Johannes, Krisanthe –

I hope you're both doing well.

Johannes, I really enjoyed our dinner recently and appreciated the conversation. It left me thinking you'd be a great person for Krisanthe to meet, given her focus on supporting Veterans and helping them find meaningful roles in industry with organizations like American Electric Power.

Krisanthe, Johannes is a colleague I've had the pleasure of getting to know recently, and I think the two of you may find some interesting overlaps in your networks and priorities.

I'll step out from here and let you decide if a brief chat makes sense. I'm glad to connect you both.

Good Afternoon JP,
I hope your week has gone well!

I'm truly looking forward to the honor of you cohosting The Callout Podcast at WOSU Dec.10 to officially launch our partnership

I'm beyond proud to lead together with JobsOhio, the State of Ohio & Ohio State University.....a national AI Transition, Education & Workforce Development tool for our Military & Veterans.

Per General Harris's request following our meeting this morning with President Carter, I'm sending this communication to request your help for an in person meeting.

The purpose of the meeting is to perform a demo of our **fully customizable & white label capable AI Veteran Transition Tool**, as well as review the attached business use case analysis of this technology reflecting the economic impact for the state of Ohio.

Executive Summary:

Copied in this email is
Chris Kabourek-OSU SVP Administration & Planning
Rob Lowden - OSU VP & CIO
Paul Hylenksi - Founder & Developer VetMentorAI
Matt Poch - VetMentorAI Govt AI Counsel & IP SME

Would it be possible to look at calendars to find a day to meet at JobsOhio Headquarters after Thanksgiving for an hour?

Good morning – I have the following two options available for an in person meeting at JobsOhio:

December 10th 12pm to 1pm or

December 18th 11:30am to 12:30pm

Please let me know which might work best and I can follow up with a meeting invite and instructions for parking and security.

Thank you!

Good morning,

I am not available on the 10th for meeting but will be with key players for podcast recording in the afternoon so I am happy to get a read then. I have already seen the demo and know how good it looks with great potential.

Good Morning Alyssa -

Hope you had a wonderful Thanksgiving!

I communicated with Maria this morning who said General Harris is confirmed for next Wednesday 12-1pmEST at JobsOhio headquarters.

Paul, Matt & I are confirmed too.

Are Chris Kabourek & Rob Lowden confirmed for OSU?

Will the calendar event invite come from JobsOhio?

Good Afternoon JP,
I hope your week has gone well!

I'm truly looking forward to the honor of you cohosting The Callout Podcast at WOSU Dec.10 to officially launch our partnership

I'm beyond proud to lead together with JobsOhio, the State of Ohio & Ohio State University.....a national AI Transition, Education & Workforce Development tool for our Military & Veterans.

Per General Harris's request following our meeting this morning with President Carter, I'm sending this communication to request your help for an in person meeting.

The purpose of the meeting is to perform a demo of our **fully customizable & white label capable AI Veteran Transition Tool**, as well as review the attached business use case analysis of this technology reflecting the economic impact for the state of Ohio.

Thank you Rob.

Chris & Rob - next Wednesday's meeting at JobsOhio is a critical one. Your presence is requested to be part of history, not just another typical meeting.

This meeting has been positioned as THE formal launch of my app - VetEarnUSA. This launch will be led from Ohio to change Veterans lives at a national level.

We will review the national marketing plan of the VetEarnUSA Workforce Development Program then roll into the app demo.

It's equally important you be present to participate in the demo with my developer in the room- Paul Hylenski & his advisor Matt Poch. Both are Veterans.

Your participation in this VWD program & AI technology is essential to the success of all transitioning Military & Veterans in our nation.

When do you think you'll know if you're traveling next Wednesday?

Good Morning Alyssa -

Hope you had a wonderful Thanksgiving!

I communicated with Maria this morning who said General Harris is confirmed for next Wednesday 12-1pmEST at JobsOhio headquarters.

Paul, Matt & I are confirmed too.

Are Chris Kabourek & Rob Lowden confirmed for OSU?

Will the calendar event invite come from JobsOhio?

Good Afternoon JP,

I hope your week has gone well!

I'm truly looking forward to the honor of you cohosting The Callout Podcast at

WOSU Dec.10 to officially launch our partnership

I'm beyond proud to lead together with JobsOhio, the State of Ohio & Ohio State University.....a national AI Transition, Education & Workforce Development tool for our Military & Veterans.

Per General Harris's request following our meeting this morning with President Carter, I'm sending this communication to request your help for an in person meeting.

The purpose of the meeting is to perform a demo of our **fully customizable & white label capable AI Veteran Transition Tool**, as well as review the attached business use case analysis of this technology reflecting the economic impact for the state of Ohio.

Executive Summary:

Copied in this email is

Chris Kabourek-OSU SVP Administration & Planning

Rob Lowden - OSU VP & CIO

Paul Hylenksi - Founder & Developer VetMentorAI

Matt Poch - VetMentorAI Govt AI Counsel & IP SME

Would it be possible to look at calendars to find a day to meet at JobsOhio Headquarters after Thanksgiving for an hour?

Thank you Rob.

Chris & Rob - next Wednesday's meeting at JobsOhio is a critical one. Your presence is requested to be part of history, not just another typical meeting.

This meeting has been positioned as THE formal launch of my app - VetEarnUSA. This launch will be led from Ohio to change Veterans lives at a national level.

We will review the national marketing plan of the VetEarnUSA Workforce Development Program then roll into the app demo.

It's equally important you be present to participate in the demo with my developer in the

room- Paul Hylenski & his advisor Matt Poch. Both are Veterans.

Your participation in this VWD program & AI technology is essential to the success of all transitioning Military & Veterans in our nation.

Good Afternoon JP,

I hope your week has gone well!

I'm truly looking forward to the honor of you cohosting The Callout Podcast at WOSU Dec.10 to officially launch our partnership

I'm beyond proud to lead together with JobsOhio, the State of Ohio & Ohio State University.....a national AI Transition, Education & Workforce Development tool for our Military & Veterans.

Per General Harris's request following our meeting this morning with President Carter, I'm sending this communication to request your help for an in person meeting.

The purpose of the meeting is to perform a demo of our **fully customizable & white label capable AI Veteran Transition Tool**, as well as review the attached business use case analysis of this technology reflecting the economic impact for the state of Ohio.

Executive Summary:

Copied in this email is

Chris Kabourek-OSU SVP Administration & Planning

Rob Lowden - OSU VP & CIO

Paul Hystenksi - Founder & Developer VetMentorAI

Matt Poch - VetMentorAI Govt AI Counsel & IP SME

Would it be possible to look at calendars to find a day to meet at JobsOhio Headquarters after Thanksgiving for an hour?

Dear Krisanthe, Rob, and Shereen,

I would like to introduce the three of you.

Krisanthe and Rob have previously discussed creating a platform to better attract and serve Veterans in their search for education and workforce opportunities. Shereen, in your role as the Director of the Center for Software Innovation, I am hoping Rob can coordinate a meeting for the three of you to discuss future possibilities.

My goal is to explore how we can work together to make our priority of being the most Veteran-friendly university in the U.S. a reality.

Stay well and safe everyone,

Good morning Shereen, Lynne & Rob -

Thank you again for your time, enthusiasm and support yesterday! I cannot express enough how much I enjoyed meeting with you!

Shereen and Lynne -

I have an idea I'd like to discuss with you. I mentioned an existing workforce platform which I'd like to stack inside my app. It's already a functioning APP built on Microsoft Azure. My understanding is Microsoft Azure is the most widely used system inside the Pentagon and federal systems for its security.

I know the owners of the app. A few months ago, I had extensive conversations with them about possibly working with me to build out my concept. We never went any further than conversations.

It's also helpful they are working closely with a corp headquartered in Columbus tied directly to national utility industry workforces. They're in my targeted workforce space and visit Columbus frequently.

In an effort to expedite creating my MVP...

- * Would you be open to discussing with me how we could utilize their existing platform while building my app with your approach/thoughts from yesterday and still protect my IP?
- * Is it possible to create the MVP with them then use OSU to support scaling quickly?
- * Is it possible to still find the dedicated engineer to be the driver and translator between the existing platform developers and myself?

After you ladies and me discuss all the above...

I'd like to consider pulling together a meeting of my relationships who are ready and willing to support funding and/or socialization of all the above to introduce you to them.

We would lead with an Ohio think tank joint forces collaboration. While you may feel there are additional OSU stakeholders who should be involved as we go, I believe it's important you ladies & Rob be a part of the initial conversation with the CEOs/leadership of these orgs.

The organizations I would include in the meeting are as follows-

Funding:

JobsOhio - JP Nauseef
The Ohio Fund - Mark Kvamme
Easy Day - Landon Gyulay

Socialization:

Ohio National Guard - General Woodruff
Ohio Department of Veteran Services-General John Harris
SVA - Cory Boatwright
Anduril - Zach Mears
AEP - Bill Fehrman

Would you be available for a follow up meeting next week to discuss next steps?

Hi Shereen and Lynne :-)

I'd like to schedule a call to introduce you to the software folks who have the existing platform and app. I'd appreciate your feedback and gut feel for their capabilities, as well as personalities. Your expertise is important in who I select for a developer, as well as the lead managing project engineer.

I have funding, marketing and partnerships ready to go. As we discussed, I need an MVP to engage all the pieces.

In addition to my previous email below -

I wanted to mention I have secured the URLs, incorporated in Ohio, have presentation/marketing collateral started for my app - VetEarnUSA.

It's the word "Veteran" with 2 letters transposed creating another term. A play on the multifunctional utilization of our great nation's most versatile and valuable asset - our Veterans!

The VetEarnUSA logo is a challenge coin.

The VetEarnUSA app is where our 1% will find their customized paths to stability and growth, a like minded community and high paying meaningful careers.

The VetEarnUSA app serves 2 immediate critical purposes powered by AI technology in the palm of their hands 24/7.

The first is a community where active Military and Veterans connect with each other and earn "challenge coins".

These coins earn rewards through app activities such referrals, resume creation, skills testing, completing courses/degrees/certs, job applications and countless other functions. The challenge coins are sponsored by the commercial side of the membership.

The second is "mapping" the path directly to higher ed, training programs and/or immediate career opportunities.

Ready to support are active Military/Veterans/Veteran advocate influencers, Veteran orgs, national corps, training schools and states/National Guard units. They're waiting in the wings to join the beta test and promote the app.

Thank you again for all your support!

This seems like a good way to help quickly and then let her take it from there. Thanks.

Hi Shereen and Lynne :-)

I'd like to schedule a call to introduce you to the software folks who have the existing platform and app. I'd appreciate your feedback and gut feel for their capabilities, as well as personalities. Your expertise is important in who I select for a developer, as well as the lead managing project engineer.

I have funding, marketing and partnerships ready to go. As we discussed, I need an MVP to engage all the pieces.

Would you be open to me moving forward with scheduling a call for all of us?

Would you prefer I go about next steps differently?

In addition to my previous email below -

I wanted to mention I have secured the URLs, incorporated in Ohio, have presentation/marketing collateral started for my app - VetEarnUSA.

It's the word "Veteran" with 2 letters transposed creating another term. A play on the multifunctional utilization of our great nation's most versatile and valuable asset - our Veterans!

The VetEarnUSA logo is a challenge coin.

The VetEarnUSA app is where our 1% will find their customized paths to stability and growth, a like minded community and high paying meaningful careers.

The VetEarnUSA app serves 2 immediate critical purposes powered by AI technology in the palm of their hands 24/7.

The first is a community where active Military and Veterans connect with each other and earn "challenge coins".

These coins earn rewards through app activities such as referrals, resume creation, skills testing, completing courses/degrees/certs, job applications and countless other functions. The challenge coins are sponsored by the commercial side of the membership.

The second is “mapping” the path directly to higher ed, training programs and/or immediate career opportunities.

Ready to support are active Military/Veterans/Veteran advocate influencers, Veteran orgs, national corps, training schools and states/National Guard units. They’re waiting in the wings to join the beta test and promote the app.

Thank you again for all your support!

Good morning Shereen, Lynne & Rob -

Thank you again for your time, enthusiasm and support yesterday! I cannot express enough how much I enjoyed meeting with you!

Shereen and Lynne -

I have an idea I’d like to discuss with you. I mentioned an existing workforce platform which I’d like to stack inside my app. It’s already a functioning APP built on Microsoft Azure. My understanding is Microsoft Azure is the most widely used system inside the Pentagon and federal systems for its security.

I know the owners of the app. A few months ago, I had extensive conversations with them about possibly working with me to build out my concept. We never went any further than

conversations.

It's also helpful they are working closely with a corp headquartered in Columbus tied directly to national utility industry workforces. They're in my targeted workforce space and visit Columbus frequently.

In an effort to expedite creating my MVP...

* Would you be open to discussing with me how we could utilize their existing platform while building my app with your approach/thoughts from yesterday and still protect my IP?

* Is it possible to create the MVP with them then use OSU to support scaling quickly?

* Is it possible to still find the dedicated engineer to be the driver and translator between the existing platform developers and myself?

After you ladies and me discuss all the above...

I'd like to consider pulling together a meeting of my relationships who are ready and willing to support funding and/or socialization of all the above to introduce you to them.

We would lead with an Ohio think tank joint forces collaboration. While you may feel there are additional OSU stakeholders who should be involved as we go, I believe it's important you ladies & Rob be a part of the initial conversation with the CEOs/leadership of these orgs.

The organizations I would include in the meeting are as follows-

Funding:

JobsOhio - JP Nauseef

The Ohio Fund - Mark Kvamme

Easy Day - Landon Gyulay

Socialization:

Ohio National Guard - General Woodruff

Ohio Department of Veteran Services-General John Harris

SVA - Cory Boatwright

Anduril - Zach Mears

AEP - Bill Fehrman

Would you be available for a follow up meeting next week to discuss next steps?
