Kevin,

It's much faster & easier by phone than email.

When you have 10 minutes, would you mind calling my cell?

Good Morning Kevin,

I don't have an official office or work space in Columbus yet.

So to get out & feel part of a community...

I was going to head over to John Glenn College's open lounge outside of Trevor Brown's office to work today. That may or may not be available depending on student use.

Then I thought of something....

I thoroughly enjoyed our visit & being completely immersed in the OSU Military/Veteran space & community. It felt like home!

With the fact we will be working together so closely on critical projects for a very long time...

All I need is a small surface & WiFi...

Is there any possibility there's a spare corner in your area or another area you'd suggest I could work from?

Kindest regards,
Krisanthe

Krisanthe – so sorry, I am just now seeing this email.

The Glenn College’s open lounge is a great space.

Other spaces to think about are any of our 11 libraries [Ohio State University Libraries](#)

Here’s the link to Guest Wi-Fi [Ohio State Wi-Fi | The Ohio State University](#)

I don’t have any open space, but maybe the Lobby of our building would work for you as well.

Hope I helped...please let me know if you have any other questions...thanks!

Kevin,

I really appreciate your help to find OSU veterans for my support team. I'm building a team to expand the reach of my podcast-The Callout. The Callout's mission is to bring transitioning Military and Veterans into utility industry careers asap.

Please find below the YouTube channel and LinkedIn posts.

https://youtube.com/@thecalloutpodcast3716?si=26tatr0flhApjpkp_

https://www.linkedin.com/posts/krisanthe_military-veterans-thankalineman-activity-7284940639077593088-WB8z?utm_source=share&utm_medium=member_ios

I have been and continue to collaborate closely with OSU for this mission.

At the moment, my most immediate need is a person who's experienced in creating social media post clips to use for LinkedIn, Instagram and YouTube.

I will work with the individual to establish a daily post schedule/frequency. The hours of actual post content creation is completely up to the individual & done remotely.

Depending on experience, productivity pace & knowledge of what performs best based on each platform's algorithm the pay rate will fall between \$18-\$22/hr.

If the candidate has the experience of all the above, knows how to identify the best segments of each episode, best video length & create the language/messaging with little to no guidance it's possible the pay rate can be as high as \$25/hr.

Please feel free to pass my cell phone on to anyone interested. Thank you again for all your help!

Kindest regards,
Krisanthe

Kevin,

I really appreciate your help to find OSU veterans for my support team. I'm building a team to expand the reach of my podcast-The Callout. The Callout's mission is to bring transitioning Military and Veterans into utility industry careers asap.

Please find below the YouTube channel and LinkedIn posts.

<https://youtube.com/@thecalloutpodcast3716?si=26tatr0flhApjqp>

https://www.linkedin.com/posts/krisanthe_military-veterans-thankalineman-activity-7284940639077593088-WB8z?utm_source=share&utm_medium=member_ios

I have been and continue to collaborate closely with OSU for this mission.

At the moment, my most immediate need is a person who's experienced in creating social media post clips to use for LinkedIn, Instagram and YouTube.

I will work with the individual to establish a daily post schedule/frequency. The hours of actual post content creation is completely up to the individual & done remotely.

Depending on experience, productivity pace & knowledge of what performs best based on each platform's algorithm the pay rate will fall between \$18-\$22/hr.

If the candidate has the experience of all the above, knows how to identify the best segments of each episode, best video length & create the language/messaging with little to no guidance it's possible the pay rate can be as high as \$25/hr.

Please feel free to pass my cell phone on to anyone interested. Thank you again for all your help!

Kindest regards,
Krisanthe

I have been and continue to collaborate closely with OSU for this mission.

At the moment, my most immediate need is a person who's experienced in creating social media post clips to use for LinkedIn, Instagram and YouTube.

I will work with the individual to establish a daily post schedule/frequency. The hours of actual post content creation is completely up to the individual & done remotely.

Depending on experience, productivity pace & knowledge of what performs best based on each platform's algorithm the pay rate will fall between \$18-\$22/hr.

If the candidate has the experience of all the above, knows how to identify the best segments of each episode, best video length & create the language/messaging with little to no guidance it's possible the pay rate can be as high as \$25/hr.

Please feel free to pass my cell phone on to anyone interested. Thank you again for all your help!

Kindest regards,
Krisanthe

Kevin,

Thank you for agreeing to help Harry explore career opportunities in aviation, as well as within the military branches, at The Ohio State University airport.

He will graduate from Southeast Missouri State University May of 2025 with a bachelor's in aviation management.

He's expressed interest in adding hands on mechanical and operational experience related to aircraft, airport management and certifications and/or graduate studies.

He's actively seeking mentorship and job opportunities in all the above.

Thank you again for your time and support for one of my two favorite humans in the whole world! (The other is Angelo - his older brother in the Navy :-)

Harry - please see Kevin's bio below.

Good morning Kevin!

I had a great meeting this week with WOSU...it's very exciting! Thank you for that connection!

Based on what you described-it seems OSU Airport has multiple pieces ideal to feature ongoing in what I'm developing .

Spring of 2025 - I have a national utility event I'm a major sponsor & organizer where I think you would be ideal to join me.

It would launch our formal partnership on the National utility stage. You'd be a wonderful keynote speaker for the event's banquet dinner too!

When you have time...

Would you mind taking me for a tour & intros to work with me ongoing developing ideas to help transitioning mil & veterans to utilities?

Kindest regards,
Krisanthe

Krisanthe –

Glad you were able to connect with WOSU!

As an update, I'm meeting with Harry tomorrow.

For the national utility event, it depends on the date/location, and funding.

Besides a couple of OSU trips, I have a consulting trip for Johns Hopkins, and my PhD written/oral exams this spring.

Because my schedule is so full, I have to be very careful about taking on more initiatives.

I was a little confused by your email, are you asking for a tour of the OSU airport?

Thanks,

Kevin

Good morning Kevin!

I had a great meeting this week with WOSU...it's very exciting! Thank you for that connection!

Based on what you described-it seems OSU Airport has multiple pieces ideal to feature ongoing in what I'm developing .

Spring of 2025 - I have a national utility event I'm a major sponsor & organizer where I think you would be ideal to join me.

It would launch our formal partnership on the National utility stage. You'd be a wonderful keynote speaker for the event's banquet dinner too!

When you have time...

Would you mind taking me for a tour & intros to work with me ongoing developing ideas to help transitioning mil & veterans to utilities?

Kindest regards,

Krisanthe

I'm so thrilled you're talking with Harry tomorrow!!! He will benefit so much to have you as a mentor & resource!

I had no idea you're pursuing your PhD...how exciting for you Kevin!

As far as the utility event & OSU airport, it all relates to the bigger picture of the mission we discussed in your office my first visit.

Are you available for lunch tomorrow 12-1 or week of Feb. 4 to talk about all the above?

Kindest regards,

Blake –

Happy Monday...hope all is well!

Recently, I was introduced to Krisanthe Vlahos who runs a non-profit supporting veterans and has hosted President Carter twice on her podcasts.

She has two sons, Angelo who is enlisted in the Navy's nuclear power school, and Harry, a soon to be graduate from Southeast Missouri State with a bachelor's degree in aviation management.

Harry is super interested in OSU's airport...would it be ok if I introduced him to you?

Thanks,

Kevin

Subject: Thank you....Harry - OSU & NetJets

Hi Kevin!

I just got back from Charleston visiting Angelo for his Navy Nuke power school graduation!
On to prototype...Yay!!!

I talked to Harry tonight. He'll be up here 2nd week of March visiting OSU airport & NetJets.

He doesn't have all the details yet. I'll let you know when I do. I'll bring him by to meet the man who made it all possible when he's here.

Can't wait for you two to get together! Thank you for your help & friendship!!!!

Kindest regards,
Krisanthe

Kevin,

Would a few boxes of MREs be helpful at your office? We can get up to pallet delivered to you. Let me know how much you want and ill get it delivered.

Hi Kevin,

Lots to schedule with you!

If possible, I'd like to get you on calendar to join myself & President Carter at the Gaff n Go Rodeo where The Callout Podcast is a major organizer for the first ever military/veteran workforce development event at the rodeo.

The rodeo includes a lineman & drone competition. The drone competition is Friday, May 16.

Gaff n Go Rodeo
May 16-17
Richmond, VA

I'd appreciate your help starting a conversation with OSU airport/engineering leadership to invite OSU drone pilots to participate in the rodeo competition.

Are you comfortable starting an email with airport/engineering for drone pilots ...

Would you like to schedule a call to discuss further first?

Kindest regards,
Krisanthe

Krisanthe –

In terms of the podcast, I'm going to pass for now.

It was amazing you were able to host President Carter, and also very beneficial for Emilia to participate as well.

We get a number of similar requests from many diverse organizations, so I try to spread myself and office personnel out evenly and fairly through them all.

For drones, I recommend you try the College of Engineering Center for Aviation Studies Industry Collaborations Assistant Director Brian Strzempkowski at strzempkowski.1@osu.edu or 614-292-0816.

Have a great weekend!

Always great to hear from you, and I hope all is well with you and the boys.

I have a particularly busy summer with work on my PhD dissertation.

If possible, would you mind swinging by the office instead so we can chat?

That would help maximize my calendar.

Thanks,

Kevin

Kevin - this might sound crazy but thought I'd check. Harry's really into health, working out & what the body can do.

Is there a role or area of study which the above is a focus in Air Force?

Hard stop - I'll set timer so my squirrel brain knows when to stop.

Kevin - it's important we talk so you have information about solutions coming which will address every aspect of yesterday's concerns including workforce hiring events.

Hard stop - I'll set timer so my squirrel brain knows when to stop.

Do you have time 10 minutes this week for quick in person visit?
