Thank you President Carter for bringing us together!

Rob - thank you for your responsiveness & Jenna's support to organize.

I'm flexible to join remotely faster than in person. Remotely, I'll do my best to accommodate when the group's schedules overlap.

My first in person availability is 2/4-2/7.

I'm eager to talk with the group sooner than later.

Grateful U.S. Navy Nuke Mom  
~ Krisanthe

Dear Krisanthe, Rob, and Shereen,

I would like to introduce the three of you.

Krisanthe and Rob have previously discussed creating a platform to better attract and serve Veterans in their search for education and workforce opportunities. Shereen, in your role as the Director of the Center for Software Innovation, I am hoping Rob can coordinate a meeting for the three of you to discuss future possibilities.

My goal is to explore how we can work together to make our priority of being the most Veteran-friendly university in the U.S. a reality.

Stay well and safe everyone,

Ted Carter

Good morning, Shereen –

Thank you! We'll plan to hold the meeting in person at Mount Hall; I'll offer the 02/04 options to Krisanthe, momentarily.

Lynne Sanbe from OTDI will also join the conversation.

Take good care,  
Jenna

Hi Shereen,

I hope you are doing well.

Provided Krisanthe's availability, Rob can be available **02/04 8:30am-9:30am or 10:30am-2pm** for a virtual or in-person meeting (if needed, I can offer 2pm-3:30pm). Your schedule appears open during that time; is there an option that works best for you?

Rob will be out of the office 02/05-02/09; I can offer the below options for a virtual meeting, if necessary.

- Tuesday, 02/10 9am-1pm, 1:30pm-5pm
- Wednesday, 02/11 9am-5pm
- Thursday, 02/12 9am-3pm, 3:30pm-4:30pm

Take good care,  
Jenna

Hello,

Please join Rob Lowden on Wednesday, 02/04 at 10:30am in Mount Hall for conversation around collaboration opportunities to advance Ohio State's Veteran-focused initiatives.

Directions and parking information is attached. Upon arrival, please proceed to the reception area and a colleague will greet and escort you to Rob's office, located on the 2nd floor of Mount Hall. For questions, please contact Jenna Price ([price.1323@osu.edu](mailto:price.1323@osu.edu) <<mailto:price.1323@osu.edu>> ).

#### Participants

- \* Krisanthe Vlachos
- \* Shereen Agrawal <<https://software.osu.edu/user-profile/shereen-agrawal>>
- \* Rob Lowden <<https://it.osu.edu/user-profile/rob-lowden>>
- \* Lynne Sanbe <<https://it.osu.edu/user-profile/lynne-sanbe>>

## Welcome to Mount Hall!

📍 [1050 Carmack Road, Columbus, OH 43210](https://www.ohio.edu/campus-parc/1050-Carmack-Road-Columbus-OH-43210)

### Parking

Visitor parking is available directly in front of Mount Hall and nearby surface lots, for a fee. Use any non-restricted A, B, C, or visitor space with your license plate facing outward. Payment can be made via Pay-by-Plate kiosks or the [ParkMobile app](#). To pay at a kiosk, enter your license plate, choose your payment method, and confirm all details carefully.

For parking maps and more information, visit the [CampusParc website](#).

### Arrival

Upon arrival, please proceed to the first-floor reception desk via the stairs or elevator for assistance.

Thank you President Carter for bringing us together!

Rob - thank you for your responsiveness & Jenna's support to organize.

I'm flexible to join remotely faster than in person. Remotely, I'll do my best to accommodate when the group's schedules overlap.

My first in person availability is 2/4-2/7.

I'm eager to talk with the group sooner than later.

Grateful U.S. Navy Nuke Mom

Dear Krisanthe, Rob, and Shereen,

I would like to introduce the three of you.

Krisanthe and Rob have previously discussed creating a platform to better attract and serve Veterans in their search for education and workforce opportunities. Shereen, in your role as the Director of the Center for Software Innovation, I am hoping Rob can coordinate a meeting for the three of you to discuss future possibilities.

My goal is to explore how we can work together to make our priority of being the most Veteran-friendly university in the U.S. a reality.

Stay well and safe everyone,

Ted Carter

Hello,

Please join Rob Lowden on Wednesday, 02/04 at 10:30am for conversation around collaboration opportunities to advance Ohio State's Veteran-focused initiatives.

Directions and parking information is attached. Upon arrival, please proceed to the reception area and the conference room is in lobby. Please note that Rob will be joining virtually.

For questions, please contact Jenna Price ([price.1323@osu.edu](mailto:price.1323@osu.edu) <<mailto:price.1323@osu.edu>> ).

## Welcome to Mount Hall!

📍 [1050 Carmack Road, Columbus, OH 43210](https://www.ohio.edu/campus-parc/1050-Carmack-Road-Columbus-OH-43210)

### Parking

Visitor parking is available directly in front of Mount Hall and nearby surface lots, for a fee. Use any non-restricted A, B, C, or visitor space with your license plate facing outward. Payment can be made via Pay-by-Plate kiosks or the [ParkMobile app](#). To pay at a kiosk, enter your license plate, choose your payment method, and confirm all details carefully.

For parking maps and more information, visit the [CampusParc website](#).

### Arrival

Upon arrival, please proceed to the first-floor reception desk via the stairs or elevator for assistance.

In addition to my previous email below -

I wanted to mention I have secured the URLs, incorporated in Ohio, have presentation/marketing collateral started for my app - VetEarnUSA.

It's the word "Veteran" with 2 letters transposed creating another term. A play on the multifunctional utilization of our great nation's most versatile and valuable asset - our Veterans!

The VetEarnUSA logo is a challenge coin.

The VetEarnUSA app is where our 1% will find their customized paths to stability and growth, a like minded community and high paying meaningful careers.

The VetEarnUSA app serves 2 immediate critical purposes powered by AI technology in the palm of their hands 24/7.

The first is a community where active Military and Veterans connect with each other and earn "challenge coins".

These coins earn rewards through app activities such referrals, resume creation, skills testing, completing courses/degrees/certs, job applications and countless other functions. The challenge coins are sponsored by the commercial side of the membership.

The second is "mapping" the path directly to higher ed, training programs and/or immediate career opportunities.

Ready to support are active Military/Veterans/Veteran advocate influencers, Veteran orgs, national corps, training schools and states/National Guard units. They're waiting in the wings to join the beta test and promote the app.

Thank you again for all your support!

Grateful U.S. Navy Nuke Mom

Good morning Shereen, Lynne & Rob -

Thank you again for your time, enthusiasm and support yesterday! I cannot express enough how much I enjoyed meeting with you!

Shereen and Lynne -

I have an idea I'd like to discuss with you. I mentioned an existing workforce platform which I'd like to stack inside my app. It's already a functioning APP built on Microsoft Azure. My understanding is Microsoft Azure is the most widely used system inside the Pentagon and federal systems for its security.

I know the owners of the app. A few months ago, I had extensive conversations with them about possibly working with me to build out my concept. We never went any further than conversations.

It's also helpful they are working closely with a corp headquartered in Columbus tied directly to national utility industry workforces. They're in my targeted workforce space and visit Columbus frequently.

In an effort to expedite creating my MVP...

\* Would you be open to discussing with me how we could utilize their existing platform while building my app with your approach/thoughts from yesterday and still protect my IP?

\* Is it possible to create the MVP with them then use OSU to support scaling quickly?

\* Is it possible to still find the dedicated engineer to be the driver and translator between the existing platform developers and myself?

After you ladies and me discuss all the above...

I'd like to consider pulling together a meeting of my relationships who are ready and willing to support funding and/or socialization of all the above to introduce you to them.

We would lead with an Ohio think tank joint forces collaboration. While you may feel there are additional OSU stakeholders who should be involved as we go, I believe it's important you ladies & Rob be a part of the initial conversation with the CEOs/leadership of these orgs.

The organizations I would include in the meeting are as follows-

Funding:  
JobsOhio - JP Nauseef

The Ohio Fund - Mark Kvamme  
Easy Day - Landon Gyulay

Socialization:

Ohio National Guard - General Woodruff

Ohio Department of Veteran Services-General John Harris

SVA - Cory Boatwright

Anduril - Zach Mears

AEP - Bill Fehrman

Would you be available for a follow up meeting next week to discuss next steps?

Hi Shereen and Lynne :-)

I'd like to schedule a call to introduce you to the software folks who have the existing platform and app. I'd appreciate your feedback and gut feel for their capabilities, as well as personalities. Your expertise is important in who I select for a developer, as well as the lead managing project engineer.

I have funding, marketing and partnerships ready to go. As we discussed, I need an MVP to engage all the pieces.

Would you be open to me moving forward with scheduling a call for all of us?

Would you prefer I go about next steps differently?

Hi Krisanthe,

Hope you're having a great weekend! My apologies for the delayed response. Are you by chance free sometime between 12-3 tomorrow for a 5 min call? Thanks!

Shereen

Hi Shereen and Lynne :-)

I'd like to schedule a call to introduce you to the software folks who have the existing platform and app. I'd appreciate your feedback and gut feel for their capabilities, as well as personalities. Your expertise is important in who I select for a developer, as well as the lead managing project engineer.

I have funding, marketing and partnerships ready to go. As we discussed, I need an MVP to engage all the pieces.

Would you be open to me moving forward with scheduling a call for all of us?

Would you prefer I go about next steps differently?

Grateful U.S. Navy Nuke Mom

Subject: Re: Veteran Workforce app - Thank you

To: Agrawal, Shereen <[agrawal.313@osu.edu](mailto:agrawal.313@osu.edu)>, <[sambe.1@osu.edu](mailto:sambe.1@osu.edu)>

Cc: Rob Lowden <[Lowden.1@osu.edu](mailto:Lowden.1@osu.edu)>

In addition to my previous email below -

I wanted to mention I have secured the URLs, incorporated in Ohio, have presentation/marketing collateral started for my app - VetEarnUSA.

It's the word "Veteran" with 2 letters transposed creating another term. A play on the multifunctional utilization of our great nation's most versatile and valuable asset - our Veterans!

The VetEarnUSA logo is a challenge coin.

The VetEarnUSA app is where our 1% will find their customized paths to stability and growth, a like minded community and high paying meaningful careers.

The VetEarnUSA app serves 2 immediate critical purposes powered by AI technology in the palm of their hands 24/7.

The first is a community where active Military and Veterans connect with each other and earn "challenge coins".

These coins earn rewards through app activities such referrals, resume creation, skills testing, completing courses/degrees/certs, job applications and countless other functions. The challenge coins are sponsored by the commercial side of the membership.

The second is "mapping" the path directly to higher ed, training programs and/or immediate career opportunities.

Ready to support are active Military/Veterans/Veteran advocate influencers, Veteran orgs, national corps, training schools and states/National Guard units. They're waiting in the wings to join the beta test and promote the app.

Thank you again for all your support!

Grateful U.S. Navy Nuke Mom

Good morning Shereen, Lynne & Rob -

Thank you again for your time, enthusiasm and support yesterday! I cannot express enough how much I enjoyed meeting with you!

Shereen and Lynne -

I have an idea I'd like to discuss with you. I mentioned an existing workforce platform which I'd like to stack inside my app. It's already a functioning APP built on Microsoft Azure. My understanding is Microsoft Azure is the most widely used system inside the Pentagon and federal systems for its security.

I know the owners of the app. A few months ago, I had extensive conversations with them about possibly working with me to build out my concept. We never went any further than conversations.

It's also helpful they are working closely with a corp headquartered in Columbus tied directly to national utility industry workforces. They're in my targeted workforce space and visit Columbus frequently.

In an effort to expedite creating my MVP...

\* Would you be open to discussing with me how we could utilize their existing platform while building my app with your approach/thoughts from yesterday and still protect my IP?

\* Is it possible to create the MVP with them then use OSU to support scaling quickly?

\* Is it possible to still find the dedicated engineer to be the driver and translator between the existing platform developers and myself?

After you ladies and me discuss all the above...

I'd like to consider pulling together a meeting of my relationships who are ready and willing to support funding and/or socialization of all the above to introduce you to them.

We would lead with an Ohio think tank joint forces collaboration. While you may feel there are additional OSU stakeholders who should be involved as we go, I believe it's important you ladies & Rob be a part of the initial conversation with the CEOs/leadership of these orgs.

The organizations I would include in the meeting are as follows-

Funding:

JobsOhio - JP Nauseef

The Ohio Fund - Mark Kvamme

Easy Day - Landon Gyulay

Socialization:

Ohio National Guard - General Woodruff

Ohio Department of Veteran Services-General John Harris

SVA - Cory Boatwright

Anduril - Zach Mears

AEP - Bill Fehrman

Hi Shereen - I'm checking in. I didn't want to CC everyone again. I'm only touching base with you unless you ask me to include others.

Are you planning for us to chat by cell today at 2:30pmEST?

Thanks - Krisanthe

Hi Krisanthe,

Hope you're having a great weekend! My apologies for the delayed response. Are you by chance free sometime between 12-3 tomorrow for a 5 min call? Thanks!

Shereen

**Subject:** Fwd: Veteran Workforce app - Thank you

Hi Shereen and Lynne :-)

I'd like to schedule a call to introduce you to the software folks who have the existing platform and app. I'd appreciate your feedback and gut feel for their capabilities, as well as personalities. Your expertise is important in who I select for a developer, as well as the lead managing project engineer.

I have funding, marketing and partnerships ready to go. As we discussed, I need an MVP to engage all the pieces.

Would you be open to me moving forward with scheduling a call for all of us?

Would you prefer I go about next steps differently?

Grateful U.S. Navy Nuke Mom

In addition to my previous email below -

I wanted to mention I have secured the URLs, incorporated in Ohio, have presentation/marketing collateral started for my app - VetEarnUSA.

It's the word "Veteran" with 2 letters transposed creating another term. A play on the multifunctional utilization of our great nation's most versatile and valuable asset - our Veterans!

The VetEarnUSA logo is a challenge coin.

The VetEarnUSA app is where our 1% will find their customized paths to stability and growth, a like minded community and high paying meaningful careers.

The VetEarnUSA app serves 2 immediate critical purposes powered by AI technology in the palm of their hands 24/7.

The first is a community where active Military and Veterans connect with each other

and earn “challenge coins”.

These coins earn rewards through app activities such referrals, resume creation, skills testing, completing courses/degrees/certs, job applications and countless other functions. The challenge coins are sponsored by the commercial side of the membership.

The second is “mapping” the path directly to higher ed, training programs and/or immediate career opportunities.

Ready to support are active Military/Veterans/Veteran advocate influencers, Veteran orgs, national corps, training schools and states/National Guard units. They’re waiting in the wings to join the beta test and promote the app.

Thank you again for all your support!

Grateful U.S. Navy Nuke Mom

Good morning Shereen, Lynne & Rob -

Thank you again for your time, enthusiasm and support yesterday! I cannot express enough how much I enjoyed meeting with you!

Shereen and Lynne -

I have an idea I’d like to discuss with you. I mentioned an existing workforce platform which I’d like to stack inside my app. It’s already a functioning APP built on Microsoft Azure. My understanding is Microsoft Azure is the most widely used system inside the Pentagon and federal systems for its security.

I know the owners of the app. A few months ago, I had extensive conversations with them about possibly working with me to build out my concept. We never went any further than conversations.

It’s also helpful they are working closely with a corp headquartered in Columbus tied directly to national utility industry workforces. They’re in my targeted workforce space and visit Columbus frequently.

In an effort to expedite creating my MVP...

\* Would you be open to discussing with me how we could utilize their existing

platform while building my app with your approach/thoughts from yesterday and still protect my IP?

\* Is it possible to create the MVP with them then use OSU to support scaling quickly?

\* Is it possible to still find the dedicated engineer to be the driver and translator between the existing platform developers and myself?

After you ladies and me discuss all the above...

I'd like to consider pulling together a meeting of my relationships who are ready and willing to support funding and/or socialization of all the above to introduce you to them.

We would lead with an Ohio think tank joint forces collaboration. While you may feel there are additional OSU stakeholders who should be involved as we go, I believe it's important you ladies & Rob be a part of the initial conversation with the CEOs/leadership of these orgs.

The organizations I would include in the meeting are as follows-

Funding:

JobsOhio - JP Nauseef

The Ohio Fund - Mark Kvamme

Easy Day - Landon Gyulay

Socialization:

Ohio National Guard - General Woodruff

Ohio Department of Veteran Services-General John Harris

SVA - Cory Boatwright

Anduril - Zach Mears

AEP - Bill Fehrman

Would you be available for a follow up meeting next week to discuss next steps?

Grateful U.S. Navy Nuke Mom
