Good morning, Krisanthe!

I will send the contract to you shortly to sign via DocuSign.

Regarding your guest account request, I reached out to OSU's IT office to inquire about the status, since from my view it is still showing as follows:

IT confirmed that this is the current status of the request and provided the recommendations below, some of which I know you have already tried.

Per your screenshot it is at the stage where the request has been approved, and the system is now waiting on the guest to confirm their information. This guest has until 7/8/2025 to complete that request before the request expires and will need to be restarted from the beginning. If the user is not seeing our email they may want to check their junk/spam folder to see if it is in there. If they still cannot find it there might be something on their end possibly blocking that email. Some possible options are a rule in their inbox that is sending that email somewhere/deleting the email. The email address on file we have could be incorrect, we show kv@thecalloutpodcast.com, please confirm that is the correct email address and if not you may need to update the request to reflect the correct information. There are other possibilities but those are the most likely reasons they are not getting the email.

I have asked them to send the request to you; hopefully, that happens soon. I will let you know as soon as I have any updates.

Thank you!
Laurie

Anthony,

I’m so excited to launch our partnership!

As we discussed about real estate & horse farms, please find attached Linda Wasil’s contact info.

Next Steps-

1. I will send an NDA.
2. Do we have any possible dates for our next meeting with your SMEs to start figuring out how to assemble our partnership?
3. Is it possible to categorize me as an approved contractor, or another acceptable category, which provides a security pass to work at a cubicle?

Since I know so many OSU leadership, including President Carter, I’m hoping we can come up with something to approve me.

Kindest regards,
Krisanthe

Krisanthe,

Good morning! Great to hear from you and enjoying this great weather. I understand from the team that things are progressing with show concepts and contract finalization, which is very exciting.

The consistent use of space (as of my last conversation with the RE folks) is tied somewhat to having an agreement in place. However, using some space for a few hours today would give you and I a chance to catch up as well as follow up with the team on any questions, if they are available. What time were you thinking for today?

Thank you,

Anthony

Hi Laurie!

I really enjoyed where I worked during my last visit. It's extremely helpful for my work to have windows & easy access to stairs for movement & to get outside intermittently.

I'll be working very long hours 6-7 days a week. Weekdays & weekends.

I'd like to be at the office as early as possible Monday morning to hit the ground running. Whatever time earliest time someone can let me in, I'll be there.

I'll head over to the union to get my ID too.

Any word yet if I can work at the same desk area I was last time by Stacia overlooking fraternity & OSU offices?

Kindest regards,
Krisanthe

Anthony and Laurie,

I thought of something.

Since OSU is has very tight operating protocols in every area, especially disclosures and security....

Could you please send me the standard OSU NDA for our partnership use?

We do have a “protocol” for this with our relationship with the Ohio Newsroom that might apply here – I’m looking more into how that was setup and what’s involved.

1. I'll be on the lookout for the NDA
2. Laurie is looking at calendars to coordinate a meeting (hopefully next week) and will include Stacia our Dir. of Content and TV PGM (the experts)
 - a. Explain the premise of the show
 - b. Share longer term goal / vision
 - c. Evaluate current production support and help staff understand the technical / production needs
 - d. Create considerations for budget preparation
 - e. Ideate around potential schedule, support needs, workflow, etc.

Anthony,

I'm so excited to launch our partnership!

As we discussed about real estate & horse farms, please find attached Linda Wasil's contact info.

Next Steps-

1. I will send an NDA.
2. Do we have any possible dates for our next meeting with your SMEs to start figuring out how to assemble our partnership?

3. Is it possible to categorize me as an approved contractor, or another acceptable category, which provides a security pass to work at a cubicle?

Since I know so many OSU leadership, including President Carter, I'm hoping we can come up with something to approve me.

Hi Anthony - I'm in Charleston visiting Angelo at Goose Creek base. He graduates Navy nuke program August 15.

He got his orders last night. He reports to Kings Bay, GA in September as an official Navy nuclear sub operator!

I'm working remotely from Charleston this week then back in Columbus this Saturday.

I'd like to aim for recording one episode towards end of July. The next recording Wednesday Aug. 6.

When will I receive a fully executed agreement?

Will I be able to come in next Monday when building opens to hit the ground running-cubicle, credentials, wifi access?

Kindest regards,

Good morning My Amazing WOSU team!

I can't thank you all enough for making our first recording a great one! My guests absolutely loved it!

Next Wednesday, 8/27 from 9:30am-12pmEST...

we will be recording in person with President Carter who'll be guest cohosting with me. Going forward, I've recruited a friend to be my archivist of The Callout.

She's been charged with capturing fun photos of us on prepping, group shots, guests and crew...of course with your permission.

I'd love to get a group photo of all of us with President Carter next week. Everyone included on this email has been instrumental in the support & success of our launch.

Would it be possible to have everyone present between 9-9:15 for a group photo?

Hi Krisanthe:

Attached is our proposal for The Callout production services. John Prosek manages our Broadcast Operation Video Production Services area. He's broken the proposal down to costs per episode, with the overall cost covering 50 episodes. If you have any questions about the proposal, please reach out to John (john.prosek@wosu.org).

I know Ben has reached out to you concerning the May event, please let me know if you need any additional information.

Based on the attached proposal information, if you decide to move forward with us on the project, I will follow up with information on possible workspace accommodations.

Good Morning Stacia and Anthony,

Hope you're surviving budget season!

I'm working on podcast pairings/scheduling, the major event in May in Richmond which I'd like to discuss camera crew/resources, events with NVMM & more.

I wanted to check in to see if we have any updates regarding podcast production next steps and workspace to see your happy faces regularly. :-)

Excited to move forward soon!

Kindest regards,

Good Morning Laurie

This beautiful Monday morning has been exciting & incredibly productive! It's also overflowing....each meeting is taking a bit longer than expected. Everything unfolding is included in what I want to update Anthony. I do not want to have him on standby or waiting for me.

Is it possible to shift our meeting to late afternoon or tomorrow?

Anthony,

I'm so excited to launch our partnership!

As we discussed about real estate & horse farms, please find attached Linda Wasil's contact info.

Next Steps-

1. I will send an NDA.
2. Do we have any possible dates for our next meeting with your SMEs to start figuring out how to assemble our partnership?
3. Is it possible to categorize me as an approved contractor, or another acceptable category, which provides a security pass to work at a cubicle?

Since I know so many OSU leadership, including President Carter, I'm hoping we can come up with something to approve me.

Anthony,

I'm so excited to launch our partnership!

As we discussed about real estate & horse farms, please find attached Linda Wasil's contact info.

Next Steps-

1. I will send an NDA.
2. Do we have any possible dates for our next meeting with your SMEs to start figuring out how to assemble our partnership?
3. Is it possible to categorize me as an approved contractor, or another acceptable category, which provides a security pass to work at a cubicle?

Since I know so many OSU leadership, including President Carter, I'm hoping we can come up with something to approve me.

Kindest regards,
Krisanthe

Krisanthe,

It was great to meet you the other day. Thank you for stopping by to learn more about WOSU and share more about your podcast, work and passion.

1. I'll be on the lookout for the NDA
2. Laurie is looking at calendars to coordinate a meeting (hopefully next week) and will include Stacia our Dir. of Content and TV PGM (the experts)
 - a. Explain the premise of the show
 - b. Share longer term goal / vision
 - c. Evaluate current production support and help staff understand the technical / production needs
 - d. Create considerations for budget preparation
 - e. Ideate around potential schedule, support needs, workflow, etc.
3. We do have a "protocol" for this with our relationship with the Ohio Newsroom that might apply here – I'm looking more into how that was setup and what's involved.

Thank you,

Anthony

Since OSU is has very tight operating protocols in every area, especially disclosures and security....

Could you please send me the standard OSU NDA for our partnership use?

Anthony and Laurie,

In addition to my previous inquiry if you have an NDA we can use so covers all OSU concerns...I'm wondering if WOSU has another built in resource.

I think I need 1-2 people to start to support video clip production for social media posts, YouTube channel management & all social media platforms management.

Does WOSU have people I can hire to support me?

I don't believe we have anything official with Clare from The Ohio Newsroom. This would be similar arrangement. We could build off of how we have her set up and get them both aligned.

Yes, Stacia is available for in person.

I didn't know the answers to your other questions, so I checked with Laura. She thinks we would write up a lease or rental contract for whatever space she takes. Not sure about what the cost would be – Kevin/legal would likely need to advise us on that. Separately, we would have to set up a sponsorship for her to get access across the network and the building.

Please let me know if you need me to track down any more specific info.

Do you know if Stacia will be available in person? I'd also like to update her on the availability of space.

Do you know what is required on our part to find a space for her. I believe we need to sponsor her for

access to the building and network. However, I also want to make sure that we have something that outlines our agreement and fits with Pare and the larger project.

Subject: NDA

Hi, Kendra:

Do you happen to have a blanket OSU NDA template you could share with me? Anthony is currently in talks for a partnership with The Callout Podcast and wondered if we have an NDA we could start with.

Thanks!

Hi Laurel!
Yes - next Tuesday works.

I'm currently scheduled to be out of town, but can definitely do the meeting remotely. Let me see if I can move things around to be in Columbus next Tuesday.

Can we please secure the time with a reminder link for now while I see what I can do to be in person?

Kindest regards,
Kriszta

We do have a "product" for the relationship with the Ohio Newsroom that might apply here - I'm looking more into how that was setup and what's involved.

1. Be back in the studio for the NDA
 2. Look to looking at calendar to coordinate a meeting (hopefully near week) and will include Secis our Dir. of Content and TV/PSM (the experts)
 - a. Explain the premise of the show
 - b. Show longer term goal / vision
 - c. Create content production support and help staff understand the technical / production needs
 - d. Create considerations for budget preparation
 - e. Create general schedule, support needs, workflow, etc.

Anthony,

I'm so excited to launch our partnership!
As we discussed about next steps & how to move forward, please find attached Linda Wall's contact info.

Next Steps:

1. I will send an NDA.
2. Do we have any possible dates for our next meeting with your SMEs to start figuring out how to assemble our partnership?
3. Is it possible to categorize me as an approved contractor, or another acceptable category, which provides a security pass to work at a cube/city?

Since I know so many OSU leadership, including President Carter, I'm hoping we can come up with something to approve me.

Kindest regards,

I hope you are doing well. I just wanted to provide a quick update on the space and let you know that I had a follow-up with the real estate folks this morning. We're one step closer and I hope to have everything figured out by next week. Look forward to catching up soon.

Hi Kriszta,
Please see Anthony's email below concerning office space. I know you're anxious to move forward, but we need to work out a few details before we can offer space and access to the building. We'll follow up with you on this matter as soon as we're able. Thank you for your patience.

This is very exciting indeed. I know Stacks and the team about the excitement and see an opportunity for impact. I'm excited to work back to you about the office space. I'm hoping that we can just let the space be a part of the agreement as well as that. I have reached out to the Ross Center group for some guidance and I'm waiting on a reply from them. There might be some things to jump through but I'm not expecting anything that we can't manage. I'll follow up as soon as they get back to me.

Look forward to seeing you soon and hearing about how things are progressing.

Thank you!

Hi Stacks
I'd like to move forward.

Is there an opportunity to come back in one more time for an hour to go over the proposal to verify the understanding of it all?

What are the next steps to get started with scheduling & workspace for myself?

Krisanthe,

Good morning! Great to hear from you and enjoying this great weather. I understand from the team that things are progressing with show concepts and contract finalization, which is very exciting.

The consistent use of space (as of my last conversation with the RE folks) is tied somewhat to having an agreement in place. However, using some space for a few hours today would give you and I a chance to catch up as well as follow up with the team on any questions, if they are available. What time were you thinking for today?

Thank you,

Anthony

Thanks Chris!

I thoroughly enjoyed my trial run yesterday overlooking the fraternity sandlot & your offices! It felt like home!

I have an agreement from Stacia I'm reviewing which includes workspace. My goal is to schedule one day a month to record 2 podcasts each time in the studio. I want to be as efficient as possible with WOSU resources & time.

The plan is to start recording mid June through mid November. We're going to start with episodes highlighting the Gaff n Go Rodeo of 2K audience. Then start featuring the International Lineman's Rodeo of 5K audience in October.

Each will have a ton of content to promote since The Callout is a sponsor and organizer for concerts, awards banquets AND...

the first ever Military & Veteran Workforce Development events at each rodeo!

It's imperative we engage David Harrison at Columbus State as soon as possible. I emailed him a couple weeks ago, but haven't heard back.

Perhaps we could schedule a meeting or lunch for us to kick things off?

When & how do you plan to proceed engaging Columbus State?

How can I help?

Kindest regards,
Krisanthe

As Anthony indicated, and as I'm learning, we have significant restrictions on what we can provide to third parties without an agreement. As you continue to evaluate a potential agreement, I would encourage us to talk to Columbus State as well, as I think that may be the partnership needed to help assist in this.

Happy to chat further soon.

Good morning! Great to hear from you and enjoying this great weather. I understand from the team that things are progressing with show concepts and contract finalization, which is very exciting.

The consistent use of space (as of my last conversation with the RE folks) is tied somewhat to having an agreement in place. However, using some space for a few hours today would give you and I a chance to catch up as well as follow up with the team on any questions, if they are available. What time were you thinking for today?

Do you know if she is ready to sign or are we just modifying the proposal?

Just trying to keep it straight. Do we need to send this through legal?

Also, we need to figure out how to include the use of a cubical while we are in contract with her. Shayla (salamino.2@osu.edu) at PARE is familiar with what we are trying to do, we just need the correct language. Could you touch base with her...if not I can reach out next week.

Krisanthia,

First off, the logo looks great on the car. The only question I have is, did they let you drive it?

I'll be getting the signed contract back to you this week for your signature and execution. I'm waiting on a final piece of information related to how the rental of space should be worded or included. There is a possibility that we may have to do an addendum that specifically calls out space utilization, but I don't see that being an issue.

Laurie, is working on getting the credentials set up. She may be in touch for additional information.

Thank you,

Anthony

Good morning, Krisanthel

I will send the contract to you shortly to sign via DocuSign.

Regarding your guest account request, I reached out to OSU's IT office to inquire about the status, since from my view it is still showing as follows:

My Request Search Results

Request ID	Requester	Request Description	Status	Priority	Created	Last Modified	Assigned To
123456	alan@osu.edu	Guest Account Request	Pending	High	6/25/2025 10:30 AM	6/25/2025 11:35 AM	IT Support

IT confirmed that this is the current status of the request and provided the recommendations below, some of which I know you have already tried.

Per your screenshot it is at the stage where the request has been approved, and the system is now waiting on the guest to confirm their information. This guest has until 7/3/2025 to complete that request before the request expires and will need to be restarted from the beginning. If the user is not seeing our email they may want to check their junk/spam folder to see if it is in there. If they still cannot find it there might be something on their end possibly blocking that email. Some possible options are a rule in their inbox that is sending that email somewhere/deleting the email. The email address on file we have could be incorrect, we show ku@thecalloutpodcast.com, please confirm that is the correct email address and if not you may need to update the request to reflect the correct information. There are other possibilities but those are the most likely reasons they are not getting the email.

I have asked them to send the request to you; hopefully, that happens soon. I will let you know as soon as I have any updates.

Thank you!

Laurie

Krisanthel,

You should expect it later today or early tomorrow. We are working with legal to add language to outline the use of cubical space. If we can't get that finalized today, we'll plan to move forward with the agreement as is so you can begin work and add an amendment for the cubical space. It would be cleaner to keep it together since the use of the space is included in the price, but an amendment would work.

Laurie has started the process for your approvals (access, w-9, etc.). Could you check your email for any requests for information or confirmations? They may be sending you something as part of the automated process.

Thank you,

Good morning, Krisanthe!

I will send the contract to you shortly to sign via DocuSign.

Regarding your guest account request, I reached out to OSU's IT office to inquire about the status, since from my view it is still showing as follows:

IT confirmed that this is the current status of the request and provided the recommendations below, some of which I know you have already tried.

Per your screenshot it is at the stage where the request has been approved, and the system is now waiting on the guest to confirm their information. This guest has until 7/8/2025 to complete that request before the request expires and will need to be restarted from the beginning. If the user is not seeing our email they may want to check their junk/spam folder to see if it is in there. If they still cannot find it there might be something on their end possibly blocking that email. Some possible options are a rule in their inbox that is sending that email somewhere/deleting the email. The email address on file we have could be incorrect, we show kv@thecalloutpodcast.com, please confirm that is the correct email address and if not you may need to update the request to reflect the correct information. There are other possibilities but those are the most likely reasons they are not getting the email.

I have asked them to send the request to you; hopefully, that happens soon. I will let you know as soon as I have any updates.

Thank you!
Laurie

forward with the agreement as is so you can begin work and add an amendment for the cubicle space. It would be cleaner to keep it together since the use of the space is included in the price, but an amendment would work.

Laurie has started the process for your approvals (access, wi-fi, etc.). Could you check your email for any requests for information or confirmations? They may be sending you something as part of the automated process.

Good Morning Anthony!

John asked me if July 22 & 23 could work to start recording the podcast. I've sent messages to a variety of folks asking if they're available to fly in to accommodate those dates.

I'd like to work towards ramping up to record twice a month pretty quickly.

The national corps in each episode will also be scheduled to host Veteran workforce development events with NVMM President Bill Butler & myself at the museum for Veterans to remote in , hear about the opportunities then apply live for real jobs open today.

Will we be able to finalize the contract today or tomorrow?

There is a possibility that we may have to do an addendum that specifically calls out space utilization, but I don't see that being an issue.

Hi Laurie,

I just received the following message from Mary:

“There is no need for any separate real estate agreement for the use of the cubicle/desk. I would suggest WOSU adds something along the lines of “providing the use of a desk/cubical two (2) days a week to be used in connection with Client’s podcast” in the section citing to what WOSU is responsible for providing. Please note that I am not reviewing or approving the production agreement, and it should be reviewed by whomever WOSU typically sends this type of agreement to for review.”

If you have any additional questions, please let me know.

Thanks

[FY26 Signaure Delegation Anthony Padgett WOSU 2025.05.20 revised with attachments.pdf](#)

Hello, Stacia and John:

I wanted to let you know that Krisanthe Vlahos officially signed the production agreement yesterday – see attached.

I noticed that the version of the production agreement originally drafted for The Callout Podcast work omitted the indemnification clause that should be in the OSU-legal approved version of that agreement template. I revised the form to include that clause as well as a sentence allowing her use of a desk/cubicle. I have attached Anthony’s approved signature delegation authority document here for your records – within it includes all approved contract templates that Anthony is permitted to sign, and those templates should not be revised except in the sections indicated.

Thank you, both!

Sincerely,
Laurie

Hi Anthony - I'm in Charleston visiting Angelo at Goose Creek base. He graduates Navy nuke program August 15.

He got his orders last night. He reports to Kings Bay, GA in September as an official Navy nuclear sub operator!

I'm working remotely from Charleston this week then back in Columbus this Saturday.

I'd like to aim for recording one episode towards end of July. The next recording Wednesday Aug. 6.

When will I receive a fully executed agreement?

Will I be able to come in next Monday when building opens to hit the ground running-cubicle, credentials, wifi access?

Kindest regards,
Krisanthe

Good morning, Krisanthe!

I am reaching out with guidance for you to begin working next week in the WOSU building. My colleague Casey Paris will be in the WOSU lobby at 8:30 am on Monday morning to let you into the building. If you need to reach her, her email address is Casey.Paris@wosu.org.

We have a guest badge you can use on Monday so that you can get into the third-floor workspace area throughout the day without getting locked out anytime you leave to eat, use the restroom, etc. **This badge must be returned before you leave the office on Monday (see further below for information about access beyond then).**

I will be out of the office next week on vacation, but please let me know if you have any follow-up questions for me today before I head out of town.

Wishing you a happy Independence Day!

Sincerely,
Laurie

Office Space

I confirmed yesterday that you will be assigned the cubicle space you had requested – the same one you had used before on the third floor by the window.

Recommended Steps on Monday

1. Obtain a BuckID

- This is the first step I recommend you complete on Monday morning as we cannot begin the process of giving you building access until you have this ID.
- The location of the BuckID office (in the OSU student union across the street from WOSU) and instructions for obtaining your BuckID are below.
- **The BuckID office opens at 8:00 am on Monday morning.**

The screenshot shows the BuckID website interface. At the top, it says "Office of Student Life" and "BUCKID". Below that is a navigation menu with "Home", "About Us", "Our Services" (highlighted), "Merchant Information", "Manage Your Account", and "FAQs". A search icon is on the right. On the left, there is a sidebar menu with "Our Services" and a list of options: "Obtaining Your BuckID", "Digital BuckID", "Guest and Contractor Badging" (highlighted with a red bar), "Guest Account Request Process", "Department Cards", "Refund Request", "Attendance Tracking", "Access Control", and "University Rates". The main content area is titled "Guest and Contractor Badging Process" and contains the following text:

Contractors and guests requiring a BuckID must be submitted and approved by an authorized university representative before they can be badged by BuckID. This typically involves going through the **OCIO guest account creation process** found at my.osu.edu. If you are a contractor or guest and require a guest or contractor BuckID, you should **reach out to your primary point of contact at the university to begin the process.**

If you have already received an approval email notifying you that your record has been created and that you are now approved to receive a BuckID, you can visit our office in **Suite 3040 of the Ohio Union** to receive your guest or contractor BuckID.

Please note that you will be required to **show a government issued photo ID** in order to receive a BuckID. There is also a **\$10 charge** to receive your first guest or contractor BuckID, and a **\$30 charge** to replace a lost BuckID.

If a department elects to pay for the contractor or guest badge, they must submit a Non-Catalog requisition through WorkDay to BuckID Card Services, which must be fully approved in WorkDay **prior** to the contractor or guest scheduling an appointment to be badged.

If a contractor or guest arrives without proper ID or they have not been approved through the correct process, BuckID staff will be unable to assist them.

2. Arrive at WOSU

- Per above, Casey Paris will be waiting for you in the lobby at 8:30 am.
- Casey will take a picture of your BuckID when you arrive so that our building coordinator can initiate your building access request, which will

hopefully be completed and in place when you return to the office on Tuesday. When new BuckIDs are printed, an identification number is generated and included on it. We cannot request swipe access for you until we have that information.

3. Building Open Space, Maintenance, and Security Guidelines

- Below are building guidelines we provide to all WOSU staff. Since the list already existed, I thought I would share it with you should the information be helpful.

Open Office Guidelines:

- Please keep proximity to others in mind throughout the day. Our office has a variety of private collaboration spaces such as huddle, phone, and conference rooms for everything from one-on-one conversations to larger brainstorming sessions. Get in the habit of using those spaces for any extensive discussions, but do not monopolize a room. The radio studios and video edit suites are not to be used for personal meetings and discussions.
- Be aware that noisy conversations or when on the telephone or habits such as tapping the desk, etc. can be annoying distraction to those trying to concentrate. Don't use your speaker phone for any reason. Listen to music or videos using headphones. Make sure your smartphone is always kept on silent.
- Within a shared space smells can be magnified, so use consideration when you pack your lunch or snacks. The radio studios and video edit suites are off limits for any food or drink. Since many have allergies to scents, forgo wearing perfumes, cologne or strong after shave to the office. Also, please be aware that the refrigerator will be cleaned out every two weeks and anything left the janitorial crew will be instructed to throw away.
- A coffee pot is located at each break station. You are required to provide your own coffee, creamer, forks, plates, spoons, etc. No additional appliances are allowed to be added to any break areas. There are toasters and microwaves located in the fourth-floor break room. Again, please clean up after yourself if eating in the break area or other public spaces.
- Treat each person's workspace as if it was their private office. Do not take anything from another's desk. All studios and edit bays are flexible spaces – they should be cleared of any personal items after use.
- Keep your belongings, including photos or plants, confined to your work pace and within the height and width of your partitions. Clean up after yourself if eating in the break area or other public spaces.
- The air conditioning and heating systems have very high filtration, but germs can still be transferred in shared space. Stay home if you are sick. Cover your mouth when coughing. Keep hand sanitizer on hand and wipe your desk, keyboard, and phone occasionally to prevent germs from spreading.

Building Maintenance/Security Guidelines:

- Everyone is to be responsible for keeping the building in top running order – therefore if you see something – say something (i.e., the front door isn't closing properly, the faucet isn't working in the bathroom, etc. etc.).
- All food should be disposed of ONLY in the break areas – do not dispose of food in your desk trash cans. You are responsible for emptying your own desk trash can.
- Please do not tape/post signs to doors, windows, etc. without pre-approval.
- Security is everyone's responsibility. Make sure that the doors close properly behind you after you have gone through them. Also make sure that you are not allowing someone you don't know to enter along with you. If you don't know who they are then ask or accompany them to the front desk to check in. Always keep your Buck ID with you.
- If you have guests coming to the building, it is your responsibility to meet them at the lobby doors at their scheduled arrival time to allow them into the secured building.

Good morning My Amazing WOSU team!

I can't thank you all enough for making our first recording a great one! My guests absolutely loved it!

Next Wednesday, 8/27 from 9:30am-12pmEST...

we will be recording in person with President Carter who'll be guest cohosting with me. Going forward, I've recruited a friend to be my archivist of The Callout.

She's been charged with capturing fun photos of us on prepping, group shots, guests and crew...of course with your permission.

I'd love to get a group photo of all of us with President Carter next week. Everyone included on this email has been instrumental in the support & success of our launch.

Would it be possible to have everyone present between 9-9:15 for a group photo?

Hi John,

Thanks for sending this request along. There is not a standard procedure for "reserving" spaces in the dock.

We have had a lot of WOSU and non-WOSU dock traffic conflict recently, so we (myself and rental clients included) need to get back to the standard of it only being used for vendors, deliveries, and WOSU production needs.

Please tell her:

"Our policy is not to allow passenger vehicles to stay parked in the dock as we need to maintain easement for service and delivery vehicles. Your guests can be dropped off in the dock or at the 14th and Pearl stop sign at the North doors and then park in the garages across High St. or find street parking. Attached is helpful info on where to park."

For your context, we ask our own aged donors to park in the garage and make the walk in inclement weather, so Krisanthe's guests can be dropped off in the dock, but we can't permit vehicles to stay parked. President Carter is dropped off regularly when he is a guest on *All Sides*, so Scott knows the drill.

PS- I've also noticed Krisanthe parked in the dock frequently and she needs to be

reminded of our policy for parking. Not sure who is the right person to do that.

All the best,
Sarah

How do we reserve these places? Do we need a placard in the car?
