTIALITY AND NONDISCLOSURE AGREEMENT

THIS CONFIDENTIALITY AND NONDISCLOSURE AGREEMENT ("Agreement"), effective on the last date signed by a Party (the "Effective Date"), is entered into by and between 8/25/25, Krisanthe Vlachos and Ohio State University and related entities, ("Company"). Krisanthe Vlachos and Company are each referred to herein as a "Party" and collectively as the "**Parties.**"

WHEREAS, in connection with the Parties' desire to engage in discussions about a possible business relationship or transaction relating to Krisanthe Vlachos's security technology (the "SECURITY Technology"), Ms. Vlachos is willing to disclose certain confidential information as she deems appropriate to Company, and Company is willing and agrees to receive such information on a confidential basis in accordance with the terms of this Agreement.

NOW, THEREFORE, the Parties agree as follows:

1. **Confidentiality.** The design, configuration, technical data, component part, operation processes, and specifications relating to the SECURITY Technology, and all tangible representations thereof (including but not limited to U.S. Patent and U.S. Patent Applications and other drawings, photographs, and schematics), (the "Information") is owned by and proprietary to Krisanthe Vlachos and subject to trade secret-and other intellectual property protections. Company agrees that it will (i) safeguard Information with the same degree of care as it exercises with its own confidential information, but no less **than reasonable care; (ii) not reverse engineer, reverse compile, document by any means, or otherwise attempt to derive the . composition or underlying information, structure, or ideas of any Information; (iii) not disclose, including disclosure in any patent** application or to any patent office, any Information to any third party; and (iv) not make any copies of the Information without the prior consent of Krisanthe Vlachos. Company may disclose Information to those representatives, counsel, employees, or agents of Company who (a) have a need to know the Information consistent with this Agreement; (b) have been informed by Company of the confidential nature of the Information and of the confidentiality undertakings of Company contained herein; (c) owe a duty of loyalty and confidentiality to Company and is subject to Company's direction and control and (d) upon reasonable request, agree in writing to be bound by the terms and provisions of this Agreement. Company shall promptly notify Krisanthe Vlachos of any unauthorized release of, access to, or use of Information. In the event that Company is required by judicial or administrative process to disclose Information, Company shall provide Krisanthe Vlachos at least ten (10) calendar days' advance written notice to allow Krisanthe Vlachos to oppose such process or to seek limitations on the portion of the Information that is required to be disclosed.
2. **Limitations.** This Agreement imposes no obligation upon Company with respect to Information that Company can demonstrate through written documentation: (a) was in Company's possession before receipt from Krisanthe Vlachos, and Company so informs Krisanthe Vlachos in a timely manner; (b) is or becomes available to the public through no fault, act or omission of Company; (c) is received in good faith by Company from a third party who is not subject to an obligation of confidentiality; or (d) was independently developed (as demonstrated by contemporaneous written evidence maintained in the ordinary course of business of the Company) without access to or use of such Information.
3. **No Transfer of Rights, Title, or Interest.** Krisanthe Vlachos retains exclusive rights to the Information. Krisanthe Vlachos's disclosure of Information under this Agreement will not constitute an express or implied grant to Company of any license or rights to or under Krisanthe Vlachos's patents, copyrights, trade secrets, trademarks or other intellectual property rights.
4. **Miscellaneous.** Upon the request of Krisanthe Vlachos, Company shall promptly return any Information and delete or destroy all copies, extracts and other objects or items in which it may be contained or embodied. This Agreement is the sole agreement between Company and Krisanthe Vlachos with respect to the subject matter hereof and it supersedes all prior agreements and **understandings with respect thereto, whether oral or written. No amendment, supplement or other modification to any provision of** this Agreement shall be binding unless in writing and signed by both Parties. If any provision of this Agreement is found invalid or unenforceable under any applicable law, such invalidity or unenforceability shall not affect the validity or enforceability of the remaining portions of this Agreement. This Agreement shall be interpreted under the laws of the State of Ohio.

IN WITNESS WHEREOF, the undersigned, intending to be legally bound, have duly executed this Agreement as of the Effective Date. 8/25/25

Subject: FW: Tech Deep Dive | Marketing Plan
Date: Wednesday, August 27, 2025 8:14:26 AM

Clearly not a tech angle, I just simply don't see what an investor will get out of this. I would expect some sort of return either financially or toward some metric we cared about but I am not seeing or hearing that here. More discussion around the tech is not going to help get to the core of that question. Thanks.

Rob

Good Morning Gentlemen

Thank you so much for your time so quickly and great questions yesterday!

I know you still have more questions about the tech, advantages we can afford OSU while leading a national collaboration of founding members and how we'll reach the Veterans.

I have a detailed multifaceted plan for every piece of the tech and marketing for this critical mission.

The game changer of my approach is the technology endorsed by the power of a national network of Veteran influencers with social media following in the millions, their own podcasts, authors, speakers AND...

Many of them transitioned in past 10 years or less bringing the demographic we're targeting.

Can we please find another slot to launch next steps while working thru all the above... along

with Paul to support the tech part?

Grateful U.S. Navy Nuke Mom

Subject: Meeting Request to discuss App Opportunity for Military/Veterans

Dear Norm and Kevin,

I hope that you both are enjoying the start of the fall semester. I am writing to request a meeting with the two of you that would include Chris Kabourek and me.

Recently, we have been connecting with Krisanthe Vlahos (The Callout Podcast) on an opportunity that she has shared with the President and others. I am not sure if you are aware of this from your previous interactions with her but, we would like to ask for some time with you to talk to gain your perspectives on how or if this fits into veterans and military program/strategy at Ohio State.

I am going to ask my team to take the lead to review times for us next week. If we can make it happen, I think it would be great for us to come to Converse Hall, Chris hasn't had a chance to visit your location yet. If timing doesn't allow for us to come to you, we may ask you join us.

Meeting Topic: Veteran/Military Opportunity: Application Development

Duration: 1-hour

Location: In-person / TBD

Please let our team know who we can work with to review your schedules.

Best,

JR

Chris, you have a tag with President Carter on Tuesday. I drafted an agenda for your review. Crystal

1. OSU / Apple
2. Safety and Security
3. Strategic Plan
 - a. Renewal of Academic Core
 - b. Edges and Gateways
 - c. Public Safety
 - d. Deferred Maintenance
 - e. IT
4. Innovation District
5. CHP
6. OTDI
7. University Communications
8. Hotel

9. Downtown Opportunity
10. WOSU Funding
11. Krisanthe Vlahos
12. CFAES / Post and Frame Structures

Chris,

Sharing for your awareness as we navigate next steps with internal partners. Please see below as it shares you are attending the Rodeo which doesn't track with our conversation regarding the Rodeo.

I am not sure what she is asking for in the request either. It seems that this is the total ask for the project we are reviewing. We can follow up with each other next week before or after our meeting Tuesday.

Thank you!

Best,
JR

On Thu, Aug 28, 2025 at 4:16 PM Krisanthe Vlahos <kv@thecalloutpodcast.com> wrote:

Good Afternoon Zach,

I have copied President Carter for meeting coordination purposes.

The app's wireframe is ready to demo. Paul, my software developer who is a retired Marine, will run the demo. After we meet, we can have the beta test buildout and marketing campaign ready in 2-3 weeks.

I believe marketing is about values. In this complicated noisy world, I want to be very clear about what we're doing with this mobile app's mission.

We're honoring great Americans. We're honoring their sacrifices to protect and defend our country. This is what we're about and this is what we will do with this Veteran workforce development tool.

I don't believe we need to spend a fortune on marketing. I believe people with passion can change the world for the better. I am about to work with people like this who have done it - our Veterans.

I have a **national network of Veteran influencers** who are ready and willing to promote this mobile app to their combined millions of social media followers. In order to accomplish the mission of serving those who served us, we need to invest in the future. The future our Veterans defended with their lives.

The brief deck attached provides a high level overview of how Anduril and Ohio State University can join forces to create this future for Veterans powered by AI technology. OSU has been an invaluable support of this mission for our Veterans. Anduril's support would also be greatly appreciated.

The estimated remaining 2025 operations and marketing budget for AI mobile app (\$50K), The Callout Podcast (\$72K) and workforce development events (\$37K) is \$159K.

I'd appreciate it if we could please look at dates in the near future to meet to allow ample time to prepare for the **1st annual drone competition at The International Lineman's**

Rodeo in October in Overland Park, KS.

The Callout Podcast is the sponsor for the drone competition, **OSU drone pilots are competing, President Carter is a judge** and Chris Kabourek (OSU Sr. VP of Administration & Planning) is attending. Utility companies, contractors and supply chain from the United States, Canada, Puerto Rico, UK and more will be competing, as well as have booths for the business expo.

6,000+ industry professionals with their families will attend.

Attached is an NDA which will allow us to share information regarding the AI tech. We could meet in President Carter's office, your office or virtually.

Could we please look at dates to discuss the demo, the budget and **Anduril's participation in the Rodeo with a drone pilot?**

Grateful U.S. Navy Nuke Mom

Chris,

Attached is the executed agreement with Krisanthe for The Callout. She will be receiving her first invoice from WOSU shortly following the completion of her first couple of episodes. The production team and the business office will be tracking payment. I'll let you know if anything comes up.

As I understand it, she has been responsive to making adjustments in response to the team setting boundaries within the context of the contract.

Hope this is helpful.

Thank you,

WOSU public media

The mission of WOSU Public Media is to engage, inform and inspire our diverse community. An NPR and PBS affiliate licensed by The Ohio State University, WOSU is a noncommercial multimedia organization serving over two million citizens in Central Ohio through broadcast, digital, programming, public engagement and education experiences.

This Production Agreement (the "Agreement") is made and entered by and between WOSU Public Media, non-profit organization with its principal place of business located at 1800 North Pearl Street, Columbus, Ohio 43201, and The Callout Podcast, with its principal place of business located at c/o Krisanthe Vlachos, 76 King Avenue, Columbus, OH 43201 ("Client").

NOW THEREFORE, in consideration of the mutual agreements and covenants contained herein, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto hereby agree as follows:

1. Engagement and Term. The Client hereby engages the services of WOSU and accepts such engagement on the terms and conditions set forth herein for a term commencing July 1, 2025 and terminating on June 30, 2026. This agreement may be terminated by either party by giving thirty (30) days written notification to the other party. If expenses are outstanding at the time of termination, the Client will be responsible for payment within 30 days.

2. Duties. WOSU shall provide the following services to Client, as directed by Client:

Project: **The Callout Podcast**

WOSU is responsible for: Providing a multi-camera remote production equipment and crew, recording of the event and LIVE video streaming of the event. Post-production editing of the presentations. Providing the use of a desk/cubicle to be used in conjunction with work related to the Client's podcast.

CLIENT is responsible for:

Client responsible for scheduling guests

Client works with WOSU's TV Production Manager for scheduling studio time

Client responsible for clearing any copywritten material

Client to provide items for the set. (e.g. banners or image for TV monitors)

Graphics to be provided within 5 business days before taping

Client to provide an 8TB Hard Drive to record programs

If Makeup artist is needed, Client will be responsible for payment.

If Closed captions are required, WOSU can assist with this service, but costs covered directly by Client.

Client will pay for guest parking

Deliverables: Within one week after the production, videos to the client.

3. Nature of Services. WOSU agrees to perform diligently and to the best of our talent, skills and expertise, all services which are required to perform under this Agreement and to devote such time thereto as reasonably determined to be necessary and appropriate to fulfill Consultant's obligations under this Agreement. WOSU shall not delegate the performance of any such services to any other person, firm or corporation without the prior written consent of the Client.

4. Compensation. The Client shall pay to WOSU and WOSU agrees to accept as payment in full for all services rendered professional fees of \$1,874.32 per 2-hour studio session. See attached

budget for 50 program series. WOSU is responsible for providing Client with an invoice and supporting expense documentation. Upon invoice receipt, Client is obligated to pay in full within 30 days.

5. No Conflicting Agreements. WOSU warrants and represents that there are no agreements to which it is a party which would prevent the timely and complete performance of the terms and conditions of this Agreement.

6. Indemnification. Client hereby agrees to indemnify, defend and hold harmless WOSU, its officers, trustees, employees and agents, and their respective successors and assigns from and against any and all claims, demands, liabilities, losses, expenses, costs, obligations, recoveries or damages of any nature whatsoever, whether accrued, absolute, contingent or otherwise, arising out of or resulting from or relation to any breach by WOSU of any of the covenants contained in this Agreement, or by any acts or omission of WOSU.

7. Entire Agreement. This Agreement is the full, final and exclusive agreement between the parties, pertaining to the subject matter hereof and expressly supersedes all prior written and oral agreements and understandings between the parties with respect to the subject matter hereof.

8. Waivers; Modification. No provision of this Agreement may be amended or modified or the termination or discharge thereof agreed to or acknowledged orally, but such may be accomplished only by an agreement in writing signed by the party against whom the enforcement of any such waiver, amendment, modification, termination or charge is sought.

9. Severability. The provisions of this Agreement are severable, and in the event that any provision is declared invalid, this Agreement shall be interpreted as if such invalid provision were not contained therein.

INTENDING TO BE LEGALLY BOUND, the parties hereto have executed this Agreement as of the day and year signed.

Subject: DRAFT - FOR Discussion Purposes Only
Date: Friday, October 3, 2025 8:13:29 AM

I clearly heard the tone and tenor of our conversation yesterday – and I do not disagree with the concerns expressed.

However, in the spirit of keeping an open mind, and understanding everyone thinks there is an interesting idea here to address a real problem for our veterans, I tried to think about what a potential structure might look like if we were open to exploring an unorthodox approach.

The verbiage below is purely draft for reaction and feedback. This is not a proposal to move forward, nor am I suggesting at this stage that we need to partner with Krisanthe. It is simply a potential framework

Perhaps the three of us can connect next week to talk it through.

Best,
Chris

VetMentorAI Proof of Concept Pilot Proposal

The Ohio State University — Veterans & Military Initiative

Context & Challenge

- Veterans face complex, frustrating processes when applying for VA benefits. Many eligible individuals never apply or are denied for technical reasons.
 - Traditional university marketing to veterans is expensive and often ineffective. According to the University Professional and Continuing Education Association (UPCEA):
 - The average **cost per inquiry (CPI)** is **~\$140**:
 - The average **cost per enrolled student** is **~\$1,505 for undergraduate programs** (and \$3,804 for graduate):
 - Source: <https://upcea.edu/understanding-cost-per-inquiry-in-higher-education-marketing>
 - OSU has set a bold goal: **enroll 10,000 veteran and veteran-related students**. Achieving this requires unconventional, scalable strategies.
-

Opportunity

- VetMentorAI is developing an **AI-powered assistant** to help veterans navigate VA benefits and appeals.

- Once veterans engage, the app could naturally connect them to educational and career pathways — positioning OSU as a trusted partner in their transition.
 - This could create a new recruitment funnel that is *mission-aligned* and potentially more cost-effective than traditional advertising.
-

Why Now

- VetMentorAI has a conceptual wireframe but needs to finish a working prototype.
 - OSU can engage in a **low-cost, high-upside pilot** by structuring this as a **service contract**, not a capital investment.
 - OSU funding **will be covered with private funds the President has raised specifically for veteran initiatives — no state or tuition dollars will be used.**
 - If the tool yields even 100 additional inquiries or 10 incremental enrollments, the pilot pays for itself when measured against UPCEA’s benchmarked marketing costs.
-

Strategic Alignment

- **Mission:** Advances OSU’s commitment to serving veterans.
 - **Differentiation:** Puts OSU at the forefront of veteran engagement innovation.
 - **Innovation:** Signals OSU’s willingness to test cutting-edge AI strategies responsibly.
-

Pilot Safeguards

- Milestone-based payments tied to deliverables.
 - Clear metrics (inquiries, leads, enrollments, user satisfaction).
 - OSU retains rights to all veteran engagement data.
 - If pilot underperforms, OSU can exit with minimal loss.
 - If successful, OSU can scale regionally or nationally and negotiate enhanced licensing.
-

Decision

- Approve a \$20,000 pilot contract under Procurement for a 9-month prototype test.
 - Funds drawn **entirely from private donations designated for veteran programs.**
 - Establish a cross-functional oversight team (Veterans Services, Admissions, IT, Legal).
 - Review after pilot term to determine: **Scale, Pivot, or Exit.**
-

=====
=====

Pilot Services Agreement (Draft Skeleton)

Between The Ohio State University (“OSU”) and VetMentorAI (“Vendor”)

Effective Date: [Insert]

Term: 9 months (or until deliverables completed)

Recitals / Background

- OSU has established a strategic goal of enrolling **10,000 veteran and veteran-related students**.
 - Traditional university recruitment and marketing costs for this population are significant. According to benchmarking published by the University Professional and Continuing Education Association (UPCEA), the **average cost per inquiry is approximately \$140**, and the **average cost per enrolled undergraduate student is approximately \$1,500**.
 - VetMentorAI is developing an AI-powered tool to assist veterans in navigating VA benefits. Once veterans are engaged through the tool, they may be directed toward educational opportunities, including programs at OSU.
 - OSU and Vendor therefore wish to enter into this Pilot Services Agreement to test whether this innovative tool can provide a more cost-effective and mission-aligned channel for engaging and enrolling veterans.
-

1. Scope of Services

Vendor will:

- Finalize and deliver a functioning prototype of the VetMentorAI application.
- Pilot the tool with a veteran population in Ohio.
- Deliver qualified veteran leads into OSU's CRM/admissions pipeline.
- Provide reporting on user engagement, leads, and conversion outcomes.
- Maintain compliance with OSU data security and privacy protocols.

OSU will:

- Provide access to Veterans Services staff and relevant campus resources.
 - Review and approve deliverables tied to milestones.
 - Fund the pilot exclusively from **private donations raised for veteran initiatives (no state or tuition funds)**.
-

2. Deliverables & Payment (Shared-Risk Schedule)

Total Pilot Fee: **\$20,000**, to be paid from private funds designated for veteran initiatives.

Milestone	Deliverable	Payment
Milestone 1	Contract execution; vendor begins prototype development	\$5,000 upfront
Milestone 2	Delivery of functioning prototype (per agreed specs)	\$5,000
Milestone 3	Pilot launch with ≥50 engaged veteran users; delivery of preliminary analytics	\$7,500
Milestone	Final pilot report with metrics, conversion data, and	\$2,500

3. Intellectual Property

- Vendor retains ownership of pre-existing IP (algorithms, models, code).
 - OSU receives a **non-exclusive, perpetual, royalty-free license** for internal use.
 - OSU owns all data generated from veteran interactions.
 - OSU holds a **right of first negotiation** for expanded licensing or exclusivity.
-

4. Data Security & Compliance

- Vendor must comply with OSU cybersecurity standards, FERPA, and VA benefit confidentiality rules.
 - All veteran PII stored or transmitted must be encrypted.
 - OSU is the data steward; Vendor is the data processor.
-

5. Termination

- OSU may terminate for convenience with 30 days' notice.
 - OSU may terminate immediately for cause (e.g., data breach, non-performance).
 - Upon termination, OSU retains rights to all data and licenses granted.
-

6. Reporting & Oversight

- Vendor will provide monthly reports (user counts, engagement, leads, conversion data).
 - Final report due within 30 days of pilot conclusion.
-

7. Liability & Indemnification

- Vendor warrants services will not infringe third-party IP.
 - Vendor indemnifies OSU against IP claims and data breaches.
 - Liability capped at contract value, except for confidentiality/data breaches.
-

8. Publicity

- Any public announcements require mutual consent.
 - OSU branding may only be used with written approval.
-

9. Miscellaneous

- Governing law: State of Ohio.
- Standard clauses: Force majeure, assignment, amendment, entire agreement.

Chris,

Thank you for sharing the concept with me for review. I am not sure whether we want to use this as a framework for discussion or simply share with the team as you prepared below but trust your recommendation/thoughts on that. Regardless, I remain concerned of the viability of the app's development and potential functionality along with what the true cost of creation may be. I think things like this can be a much more expensive endeavor than they seem and we could find that funding needs could continue to an issue; Lowden may be able to help us think through that.

In any case, we should recognize that we will need to request a formal proposal from Kisanthe once we have determined if there is interest. Once we have something from her and if the OAA team decides to move forward, then we can request OLA and B&F start to review the proposal. We will want to have documentation around our process since we aren't engaging in an RFP, realizing the initial cost is potentially not in that threshold, however if expenses stack then we do meet that requirement we should have that back up documentation. Those teams will undergo a thorough review and help to navigate the process of any requirements.

Let me know how you want to move forward with next steps and if we should schedule a follow up engagement with Trevor and the group or just Trevor and Ann who are (project) leading the Military|Veteran initiative for OAA with other team members as part of the Education for Citizenship strategic plan.

Finally, if we reach an agreement, we will need to ensure that Kisanthe understands her boundaries and rules of engagement both on campus and in the community as it relates to her relationship with OSU and what her role is. I know I am stating the obvious based on our discussions, but this will be important to figure out if we move forward to create this partnership.

Let me know your thoughts on next steps.

Best,
JR

I clearly heard the tone and tenor of our conversation yesterday – and I do not disagree with the concerns expressed.

However, in the spirit of keeping an open mind, and understanding everyone thinks there is an interesting idea here to address a real problem for our veterans, I tried to think about what a potential structure might look like if we were open to exploring an unorthodox approach.

The verbiage below is purely draft for reaction and feedback. This is not a proposal to move forward, it is simply a potential framework

Best,
Chris

VetMentorAI Proof of Concept Pilot Proposal

The Ohio State University — Veterans & Military Initiative

Context & Challenge

- Veterans face complex, frustrating processes when applying for VA benefits. Many eligible individuals never apply or are denied for technical reasons.
 - Traditional university marketing to veterans is expensive and often ineffective. According to the University Professional and Continuing Education Association (UPCEA):
 - The average **cost per inquiry (CPI)** is **~\$140**:
 - The average **cost per enrolled student** is **~\$1,505 for undergraduate programs** (and \$3,804 for graduate):
 - Source: <https://upcea.edu/understanding-cost-per-inquiry-in-higher-education-marketing>
 - OSU has set a bold goal: **enroll 10,000 veteran and veteran-related students**. Achieving this requires unconventional, scalable strategies.
-

Opportunity

- VetMentorAI is developing an **AI-powered assistant** to help veterans navigate VA benefits and appeals.
 - Once veterans engage, the app could naturally connect them to educational and career pathways — positioning OSU as a trusted partner in their transition.
 - This could create a new recruitment funnel that is *mission-aligned* and potentially more cost-effective than traditional advertising.
-

Why Now

- VetMentorAI has a conceptual wireframe but needs to finish a working prototype.
 - OSU can engage in a **low-cost, high-upside pilot** by structuring this as a **service contract**, not a capital investment.
 - OSU funding **will be covered with private funds the President has raised specifically for veteran initiatives — no state or tuition dollars will be used**.
 - If the tool yields even 100 additional inquiries or 10 incremental enrollments, the pilot pays for itself when measured against UPCEA's benchmarked marketing costs.
-

Strategic Alignment

- **Mission:** Advances OSU’s commitment to serving veterans.
- **Differentiation:** Puts OSU at the forefront of veteran engagement innovation.
- **Innovation:** Signals OSU’s willingness to test cutting-edge AI strategies responsibly.

Pilot Safeguards

- Milestone-based payments tied to deliverables.
- Clear metrics (inquiries, leads, enrollments, user satisfaction).
- OSU retains rights to all veteran engagement data.
- If pilot underperforms, OSU can exit with minimal loss.
- If successful, OSU can scale regionally or nationally and negotiate enhanced licensing.

Decision

- Approve a \$20,000 pilot contract under Procurement for a 9-month prototype test.
- Funds drawn **entirely from private donations designated for veteran programs.**
- Establish a cross-functional oversight team (Veterans Services, Admissions, IT, Legal).
- Review after pilot term to determine: **Scale, Pivot, or Exit.**

Pilot Services Agreement (Draft Skeleton)

Between The Ohio State University (“OSU”) and VetMentorAI (“Vendor”)

Effective Date: [Insert]

Term: 9 months (or until deliverables completed)

Recitals / Background

- OSU has established a strategic goal of enrolling **10,000 veteran and veteran-related students.**
- Traditional university recruitment and marketing costs for this population are significant. According to benchmarking published by the University Professional and Continuing Education Association (UPCEA), the **average cost per inquiry is approximately \$140**, and the **average cost per enrolled undergraduate student is approximately \$1,500.**
- VetMentorAI is developing an AI-powered tool to assist veterans in navigating VA benefits. Once veterans are engaged through the tool, they may be directed toward educational opportunities, including programs at OSU.
- OSU and Vendor therefore wish to enter into this Pilot Services Agreement to test whether this innovative tool can provide a more cost-effective and mission-aligned channel for engaging and enrolling veterans.

1. Scope of Services

Vendor will:

- Finalize and deliver a functioning prototype of the VetMentorAI application.
- Pilot the tool with a veteran and veteran-related population in Ohio.
- Deliver qualified veteran leads into OSU’s CRM/admissions pipeline.
- Provide reporting on user engagement, leads, and conversion outcomes.
- Maintain compliance with OSU data security and privacy protocols.

OSU will:

- Provide access to Veterans Services staff.
- Review and approve deliverables tied to milestones.
- Fund the pilot exclusively from **private donations raised for veteran initiatives (no state or tuition funds).**

2. Deliverables & Payment (Shared-Risk Schedule)

Total Pilot Fee: **\$20,000**, to be paid from private funds designated for veteran initiatives.

Milestone Deliverable

Payment

Milestone 1 Contract execution; vendor begins prototype development	\$5,000 upfront
Milestone 2 Delivery of functioning prototype (per agreed specs)	\$5,000
Milestone 3 Pilot launch with ≥50 engaged veteran users; delivery of preliminary analytics	\$7,500
Milestone 4 Final pilot report with metrics, conversion data, and recommendations	\$2,500

3. Intellectual Property

- Vendor retains ownership of pre-existing IP (algorithms, models, code).
 - OSU receives a **non-exclusive, perpetual, royalty-free license** for internal use.
 - OSU owns all data generated from veteran interactions.
 - OSU holds a **right of first negotiation** for expanded licensing or exclusivity.
-

4. Data Security & Compliance

- Vendor must comply with OSU cybersecurity standards, FERPA, and VA benefit confidentiality rules.
 - All veteran PII stored or transmitted must be encrypted.
 - OSU is the data steward; Vendor is the data processor.
-

5. Termination

- OSU may terminate for convenience with 30 days' notice.
 - OSU may terminate immediately for cause (e.g., data breach, non-performance).
 - Upon termination, OSU retains rights to all data and licenses granted.
-

6. Reporting & Oversight

- Vendor will provide monthly reports (user counts, engagement, leads, conversion data).
 - Final report due within 30 days of pilot conclusion.
-

7. Liability & Indemnification

- Vendor warrants services will not infringe third-party IP.
 - Vendor indemnifies OSU against IP claims and data breaches.
 - Liability capped at contract value, except for confidentiality/data breaches.
-

8. Publicity

- Any public announcements require mutual consent.
 - OSU branding may only be used with written approval.
 - Vendor shall not, directly or indirectly, state or imply that The Ohio State University – or any employee - endorses Vendor, the pilot, or any related product or service.
-

9. Miscellaneous

- Governing law: State of Ohio.
- Standard clauses: Force majeure, assignment, amendment, entire agreement.

Crystal,

Can you please find a 60-minute block for us to meet with Krisanthe's team for a demo of their VetMentor AI app? Ideally, we'll have most folks in person, but we can accommodate virtual if needed.

Attendees:

- JR Blackburn
- Trevor Brown
- Rob Lowden
- Chris Kabourek
- Krisanthe Vlahos and team

Thank you,
Chris

Good Afternoon JP,

I hope your week has gone well!

I'm truly looking forward to the honor of you cohosting The Callout Podcast at WOSU Dec.10 to officially launch our partnership

I'm beyond proud to lead together with JobsOhio, the State of Ohio & Ohio State University.....a national AI Transition, Education & Workforce Development tool for our Military & Veterans.

Per General Harris's request following our meeting this morning with President Carter, I'm sending this communication to request your help for an in person meeting.

The purpose of the meeting is to perform a demo of our **fully customizable & white label capable AI Veteran Transition Tool**, as well as review the attached business use case analysis of this technology reflecting the economic impact for the state of Ohio.

Executive Summary:

[REDACTED]

[REDACTED]

Copied in this email is

Good Afternoon JP,

I hope your week has gone well!

I'm truly looking forward to the honor of you cohosting The Callout Podcast at WOSU Dec.10 to officially launch our partnership

I'm beyond proud to lead together with JobsOhio, the State of Ohio & Ohio State University.....a national AI Transition, Education & Workforce Development tool for our Military & Veterans.

Per General Harris's request following our meeting this morning with President Carter, I'm sending this communication to request your help for an in person meeting.

The purpose of the meeting is to perform a demo of our **fully customizable & white label capable AI Veteran Transition Tool**, as well as review the attached business use case analysis of this technology reflecting the economic impact for the state of Ohio.

Executive Summary:

Copied in this email is

Chris Kabourek-OSU SVP Administration & Planning

Rob Lowden - OSU VP & CIO

Paul Hystenksi - Founder & Developer VetMentorAI

Matt Poch - VetMentorAI Govt AI Counsel & IP SME

Would it be possible to look at calendars to find a day to meet at JobsOhio Headquarters after Thanksgiving for an hour?

Good Morning Alyssa -

Hope you had a wonderful Thanksgiving!

I communicated with Maria this morning who said General Harris is confirmed for next Wednesday 12-1pmEST at JobsOhio headquarters.

Paul, Matt & I are confirmed too.

Are Chris Kabourek & Rob Lowden confirmed for OSU?

Will the calendar event invite come from JobsOhio?

Good Afternoon JP,
I hope your week has gone well!

I'm truly looking forward to the honor of you cohosting The Callout Podcast at WOSU Dec.10 to officially launch our partnership

I'm beyond proud to lead together with JobsOhio, the State of Ohio & Ohio State University.....a national AI Transition, Education & Workforce Development tool for our Military & Veterans.

Per General Harris's request following our meeting this morning with President Carter, I'm sending this communication to request your help for an in person meeting.

The purpose of the meeting is to perform a demo of our **fully customizable & white label capable AI Veteran Transition Tool**, as well as review the attached business use case analysis of this technology reflecting the economic impact for the state of Ohio.

Executive Summary:

[Redacted]

Copied in this email is

Chris Kabourek-OSU SVP Administration & Planning

Rob Lowden - OSU VP & CIO

Paul Hystenksi - Founder & Developer VetMentorAI

Matt Poch - VetMentorAI Govt AI Counsel & IP SME

Would it be possible to look at calendars to find a day to meet at JobsOhio Headquarters after Thanksgiving for an hour?

Thank you Rob.

Chris & Rob - next Wednesday's meeting at JobsOhio is a critical one. Your presence is requested to be part of history, not just another typical meeting.

This meeting has been positioned as THE formal launch of my app - VetEarnUSA. This launch will be led from Ohio to change Veterans lives at a national level.

We will review the national marketing plan of the VetEarnUSA Workforce Development Program then roll into the app demo.

It's equally important you be present to participate in the demo with my developer in the room- Paul Hylenski & his advisor Matt Poch. Both are Veterans.

Your participation in this VWD program & AI technology is essential to the success of all transitioning Military & Veterans in our nation.

When do you think you'll know if you're traveling next Wednesday?

Good morning Crystal-

It seems we have a variety of conflicts on 12/10. Can we please cancel it with the intention to reschedule at some point?

Grateful U.S. Navy Nuke Mom

Krisanthe,

I will be in the air during the entire meeting and should have commercial air WiFi but nothing of a caliber enough for even video conference capability. Apologies.

Rob

Rob -

I had a thought.

I could have JobsOhio send you a meeting link to have as an option. If even a slight chance, your experience as a Veteran & IT SME would be invaluable for everyone in the room.

Do you think there's a possibility you could join next Wednesday's meeting remotely?

Grateful U.S. Navy Nuke Mom

Thank you Rob.

Chris & Rob - next Wednesday's meeting at JobsOhio is a critical one. Your presence is requested to be part of history, not just another typical meeting.

This meeting has been positioned as THE formal launch of my app - VetEarnUSA. This launch will be led from Ohio to change Veterans lives at a national level.

We will review the national marketing plan of the VetEarnUSA Workforce Development Program then roll into the app demo.

It's equally important you be present to participate in the demo with my developer in the room- Paul Hylenski & his advisor Matt Poch. Both are Veterans.

Your participation in this VWD program & AI technology is essential to the success of all transitioning Military & Veterans in our nation.

When do you think you'll know if you're traveling next Wednesday?

Good Afternoon JP,

I hope your week has gone well!

I'm truly looking forward to the honor of you cohosting The Callout Podcast at
WOSU Dec.10 to officially launch our partnership

I'm beyond proud to lead together with JobsOhio, the State of Ohio & Ohio State
University.....a national AI Transition, Education & Workforce Development tool
for our Military & Veterans.

Per General Harris's request following our meeting this morning with President
Carter, I'm sending this communication to request your help for an in person
meeting.

The purpose of the meeting is to perform a demo of our **fully customizable &
white label capable AI Veteran Transition Tool**, as well as review the attached
business use case analysis of this technology reflecting the economic impact for the
state of Ohio.

Executive Summary:

[REDACTED]

Copied in this email is

Chris Kabourek-OSU SVP Administration & Planning

Rob Lowden - OSU VP & CIO

Paul Hystenksi - Founder & Developer VetMentorAI

Matt Poch - VetMentorAI Govt AI Counsel & IP SME

Would it be possible to look at calendars to find a day to meet at JobsOhio Headquarters after Thanksgiving for an hour?

Subject: Information

Chris,

So sorry to bother you with this but wanted to share incase you heard about it.

Krisanthe requested the use of our loading dock area for parking for her guests for today's shows. I understand that some of her guests are high profile, but this space is typically maintained for loading / unloading, production teams, and service partners (catering, production, etc.). As such, we try to limit the amount of active parking in the space.

She worked the request through the team and was provided a response that, in part, outlines our policy - below

We have had a lot of WOSU and non-WOSU dock traffic conflict recently, so we (myself and rental clients included) need to get back to the standard of it only being used for vendors, deliveries, and WOSU production needs.

“Our policy is not to allow passenger vehicles to stay parked in the dock as we need to maintain easement for service and delivery vehicles. Your guests can be dropped off in the dock or at the 14th and Pearl stop sign at the North doors and then park in the garages across High St. or find street parking. Attached is helpful info on where to park.”

For your context, we ask our own aged donors to park in the garage and make the walk in inclement weather...guests can be dropped off in the dock, but we can't permit vehicles to stay parked. President Carter is dropped off regularly when he is a guest on *All Sides*, so Scott knows the drill.

She followed up with a call to me, and I shared similar comments with her.

Again, sorry to bother you with this.

Thank you,

Anthony Padgett

Dear Krisanthe, Rob, and Shereen,

I would like to introduce the three of you.

Krisanthe and Rob have previously discussed creating a platform to better attract and serve Veterans in their search for education and workforce opportunities. Shereen, in your role as the Director of the Center for Software Innovation, I am hoping Rob can coordinate a meeting for the three of you to discuss future possibilities.

My goal is to explore how we can work together to make our priority of being the most Veteran-friendly university in the U.S. a reality.

Stay well and safe everyone,

Ted Carter
