Here's the contact info. I told Krisanthe you'd email or text (she prefers text) to set up a meeting tomorrow, that we could do max 2 or 3 speakers and a single camera, and that it might be best to do it in our studio. She's thrilled.

Once you meet with her, let me and Mark Cooper (email below) know what you and Krisanthe are proposing. At last check, NVMM didn't know she wanted to record there next week, so we need to keep them in the loop.

Tnx

Krisanthe Vlahos

Hi Krisanthe,

Nice chatting with you over the phone. Tomorrow, you can park in the [Ohio Union South Garage](#) which is just south of University Square where our [studio](#) is located.  
Map attached.

There are two buildings that look alike on the corner of 15<sup>th</sup> and High St. The one closest to your parking is our building, the South one. Sometimes we call it the “Smashburger” building because Smashburger is right on the corner and is part of our building.

I will be in the lobby.

Thanks,  
Joe

Thank you for the quote, Alex.

I am copying Krikanthe who will be taking care of the charges. Is it possible to pick up the equipment at 1:00p tomorrow or do we need to wait until 3p?

Krikanthe – I will send you more detailed information on the setup in a separate email.

Thank you,  
Joe

Hi Joe,

Please review the quote for accuracy, and reply to this email with any questions or changes or reply with 'CONFIRMED' to book the rental.

Your rental quote is listed as "Tentative | Need PW" and the equipment will not be pulled until we get confirmation.

If this is your first time renting with us please complete the "Account Application", "Equipment Terms & Conditions", and "Credit Card Authorization" forms available at

[ohdstudios.com/forms](https://ohdstudios.com/forms)

Pick-ups are available between 3pm and 5pm on the date prior to your reservation, unless otherwise specified.

Returns are due back by 11am on the date of your return.

Pickup Date: 10/22/2024 3:00 PM

Return Date: 10/24/2024 11:00 AM

Please let us know if you have any questions or can assist you further.

Thanks,

Alex Nowak

I'll call him this morning. I was cutting it close to try to be there by 3pm. 1pm I won't be able to do. I'll get all the paperwork & payment handled soon as he opens.

Are you ok to pick up without me?

Alex sent me the quote with the revised pickup time of 1:00p tomorrow. Can you work with him on the forms you need to sign? He may have to send you a new quote with your name and billing information.

NOTE: He did not add sales tax because the university is state-funded. I'm not sure if NVMM is paying and how that works, but he may need to add tax back into the quote.

Thanks!  
Joe

Hi Jack,

Thanks for the link. I am uploading a few other videos for another project I shot this weekend to another drive and will get to yours next.

I see that you have used almost 10GB out of your 15GB available. The files I will be sending you are 116GB. I can compress the footage – color grading should still be decent but they will not be the original MXF wrappers.

Let me know if you want these uploaded to a OneDrive Teams folder. I can send the link to you that way, but it will take some time to upload. Otherwise, I can see if I can make these files smaller.

Thanks,  
Joe

On Thu, Oct 24, 2024 at 5:01 PM Camoriano, Joe <[camoriano.1@osu.edu](mailto:camoriano.1@osu.edu)> wrote:

Hi Jack,

I just finished mixing down the audio for Sessions 1 and 2. We can discuss tomorrow afternoon by phone if that works for you.

We shot two 40-minute (roughly) segments with three separate guests in each session. We used three cameras and had the microphones running as follows:

CAM 1 – wide shot of all 4 (Krisanthe’s microphone on Ch. 1)

CAM 2 – two shot of guests camera right

CAM 3 – two shot of guests camera left (includes Krisanthe)

All of the guests’ microphones were mixed into CAM 1 on Ch. 2.

I also recorded a WAV file separate from each Session that is somewhat mixed.

CAM 2 and CAM 3 captured internal mic only for reference. We synced each camera with a clap at the beginning of each session.

A few things to keep in mind:

- The raw files are MXF and are huge and have not been color-corrected. Everything comes to about 116 GB. Will have to figure out the best way to get them to you.
- **I made a MIX down of CAM 1 that is located in a separate folder. They are mp4s of each session with all the mics mixed together. The videos are not color graded and are almost 6GB each.**

There are a few points in each session where there is some crackling and rustling of the mics, but it doesn't last long and probably can be edited out depending on content.

I know this is a lot of information so am happy to jump on a call tomorrow afternoon!

Thanks,  
Joe

Thank you Joe.

No don't make the files smaller. Onedrive will work if we cannot figure out google drive. I have 10TB of storage so need to find out why it is showing you that 15gb. Let's plan on onedrive teams unless I get back to you on the google drive fix.

Thank you!

Joe, please let me know if you find the same issue with this link.

On Mon, Oct 28, 2024 at 7:49 AM Camoriano, Joe <[camoriano.1@osu.edu](mailto:camoriano.1@osu.edu)> wrote:

Hi Jack,

Thanks for the link. I am uploading a few other videos for another project I shot this weekend to another drive and will get to yours next.

I see that you have used almost 10GB out of your 15GB available. The files I will be sending you are 116GB. I can compress the footage – color grading should still be decent but they will not be the original MXF wrappers.

Let me know if you want these uploaded to a OneDrive Teams folder. I can send the link to you that way, but it will take some time to upload. Otherwise, I can see if I can make these files smaller.

Thanks,  
Joe

Hi Jack,

I just finished mixing down the audio for Sessions 1 and 2. We can discuss tomorrow afternoon by phone if that works for you.

We shot two 40-minute (roughly) segments with three separate guests in each session. We used three cameras and had the microphones running as follows:

CAM 1 – wide shot of all 4 (Krisanthe's microphone on Ch. 1)

CAM 2 – two shot of guests camera right

CAM 3 – two shot of guests camera left (includes Krisanthe)

All of the guests' microphones were mixed into CAM 1 on Ch. 2.

I also recorded a WAV file separate from each Session that is somewhat mixed.

CAM 2 and CAM 3 captured internal mic only for reference. We synced each camera with a clap at the beginning of each session.

A few things to keep in mind:

- The raw files are MXF and are huge and have not been color-corrected. Everything comes to about 116 GB. Will have to figure out the best way to get them to you.
- **I made a MIX down of CAM 1 that is located in a separate folder. They are mp4s of each session with all the mics mixed together. The videos are not color graded and are almost 6GB each.**
- There are a few points in each session where there is some crackling and rustling of the mics, but it doesn't last long and probably can be edited out depending on content.

I know this is a lot of information so am happy to jump on a call tomorrow afternoon!

Thanks,

Joe

Won't give you access to them at all or won't give access to the 10TB storage? This is peculiar.

Joe, please let me know if you find the same issue with this link.

On Mon, Oct 28, 2024 at 7:49 AM Camoriano, Joe <[camoriano.1@osu.edu](mailto:camoriano.1@osu.edu)> wrote:

Hi Jack,

Thanks for the link. I am uploading a few other videos for another project I shot this weekend to another drive and will get to yours next.

I see that you have used almost 10GB out of your 15GB available. The files I will be sending you are 116GB. I can compress the footage – color grading should still be decent but they will not be the original MXF wrappers.

Let me know if you want these uploaded to a OneDrive Teams folder. I can send the link to you that way, but it will take some time to upload. Otherwise, I can see if I can make these files smaller.

Thanks,  
Joe

Hi Jack,

I just finished mixing down the audio for Sessions 1 and 2. We can discuss tomorrow

afternoon by phone if that works for you.

We shot two 40-minute (roughly) segments with three separate guests in each session. We used three cameras and had the microphones running as follows:

CAM 1 – wide shot of all 4 (Krisanthe's microphone on Ch. 1)

CAM 2 – two shot of guests camera right

CAM 3 – two shot of guests camera left (includes Krisanthe)

All of the guests' microphones were mixed into CAM 1 on Ch. 2.

I also recorded a WAV file separate from each Session that is somewhat mixed.

CAM 2 and CAM 3 captured internal mic only for reference. We synced each camera with a clap at the beginning of each session.

A few things to keep in mind:

- The raw files are MXF and are huge and have not been color-corrected. Everything comes to about 116 GB. Will have to figure out the best way to get them to you.
- **I made a MIX down of CAM 1 that is located in a separate folder. They are mp4s of each session with all the mics mixed together. The videos are not color graded and are almost 6GB each.**
- There are a few points in each session where there is some crackling and rustling of the mics, but it doesn't last long and probably can be edited out depending on content.

I know this is a lot of information so am happy to jump on a call tomorrow afternoon!

Thanks,  
Joe

Hi Jack,

I just finished mixing down the audio for Sessions 1 and 2. We can discuss tomorrow afternoon by phone if that works for you.

We shot two 40-minute (roughly) segments with three separate guests in each session. We used three cameras and had the microphones running as follows:

CAM 1 – wide shot of all 4 (Krisanthe's microphone on Ch. 1)

CAM 2 – two shot of guests camera right

CAM 3 – two shot of guests camera left (includes Krisanthe)

All of the guests' microphones were mixed into CAM 1 on Ch. 2.

I also recorded a WAV file separate from each Session that is somewhat mixed.

CAM 2 and CAM 3 captured internal mic only for reference. We synced each camera with a clap at the beginning of each session.

A few things to keep in mind:

- The raw files are MXF and are huge and have not been color-corrected. Everything comes to about 116 GB. Will have to figure out the best way to get them to you.
- **I made a MIX down of CAM 1 that is located in a separate folder. They are mp4s of each session with all the mics mixed together. The videos are not color graded and are almost 6GB each.**
- There are a few points in each session where there is some crackling and rustling of

the mics, but it doesn't last long and probably can be edited out depending on content.

I know this is a lot of information so am happy to jump on a call tomorrow afternoon!

Thanks,  
Joe

Hi Jack,

Thanks for the link. I am uploading a few other videos for another project I shot this weekend to another drive and will get to yours next.

I see that you have used almost 10GB out of your 15GB available. The files I will be sending you are 116GB. I can compress the footage – color grading should still be decent but they will not be the original MXF wrappers.

Let me know if you want these uploaded to a OneDrive Teams folder. I can send the link to you that way, but it will take some time to upload. Otherwise, I can see if I can make these files smaller.

Thanks,

Joe

Joe, please let me know if you find the same issue with this link.

On Mon, Oct 28, 2024 at 7:49 AM Camoriano, Joe <[camoriano.1@osu.edu](mailto:camoriano.1@osu.edu)> wrote:

Hi Jack,

Thanks for the link. I am uploading a few other videos for another project I shot this weekend to another drive and will get to yours next.

I see that you have used almost 10GB out of your 15GB available. The files I will be sending you are 116GB. I can compress the footage – color grading should still be decent but they will not be the original MXF wrappers.

Let me know if you want these uploaded to a OneDrive Teams folder. I can send the link to you that way, but it will take some time to upload. Otherwise, I can see if I can make these files smaller.

Thanks,

Joe

Hi Jack,

I just finished mixing down the audio for Sessions 1 and 2. We can discuss tomorrow afternoon by phone if that works for you.

We shot two 40-minute (roughly) segments with three separate guests in each session. We used three cameras and had the microphones running as follows:

CAM 1 – wide shot of all 4 (Krisanthe's microphone on Ch. 1)

CAM 2 – two shot of guests camera right

CAM 3 – two shot of guests camera left (includes Krisanthe)

All of the guests' microphones were mixed into CAM 1 on Ch. 2.

I also recorded a WAV file separate from each Session that is somewhat mixed.

CAM 2 and CAM 3 captured internal mic only for reference. We synced each camera with a clap at the beginning of each session.

A few things to keep in mind:

- The raw files are MXF and are huge and have not been color-corrected. Everything comes to about 116 GB. Will have to figure out the best way to get them to you.
- **I made a MIX down of CAM 1 that is located in a separate folder. They are mp4s of each session with all the mics mixed together. The videos are not color graded and are almost 6GB each.**
- There are a few points in each session where there is some crackling and rustling of the mics, but it doesn't last long and probably can be edited out depending on content.

I know this is a lot of information so am happy to jump on a call tomorrow afternoon!

Thanks,

Joe

- The raw files are MXF and are huge and have not been color-corrected. Everything comes to about 116 GB. Will have to figure out the best way to get them to you.
- **I made a MIX down of CAM 1 that is located in a separate folder. They are mp4s of each session with all the mics mixed together. The videos are not color graded and are almost 6GB each.**
- There are a few points in each session where there is some crackling and rustling of the mics, but it doesn't last long and probably can be edited out depending on content.

I know this is a lot of information so am happy to jump on a call tomorrow afternoon!

Thanks,

Joe

Hi Joe!

Thanks for helping Krisanthe out. It is a big help. Let me know what we need to do to get on the same page and can go from there.

Hi Jack,

Thanks for the link. I am uploading a few other videos for another project I shot this weekend to another drive and will get to yours next.

I see that you have used almost 10GB out of your 15GB available. The files I will be sending you are 116GB. I can compress the footage – color grading should still be decent but they will not be the original MXF wrappers.

Let me know if you want these uploaded to a OneDrive Teams folder. I can send the link to you that way, but it will take some time to upload. Otherwise, I can see if I can make these files smaller.

Thanks,  
Joe

Hi Jack,

I just finished mixing down the audio for Sessions 1 and 2. We can discuss tomorrow afternoon by phone if that works for you.

We shot two 40-minute (roughly) segments with three separate guests in each session. We used three cameras and had the microphones running as follows:

CAM 1 – wide shot of all 4 (Krisanthe's microphone on Ch. 1)

CAM 2 – two shot of guests camera right

CAM 3 – two shot of guests camera left (includes Krisanthe)

All of the guests' microphones were mixed into CAM 1 on Ch. 2.

I also recorded a WAV file separate from each Session that is somewhat mixed.

CAM 2 and CAM 3 captured internal mic only for reference. We synced each camera with a clap at the beginning of each session.

A few things to keep in mind:

- The raw files are MXF and are huge and have not been color-corrected. Everything comes to about 116 GB. Will have to figure out the best way to get them to you.

Hi Jack,

Thanks for the link. I am uploading a few other videos for another project I shot this weekend to another drive and will get to yours next.

I see that you have used almost 10GB out of your 15GB available. The files I will be sending you are 116GB. I can compress the footage – color grading should still be decent but they will not be the original MXF wrappers.

Let me know if you want these uploaded to a OneDrive Teams folder. I can send the link to you that way, but it will take some time to upload. Otherwise, I can see if I can make these files smaller.

Thanks,

Joe

Hi Jack,

I just finished mixing down the audio for Sessions 1 and 2. We can discuss tomorrow afternoon by phone if that works for you.

We shot two 40-minute (roughly) segments with three separate guests in each session. We used three cameras and had the microphones running as follows:

CAM 1 – wide shot of all 4 (Krisanthe's microphone on Ch. 1)

CAM 2 – two shot of guests camera right

CAM 3 – two shot of guests camera left (includes Krisanthe)

All of the guests' microphones were mixed into CAM 1 on Ch. 2.

I also recorded a WAV file separate from each Session that is somewhat mixed.

CAM 2 and CAM 3 captured internal mic only for reference. We synced each camera with a clap at the beginning of each session.

A few things to keep in mind:

- The raw files are MXF and are huge and have not been color-corrected. Everything comes to about 116 GB. Will have to figure out the best way to get them to you.
- **I made a MIX down of CAM 1 that is located in a separate folder. They are mp4s of each session with all the mics mixed together. The videos are not color graded and are almost 6GB each.**
- There are a few points in each session where there is some crackling and rustling of the mics, but it doesn't last long and probably can be edited out depending on content.

I know this is a lot of information so am happy to jump on a call tomorrow afternoon!

Thanks,

Joe

Do you have Adobe Premiere Pro or Adobe Media Encoder? When I edit on Premiere, I bring the files in natively and on export they convert to mp4 files.

If not, I can convert on my end like I did with the CAM 1 mix and send you mp4s. You will still be able to color grade, just not as much with the large MXF.

Joe

<[camoriano.1@osu.edu](mailto:camoriano.1@osu.edu)> wrote:

Hi Jack,

I just finished mixing down the audio for Sessions 1 and 2. We can discuss tomorrow afternoon by phone if that works for you.

We shot two 40-minute (roughly) segments with three separate guests in each session. We used three cameras and had the microphones running as follows:

CAM 1 – wide shot of all 4 (Krisanthe's microphone on Ch. 1)

CAM 2 – two shot of guests camera right

CAM 3 – two shot of guests camera left (includes Krisanthe)

All of the guests' microphones were mixed into CAM 1 on Ch. 2.

I also recorded a WAV file separate from each Session that is somewhat mixed.

CAM 2 and CAM 3 captured internal mic only for reference. We synced each camera with a clap at the beginning of each session.

A few things to keep in mind:

- The raw files are MXF and are huge and have not been color-corrected.

Everything comes to about 116 GB. Will have to figure out the best way to get them to you.

- **I made a MIX down of CAM 1 that is located in a separate folder. They are mp4s of each session with all the mics mixed together. The videos are not color graded and are almost 6GB each.**
- There are a few points in each session where there is some crackling and rustling of the mics, but it doesn't last long and probably can be edited out depending on content.

I know this is a lot of information so am happy to jump on a call tomorrow afternoon!

Okay lets have you download and send over from your end. Having trouble on my side. I do have premiere, but unable to bring the files in natively.

On Wed, Oct 30, 2024 at 11:47 AM Camoriano, Joe <[camoriano.1@osu.edu](mailto:camoriano.1@osu.edu)> wrote:

Do you have Adobe Premiere Pro or Adobe Media Encoder? When I edit on Premiere, I bring the files in natively and on export they convert to mp4 files.

If not, I can convert on my end like I did with the CAM 1 mix and send you mp4s. You will still be able to color grade, just not as much with the large MXF.

Hi Jack,

Thanks for the link. I am uploading a few other videos for another project I shot this weekend to another drive and will get to yours next.

I see that you have used almost 10GB out of your 15GB available. The files I will be sending you are 116GB. I can compress the footage – color grading should still be decent but they will not be the original MXF wrappers.

Let me know if you want these uploaded to a OneDrive Teams folder. I can send the link to you that way, but it will take some time to upload. Otherwise, I can see if I can make these files smaller.

Thanks,  
Joe

<[camoriano.1@osu.edu](mailto:camoriano.1@osu.edu)> wrote:

Hi Jack,

I just finished mixing down the audio for Sessions 1 and 2. We can discuss tomorrow afternoon by phone if that works for you.

We shot two 40-minute (roughly) segments with three separate guests in each session. We used three cameras and had the microphones running as

follows:

CAM 1 – wide shot of all 4 (Krisanthe’s microphone on Ch. 1)

CAM 2 – two shot of guests camera right

CAM 3 – two shot of guests camera left (includes Krisanthe)

All of the guests’ microphones were mixed into CAM 1 on Ch. 2.

I also recorded a WAV file separate from each Session that is somewhat mixed.

CAM 2 and CAM 3 captured internal mic only for reference. We synced each camera with a clap at the beginning of each session.

A few things to keep in mind:

- The raw files are MXF and are huge and have not been color-corrected. Everything comes to about 116 GB. Will have to figure out the best way to get them to you.
- **I made a MIX down of CAM 1 that is located in a separate folder. They are mp4s of each session with all the mics mixed together. The videos are not color graded and are almost 6GB each.**
- There are a few points in each session where there is some crackling and rustling of the mics, but it doesn’t last long and probably can be edited out depending on content.

I know this is a lot of information so am happy to jump on a call tomorrow afternoon!

Thanks,  
Joe

Joe, please let me know if you find the same issue with this link.

On Mon, Oct 28, 2024 at 7:49 AM Camoriano, Joe  
<[camoriano.1@osu.edu](mailto:camoriano.1@osu.edu)> wrote:

Hi Jack,

Thanks for the link. I am uploading a few other videos for another project I shot this weekend to another drive and will get to yours next.

I see that you have used almost 10GB out of your 15GB available. The files I will be sending you are 116GB. I can compress the footage – color grading should still be decent but they will not be the original MXF wrappers.

Let me know if you want these uploaded to a OneDrive Teams folder. I can send the link to you that way, but it will take some time to upload. Otherwise, I can see if I can make these files smaller.

Thanks,

Joe

Hi Jack,

I just finished mixing down the audio for Sessions 1 and 2. We can discuss tomorrow afternoon by phone if that works for you.

We shot two 40-minute (roughly) segments with three separate guests in each session. We used three cameras and had the microphones running as follows:

CAM 1 – wide shot of all 4 (Krisanthe’s microphone on Ch. 1)

CAM 2 – two shot of guests camera right

CAM 3 – two shot of guests camera left (includes Krisanthe)

All of the guests’ microphones were mixed into CAM 1 on Ch. 2.

I also recorded a WAV file separate from each Session that is somewhat mixed.

CAM 2 and CAM 3 captured internal mic only for reference. We synced each camera with a clap at the beginning of each session.

A few things to keep in mind:

- The raw files are MXF and are huge and have not been color-corrected. Everything comes to about 116 GB. Will have to figure out the best way to get them to you.
- **I made a MIX down of CAM 1 that is located in a separate folder. They are mp4s of each session with all the mics mixed together. The videos are not color graded and are almost 6GB each.**
- There are a few points in each session where there is some crackling and rustling of the mics, but it doesn't last long and probably can be edited out depending on content.

I know this is a lot of information so am happy to jump on a call tomorrow afternoon!

Thanks,

Joe

<[camoriano.1@osu.edu](mailto:camoriano.1@osu.edu)> wrote:

Hi Jack,

I just finished mixing down the audio for Sessions 1 and 2. We can discuss tomorrow afternoon by phone if that works for you.

We shot two 40-minute (roughly) segments with three separate guests in each session. We used three cameras and had the microphones running as follows:

CAM 1 – wide shot of all 4 (Krisanthe's microphone on Ch. 1)

CAM 2 – two shot of guests camera right

CAM 3 – two shot of guests camera left (includes Krisanthe)

All of the guests' microphones were mixed into CAM 1 on Ch. 2.

I also recorded a WAV file separate from each Session that is somewhat mixed.

CAM 2 and CAM 3 captured internal mic only for reference. We synced each camera with a clap at the beginning of each session.

A few things to keep in mind:

- The raw files are MXF and are huge and have not been color-corrected. Everything comes to about 116 GB. Will have to figure out the best way to get them to you.
- **I made a MIX down of CAM 1 that is located in a separate folder. They are mp4s of each session with all the mics mixed together. The videos are not color graded and are almost 6GB each.**
- There are a few points in each session where there is some crackling and rustling of the mics, but it doesn't last long and probably can be edited out depending on content.

I know this is a lot of information so am happy to jump on a call tomorrow afternoon!

Thanks,

Joe you have been immensely helpful on this project with Krisanthe.

What I am predicting will be my last request: I believe we had discussed that you had indeed separated the audio tracks and had not mixed the audio yet on those. Can you please send me those separated audio files? This will be all i need to properly and efficiently complete the project and would be a big help.

I created an mp4 folder for each Session.

Session 1 should have all 3 cameras in there by now. Cam 1 has the sound mix.

Session 2 is taking a lot longer but should have Cam 1 already in there. Still uploading Cams 2 and 3.

Ok, I think I have a workable solution apart from the MXF files.

I did mix each channel separately and ran them to CAM 1. But because we ran the mix to CAM 1 **it recorded on Ch 1 and Ch 2 only**. Kris's mic was already going to CAM 1 on Ch 1.

Here is the breakdown for both Sessions:

CAM 1:        Ch 1 (left) = Kris's mic  
              Ch 2 (right) = mixdown of guests

CAM 2/3:     Internal microphone only for reference.

In the OneDrive, I created a WAV folder for each session that has Kris's mic on Ch 1 (left) and guests mixed on Ch 2 (right).

Let me know if you have any questions. It might be easiest to talk over the phone.

Hope this is helpful!

Thanks,  
Joe

I created an mp4 folder for each Session.

Session 1 should have all 3 cameras in there by now. Cam 1 has the sound mix.

Session 2 is taking a lot longer but should have Cam 1 already in there. Still uploading Cams 2 and 3.

Okay lets have you download and send over from your end. Having trouble on my side. I do have premiere, but unable to bring the files in natively.

On Wed, Oct 30, 2024 at 11:47 AM Camoriano, Joe <[camoriano.1@osu.edu](mailto:camoriano.1@osu.edu)> wrote:

Do you have Adobe Premiere Pro or Adobe Media Encoder? When I edit on Premiere, I bring the files in natively and on export they convert to mp4 files.

If not, I can convert on my end like I did with the CAM 1 mix and send you mp4s. You will still be able to color grade, just not as much with the large MXF.

Hi Jack,

Thanks for the link. I am uploading a few other videos for another project I shot this weekend to another drive and will get to yours next.

I see that you have used almost 10GB out of your 15GB available. The files I will be sending you are 116GB. I can compress the footage – color grading should still be decent but they will not be the original MXF wrappers.

Let me know if you want these uploaded to a OneDrive Teams folder. I

can send the link to you that way, but it will take some time to upload. Otherwise, I can see if I can make these files smaller.

Thanks,  
Joe

<[camoriano.1@osu.edu](mailto:camoriano.1@osu.edu)> wrote:

Hi Jack,

I just finished mixing down the audio for Sessions 1 and 2. We can discuss tomorrow afternoon by phone if that works for you.

We shot two 40-minute (roughly) segments with three separate guests in each session. We used three cameras and had the microphones running as follows:

CAM 1 – wide shot of all 4 (Krisanthe’s microphone on Ch. 1)

CAM 2 – two shot of guests camera right

CAM 3 – two shot of guests camera left (includes Krisanthe)

All of the guests’ microphones were mixed into CAM 1 on Ch. 2.

I also recorded a WAV file separate from each Session that is somewhat mixed.

CAM 2 and CAM 3 captured internal mic only for reference. We synced each camera with a clap at the beginning of each session.

A few things to keep in mind:

- The raw files are MXF and are huge and have not been color-corrected. Everything comes to about 116 GB. Will have to figure out the best way to get them to you.
- **I made a MIX down of CAM 1 that is located in a separate folder. They are mp4s of each session with all the mics mixed together. The videos are not color graded and are almost 6GB each.**
- There are a few points in each session where there is some crackling and rustling of the mics, but it doesn't last long and probably can be edited out depending on content.

I know this is a lot of information so am happy to jump on a call tomorrow afternoon!

Thanks,  
Joe

Hi Krisanthe,

Hope you are doing well and getting adjusted quickly!

How is the editing coming along? I think we finally figured out how to get all the large files over to Jack. Will touch base with him this morning.

Aaron pulled together several production companies who can help with podcasting:

High End:

- Bartha Visual - <https://bartha.com/services/media-production/>
- BrainStorm Media - <http://www.brainstormmediainc.com/services/>
- Spacejunk - <https://www.spacejunk.com/>
- Posthouse - <https://posthouse.tv/services/>

Great Value:

- New Vision Media - <https://www.newvisionmediainc.com/>
- The 5 Stone Group - <https://www.the5stonesgroup.com/>
- Shared Vision Communications - <http://svcvideo.com/>
- Media Source - <https://www.mediasourcetv.com/>

Good Value:

- Video Story Studio -- <https://videostorystudio.com/>
- Blue Skies HD - <http://www.blueskieshd.com/home>
- Harrison Images - <https://www.linkedin.com/in/rick-harrison-hi/>
- Kirk Mason Productions - <https://kirkmasonproductions.com/>
- CrossRiver Studios - <https://crossingriverstudios.com/>

All the best,  
Joe

I created an mp4 folder for each Session.

Session 1 should have all 3 cameras in there by now. Cam 1 has the sound mix.

Session 2 is taking a lot longer but should have Cam 1 already in there. Still uploading Cams 2 and 3.

Joe

Hi Jack,

Thanks for the link. I am uploading a few other videos for another project I shot this weekend to another drive and will get to yours next.

I see that you have used almost 10GB out of your 15GB available. The files I will be sending you are 116GB. I can compress the footage – color grading should still be decent but they will not be the original MXF wrappers.

Let me know if you want these uploaded to a OneDrive Teams folder. I can send the link to you that way, but it will take some time to upload. Otherwise, I can see if I can make these files smaller.

Thanks,  
Joe

<[camoriano.1@osu.edu](mailto:camoriano.1@osu.edu)> wrote:

Hi Jack,

I just finished mixing down the audio for Sessions 1 and 2. We can discuss tomorrow afternoon by phone if that works for you.

We shot two 40-minute (roughly) segments with three separate guests in each session. We used three cameras and had the microphones running as follows:

CAM 1 – wide shot of all 4 (Krisanthe's microphone on Ch. 1)  
CAM 2 – two shot of guests camera right  
CAM 3 – two shot of guests camera left (includes Krisanthe)

All of the guests' microphones were mixed into CAM 1 on Ch. 2.

I also recorded a WAV file separate from each Session that is somewhat mixed.

CAM 2 and CAM 3 captured internal mic only for reference. We synced each camera with a clap at the beginning of each session.

A few things to keep in mind:

- The raw files are MXF and are huge and have not been color-corrected. Everything comes to about 116 GB. Will have to figure out the best way to get them to you.
- **I made a MIX down of CAM 1 that is located in a separate folder. They are mp4s of each session with all the mics mixed together. The videos are not color graded and are almost 6GB each.**
- There are a few points in each session where there is some crackling and rustling of the mics, but it doesn't last long and probably can be edited out depending on content.

I know this is a lot of information so am happy to jump on a call tomorrow afternoon!

Thanks,  
Joe

**Subject:** Re: CALLOUT Podcast

Ok, I think I have a workable solution apart from the MXF files.

I did mix each channel separately and ran them to CAM 1. But because we ran the mix to CAM 1 **it recorded on Ch 1 and Ch 2 only**. Kris's mic was already going to CAM 1 on Ch 1.

Here is the breakdown for both Sessions:

CAM 1:        Ch 1 (left) = Kris's mic  
                  Ch 2 (right) = mixdown of guests

CAM 2/3:      Internal microphone only for reference.

In the OneDrive, I created a WAV folder for each session that has Kris's mic on Ch 1 (left) and guests mixed on Ch 2 (right).

Let me know if you have any questions. It might be easiest to talk over the phone.

Hope this is helpful!

Thanks,

Joe

Joe you have been immensely helpful on this project with Krisanthe.

What I am predicting will be my last request: I believe we had discussed that you had indeed separated the audio tracks and had not mixed the audio yet on those. Can you please send me those separated audio files? This will be all i need to properly and efficiently complete the project and would be a big help.

Won't give you access to them at all or won't give access to the 10TB storage? This is peculiar.

<[camoriano.1@osu.edu](mailto:camoriano.1@osu.edu)> wrote:

Hi Jack,

Thanks for the link. I am uploading a few other videos for another project I shot this weekend to another drive and will get to yours next.

I see that you have used almost 10GB out of your 15GB available. The files I will be sending you are 116GB. I can compress the footage – color grading should still be decent but they will not be the original MXF wrappers.

Let me know if you want these uploaded to a OneDrive Teams folder. I can send the link to you that way, but it will take some time to upload. Otherwise, I can see if I can make these files smaller.

Thanks,

Joe

Hi Jack,

I just finished mixing down the audio for Sessions 1 and 2. We can discuss tomorrow afternoon by phone if that works for you.

We shot two 40-minute (roughly) segments with three separate guests in each session. We used three cameras and had the microphones running as follows:

CAM 1 – wide shot of all 4 (Krisanthe’s microphone on Ch. 1)

CAM 2 – two shot of guests camera right

CAM 3 – two shot of guests camera left (includes Krisanthe)

All of the guests’ microphones were mixed into CAM 1 on Ch. 2.

I also recorded a WAV file separate from each Session that is somewhat mixed.

CAM 2 and CAM 3 captured internal mic only for reference. We synced each camera with a clap at the beginning of each session.

A few things to keep in mind:

- The raw files are MXF and are huge and have not been color-

corrected. Everything comes to about 116 GB. Will have to figure out the best way to get them to you.

- **I made a MIX down of CAM 1 that is located in a separate folder. They are mp4s of each session with all the mics mixed together. The videos are not color graded and are almost 6GB each.**
- There are a few points in each session where there is some crackling and rustling of the mics, but it doesn't last long and probably can be edited out depending on content.

I know this is a lot of information so am happy to jump on a call tomorrow afternoon!

Thanks,

Joe

**Subject:** Call Out Podcast

Morning,

Here is what I know about the Dec. 16 podcast recording: This is Krisanthe Vlachos' Callout Podcast. She connects veterans with electric utility jobs. TC has been on before - I think via Zoom. My team wasn't involved that time, but we did help her produce one previous podcast as a favor. Krisanthe has relocated to Columbus and is renting office space at the National Veterans Memorial and Museum. We cannot regularly produce her podcast, but we will produce the Dec. 16 episode because TC is hosting. TC told me he wants to record it somewhere that looks cool in Page Hall. Joe is off today, but he'll reach out to Glenn early next week and figure out what space works best. I don't have any specifics on timing or participants. I understand some of the panelists will be in-person and some will participate via Zoom.

Ben

---

We have booked the 3<sup>rd</sup> Floor lounge in Page Hall for this podcast. The producer, Krisanthe will be scouting the site this Wednesday with us and we will hopefully have more details narrowed down shortly after that.

The recording session is scheduled for 9:30a – 11:30a. We don't have an exact time yet when President Carter will need to be there, but will circle back soon.

Thanks,  
Joe

We have booked the 3<sup>rd</sup> Floor lounge in Page Hall for this podcast. The producer, Krisanthe will be scouting the site this Wednesday with us and we will hopefully have more details narrowed down shortly after that.

The recording session is scheduled for 9:30a – 11:30a. We don't have an exact time yet when President Carter will need to be there, but will circle back soon.

Thanks,  
Joe

**Subject:** Call Out Podcast

Morning,

Here is what I know about the Dec. 16 podcast recording: This is Krisanthe Vlachos' Callout Podcast. She connects veterans with electric utility jobs. TC has been on before - I think via Zoom. My team wasn't involved that time, but we did help her produce one previous podcast as a favor. Krisanthe has relocated to Columbus and is renting office space at the National Veterans Memorial and Museum. We cannot regularly produce her podcast, but we will produce the Dec. 16 episode because TC is hosting. TC told me he wants to record it somewhere that looks cool in Page Hall. Joe is off today, but he'll reach out to Glenn early next week and figure out what space works best. I don't have any specifics on timing or

participants. I understand some of the panelists will be in-person and some will participate via Zoom.

Ben

**Subject:** Call Out Podcast

Morning,

Here is what I know about the Dec. 16 podcast recording: This is Krisanthe Vlachos' Callout Podcast. She connects veterans with electric utility jobs. TC has been on before - I think via Zoom. My team wasn't involved that time, but we did help her produce one previous podcast as a favor. Krisanthe has relocated to Columbus and is renting office space at the National Veterans Memorial and Museum. We cannot regularly produce her podcast, but we will produce the Dec. 16 episode because TC is hosting. TC told me he wants to record it somewhere that looks cool in Page Hall. Joe is off today, but he'll reach out to Glenn early next week and figure out what space works best. I don't have any specifics on timing or participants. I understand some of the panelists will be in-person and some will participate via Zoom.

Ben

**Subject:** The Call Out Podcast

Hi Pete,

Hope all is going well with you and your family.

I wanted to share an opportunity you might be interested in. [The Call Out Podcast](#) w/Krisanthe Vlahos will be recorded (by us) this coming Mon., Dec. 16 from 9:30a-11:30a in Page Hall.

For the first half hour, there will be a “meet and greet” done virtually with a variety of guests that you may know. The host would like to send you an online invitation to participate in the first half hour – no need to prepare – it will be an informal meeting before the official podcast begins at 10a.

Those joining online will be:

Air Force - [Charlie Keebaugh](#) | Aerial Recovery  
Army Green Beret - [Scott Mann](#)  
Army Green Beret - [Darrell Utt](#)  
Army - [Alan C. Mack](#)  
Army - [Alan D. Landry](#)  
Army - [Matt Guedes](#) | Exec. Director-Camp Freedom in PA  
Army - [Andy Riise](#)  
Marines - Trevor Hearne  
Marines - [Hiram Figueroa](#)  
Marines – [Prime Hall](#)  
Navy – [Walter “Ted Carter](#) | The Ohio State University’s 17<sup>th</sup> President  
Navy - Chris “Chodaw” Hill  
Navy - [Tony Grayson](#)

Let me know if you are interested and I will have Krisanthe send you an invitation.

Thanks,  
Joe

---

Good morning, Krisanthe.

Just wanted to confirm that you received my email introducing you to Col. Mansoor.

Also, here is what I will need for me to complete the President's briefing by noon today:

- What is the purpose and goal of the podcast being recorded on Monday?
- Who is the audience?
- Here are the guests (so far) and the agenda for Monday:

9:30 a.m. A virtual "meet and greet" with the following:

Air Force - [Charlie Keebaugh](#) | Aerial Recovery

Army Green Beret - [Scott Mann](#)

Army – [Peter Mansoor](#) | Former executive officer to Gen. David Petraeus

Army Green Beret - [Darrell Utt](#)

Army - [Alan C. Mack](#)

Army - [Alan D. Landry](#)

Army - [Matt Guedes](#) | Exec. Director-Camp Freedom in PA

Army - [Andy Riise](#)

Marines - Trevor Hearne

Marines - [Hiram Figueroa](#)

Marines – [Prime Hall](#)

Navy - Chris "Chodaw" Hill

Navy - [Tony Grayson](#)

10:00 a.m. Podcast interviews begin with Amelia ?? (in person) and Scott Mann and ??? virtually

11:15 a.m. Podcast concludes

Thanks! And let me know again when you purchase the audio recorder and what kind it is.

Hi Joe...was driving long distance folloed by back to back meetings.

Meetings all morning. Doing my best to catch up. Not sure I'll meet the noon deadline.

It's not critical to have background on everyone below. The list below is literally just for fun.

I'll do my best to provide as much & as early possible as I go today. Thank you for everything!!!

Kindest regards,  
Krisanthe

Hi Alexis,

President Carter will need to be ready to go “on set” at 9:20a. The podcast will take place from 9:30a-11:30a in the lounge on the 3<sup>rd</sup> Floor of Page Hall on Mon., Dec. 16. The elevators will not be working, but I will see if Erin Trueman can help escort him up to the 3<sup>rd</sup> Floor.

I am waiting on more details on who the remote guests are as well as who will be joining him live in person. I plan on putting a briefing together by tomorrow afternoon.

Thank you,  
Joe

**Subject:** Call Out Podcast

Morning,

Here is what I know about the Dec. 16 podcast recording: This is Krisanthe Vlachos' Callout Podcast. She connects veterans with electric utility jobs. TC has been on before - I think via Zoom. My team wasn't involved that time, but we did help her produce one previous podcast as a favor. Krisanthe has relocated to Columbus and is renting office space at the National Veterans Memorial and Museum. We cannot regularly produce her podcast, but we will produce the Dec. 16 episode because TC is hosting. TC told me he wants to record it somewhere that looks cool in Page Hall. Joe is off today, but he'll reach out to Glenn early next week and figure out what space works best. I don't have any specifics on timing or participants. I understand some of the panelists will be in-person and some will participate via Zoom.

Ben

---

Alexis,

The most recent information I've received from Krisanthe Vlahos is attached. I've been waiting for her to give me more details, but hopefully this is enough. Aaron and I are heading out the door to Page Hall to set up the room, etc. and may not have updated information until later this weekend.

Either Dean Trevor Brown or Erin Trueman from marketing & comms will be the one greeting President Carter Monday morning. See attached.

If President Carter will not be walking over to Page Hall, the best drop off area is the little drive-in area between the North Union Garage and Page Hall off of College Rd.

Let me know if you need anything else.

Thank you,  
Joe

Hi Alexis,

President Carter will need to be ready to go “on set” at 9:20a. The podcast will take place from 9:30a-11:30a in the lounge on the 3<sup>rd</sup> Floor of Page Hall on Mon., Dec. 16. The elevators will not be working, but I will see if Erin Trueman can help escort him up to the 3<sup>rd</sup> Floor.

I am waiting on more details on who the remote guests are as well as who will be joining him live in person. I plan on putting a briefing together by tomorrow afternoon.

Thank you,

Joe

**Subject:** Re: Call Out Podcast

We have booked the 3<sup>rd</sup> Floor lounge in Page Hall for this podcast. The producer, Krisanthe will be scouting the site this Wednesday with us and we will hopefully have more details narrowed down shortly after that.

The recording session is scheduled for 9:30a – 11:30a. We don't have an exact time yet when President Carter will need to be there, but will circle back soon.

Thanks,  
Joe

**Subject:** Call Out Podcast

Morning,

Here is what I know about the Dec. 16 podcast recording: This is Krisanthe Vlachos' Callout Podcast. She connects veterans with electric utility jobs. TC has been on before - I think via Zoom. My team wasn't involved that time, but we did help her produce one previous podcast as a favor. Krisanthe has relocated to Columbus and is renting office space at the National Veterans Memorial and Museum. We cannot regularly produce her podcast, but we will produce the Dec. 16 episode because TC is hosting. TC told me he wants to record it somewhere that looks cool in Page Hall. Joe is off today, but he'll reach out to Glenn early next week and figure out what space works best. I don't have any specifics on timing or participants. I understand some of the panelists will be in-person and some will participate via Zoom.

Ben

**Subject:** Brief update - broadcast  
**Date:** Wednesday, December 18, 2024 2:47:31 PM

---

Here are a few things we are working on:

- **The CALLOUT Podcast** – the recording on Monday went well. Krisanthe dropped by the office today to pitch an idea to us. She wanted to have the podcast recorded on a regular basis from Page Hall. I told her that is not feasible. She then talked about using our studio with different moveable backdrops. I told her that is not feasible, but that we could possibly do one with the President at some time in the future. She was hoping that other Ohio State leadership – Trevor Brown, Kevin Cullen, etc. as guests would be enough to get us to produce these from Ohio State. I mentioned that her best bet would be to explore possible options with WOSU and that she needs to talk to you first.
- **Equipment reserve** – Were you able to run the budget by EP? We want to make sure we put our order in so the equipment will arrive in time to produce the Impact stories.  
I added \$500 worth of microphones since the podcast with TC is something that looks like we will be doing more of in the near future. We had to use our studio mic for the last podcast, so we prefer to have three similar microphones that would work for us – for podcast production and Impact stories out in the field. We are still on target...by purchasing everything our teams need will leave us about \$6K in reserve until July 1, 2025.
- **AP Campus Insights** – continuing to show strong results
- **Broadcast pitches** – ongoing
- **Scarlet Studio** – Aaron and I will be filming and editing a project in January for Helen Malone, vice provost for Academic Policy and Faculty Resources. It's basically a PowerPoint she will be reading in studio.
- **Location agreements and drone requests** – manageable – both projects are numbering close to 100 each so far
- **OSN videos** – on track
- **Faculty experts** – 458 – continuing to reach out to faculty and media liaisons

Both Aaron and I will be back in the office on Mon., Dec. 30.

Thanks and have a great holiday stretch!

Joe

Did they begin to download and then just stop?

I just tried CAM 3 and it took 11 minutes to download on my laptop. The files were originally 26GB each and I compressed them to 10GB using mp4 H.264 which is the ideal format.

I am out of town but can download these to my laptop and try to compress them even further. It sounds like it may be a timing out issue with your download speeds.

**Subject:** Brief update - broadcast

Here are a few things we are working on:

- **The CALLOUT Podcast** – the recording on Monday went well. Krisanthe dropped by the office today to pitch an idea to us. She wanted to have the podcast recorded on a regular basis from Page Hall. I told her that is not feasible. She then talked about using our studio with different moveable backdrops. I told her that is not feasible, but that we could possibly do one with the President at some time in the future. She was hoping that other Ohio State leadership – Trevor Brown, Kevin Cullen, etc. as guests would be enough to get us to produce these from Ohio State. I mentioned that her best bet would be to explore possible options with WOSU and that she needs to talk to you first.

That's the right answer. We've helped as much as we can. Keep sending her to me.

- **Equipment reserve** – Were you able to run the budget by EP? We want to make sure we put our order in so the equipment will arrive in time to produce the Impact stories.

I added \$500 worth of microphones since the podcast with TC is something that looks like we will be doing more of in the near future. We had to use our studio mic for the last podcast, so we prefer to have three similar microphones that would work for us – for podcast production and Impact stories out in the field. We are still on target...by purchasing everything our teams need will leave us about \$6K in reserve until July 1, 2025.

Budget is approved. Microphones are fine. Go for it.

- **AP Campus Insights** – continuing to show strong results

Woot!

- **Broadcast pitches** – ongoing

Woot!

- **Scarlet Studio** – Aaron and I will be filming and editing a project in January for Helen Malone, vice provost for Academic Policy and Faculty Resources. It's basically a PowerPoint she will be reading in studio.

Thanks for doing this.

- **Location agreements and drone requests** – manageable – both projects are numbering close to 100 each so far

Good to know and thanks.

- **OSN videos** – on track

Great!

- **Faculty experts** – 458 – continuing to reach out to faculty and media liaisons

Nice. Keep it up.

Both Aaron and I will be back in the office on Mon., Dec. 30.

Thanks and have a great holiday stretch!

Hi Dr. McIntosh,

Happy Tuesday to you! President Carter was able to record on Friday, and the team is working on turnaround currently. I've copied them in should you have any follow-up questions, but we are set to meet the deadline. Please let me know if you need anything else from me and enjoy the rest of your week!

Thank you,  
Alexis

President Carter,

I am truly overwhelmed by your kindness today. Thank you for taking the time to learn

more about Children of Valor. I am especially grateful for your willingness to schedule a video capture to promote Children of Valor in time for the giving season. Perhaps we could capture the video in the next few weeks?

Thank you for setting up a connection with Krisanthe, I am excited to speak with her about The Call Out podcast.

I hope the rest of your week is wonderful. Fall in Bexley is simply the best, I do miss walking the neighborhood this time of year. Standing by for open times in your schedule to capture the video.

Thank you again sir!

Hi Dr. McIntosh,

Can you please complete and return the attached video production form for our use? Once we have those details, we will be able to schedule recording time in the studio for the president.

Thank you,

Alexis

Hi Alexis, all of us at Children of Valor are so excited President Carter is doing this video for us.

Is there any plan on the OSU side to share the video? Is there anyone I need to connect with to be sure our use of the video aligns perfectly with the goals of OSU? Are there any parameters we need to abide by to be an excellent partner?

I have copied our PR rep, Aspen, on this email. Thank you for all of your help Alexis!

Dr. McIntosh, good evening! Thank you for sharing the submission pieces. Everything looks good, save for the fact that typically videos produced by our news team do not use joint logos. Let's plan on the video having only the Ohio State logo at the end unless you hear differently from me as we move forward.

Looking forward to working with you to bring the video to fruition! Thank you again and will talk to you again soon.

Melissa

Hi Dr. McIntosh,

Happy Tuesday to you! President Carter was able to record on Friday, and the team is working on turnaround currently. I've copied them in should you have any follow-up questions, but we are set to meet the deadline. Please let me know if you need anything else from me and enjoy the rest of your week!

Thank you,

Alexis

Good morning and Happy Tuesday! I am checking in to see if Vice Admiral Carter was able to record his video for Children of Valor last Friday.

We are so grateful and excited about this amazing and wonderful opportunity. Thank you for making this possible, I really appreciate all of your work!

Bless you,.

Respectfully,

Hi Alexis, all of us at Children of Valor are so excited President Carter is doing this video for us.

Is there any plan on the OSU side to share the video? Is there anyone I need to connect with to be sure our use of the video aligns perfectly with the goals of OSU? Are there any parameters we need to abide by to be an excellent partner?

I have copied our PR rep, Aspen, on this email. Thank you for all of your help Alexis!

Dr. McIntosh, good evening! Thank you for sharing the submission pieces. Everything looks good, save for the fact that typically videos produced by our news team do not use joint logos. Let's plan on the video having only the Ohio State logo at the end unless you hear differently from me as we move forward.

Looking forward to working with you to bring the video to fruition! Thank you again and will talk to you again soon.

Melissa

Hi Dr. McIntosh,

Can you please complete and return the attached video production form for our use? Once we have those details, we will be able to schedule recording time in the studio for the president.

Thank you,  
Alexis

Hello Dr. McIntosh,

Moving President Carter to BCC while we coordinate a video recording in the next few weeks to promote Children of Valor.

I am copying in Alexis Cunningham and Melissa Lee to assist with next steps.

Thanks,  
Hannah

**Subject:** Thank you for the magnificent call sir!

President Carter,

I am truly overwhelmed by your kindness today. Thank you for taking the time to learn more about Children of Valor. I am especially grateful for your willingness to schedule a video capture to promote Children of Valor in time for the giving season. Perhaps we could capture the video in the next few weeks?

Thank you for setting up a connection with Krisanthe, I am excited to speak with her about The Call Out podcast.

I hope the rest of your week is wonderful. Fall in Bexley is simply the best, I do miss walking the neighborhood this time of year. Standing by for open times in your schedule to capture the video.

Thank you again sir!

Respectfully,
