Good Evening Admiral,

I apologize for reaching out to you so late. I just finished typing my personal statement and have attached it to this email in pdf form. I attempted to share it with you through google documents but it does not seem to want to work. If this doesn't work for you, let me know how you would like me to send it to you please. Any and all input would be greatly appreciated. I realize this is a bit last second with it being due next Wednesday. Mechanical equipment has been kicking my butt making it difficult for me to find time to get this done. It is safe to say my time management skills could still use some refining.

Hi Angelo,

Congratulations on getting your Navy career going this far! Your early success on exams is indicative of your future!

The challenge you just experienced is very common even with good students. I experienced the same on a EE exam. I even questioned if I was cut out for the program after getting my first sub 3.0 score. Just recommit yourself to studying better. Stay ahead of the exam schedule and make sure you learn from any substandard exams because so much in math, EE and basic physics and engineering is built on itself.

Don't be afraid to use memorization to get through tests. It's not a short coming to understanding. That skill will get you thru the program and the understanding will come later in prototype.

Stay well and stay positive! Hope you get some down time for Christmas and spend it with family.

President Carter,

I wanted to take a moment to reflect on my recent experiences with The Ohio State University folks. To say they were extraordinary would be an understatement to say the least!

Kim Lambert has been instrumental from the word go. From her initial outreach, to her lightening fast proactive facilitation of connecting me with Sara Rubin and Alex Broshious, to immediate relocation resources to call Columbus home...I'm amazed and overwhelmed with joy!

Sara Rubin is a powerhouse! She skillfully brought everything into focus for me in 10 minutes flat. Her invaluable insight afforded a much deeper understanding of OSU. It's led me to begin exploring a first of its kind mutually beneficial collaboration of The Callout Podcast, OSU and the power utility industry to support Veterans. I'm eager to continue learning from Sara.

My call with Alex Broshious was a blast! The topics ranged from both of us having family who are Navy Nukes/Subs (his older brother - my oldest son), to his generous offer to connect me with OSU leadership for Veteran workforce development to discuss elevating awareness of power utility careers and to promote OSU higher ed cert and/or grad programs to power utility, to the best Korean BBQ ever... in of all places...Pickerington, OH.

The quality, character and care demonstrated by each OSU team member is impressive, as well as touching. I hope to have the pleasure of meeting everyone in person soon to express my eternal gratitude.

Subject: Call Out Podcast

Morning,

Here is what I know about the Dec. 16 podcast recording: This is Krisanthe Vlachos' Callout Podcast. She connects veterans with electric utility jobs. TC has been on before - I think via Zoom. My team wasn't involved that time, but we did help her produce one previous podcast as a favor. Krisanthe has relocated to Columbus and is renting office space at the National Veterans Memorial and Museum. We cannot regularly produce her podcast, but we will produce the Dec. 16 episode because TC is hosting. TC told me he wants to record it somewhere that looks cool in Page Hall. Joe is off today, but he'll reach out to Glenn early next week and figure out what space works best. I don't have any specifics on timing or participants. I understand some of the panelists will be in-person and some will participate via Zoom.

We don't currently have anything scheduled with her, and I've told Joe and Aaron to forward any requests to me. Yesterday, she texted me and asked if she could work from our offices for a week. I told her that wouldn't be possible, but I did agree to meet her for lunch down the road. Based on conversation with the president, I have a hunch she couldn't afford the office space that the Veterans Memorial and Museum offered her.

Just keeping you all in the loop.

Good afternoon, President Carter,

We have the pleasure of working with Krisanthe Vlahos in supporting Veterans working in the power utility industry, more specifically with electric cooperatives. I'm blessed to represent 16 electric cooperatives in Virginia, Maryland and Delaware, and we host the Gaff-n-Go Lineworker Rodeo each year <https://www.gaff-n-go.com/>. The event continues to grow as we have teams from all over the country that participate, including some from the military. After two full days of competition the event wraps up with an awards banquet, where we like to feature a guest speaker.

This email is to ask if you would consider being our guest speaker at this year's banquet. It is going to be held on Saturday, May 17th at the Greater Richmond Convention Center in Virginia from approximately 6:00pm – 9:00pm. We would be honored if you were able to join us and over 1000 of our lineworkers and friends.

Please let us know if this is something you would be interested in and could work into your busy schedule.

Best Regards,

Brian

Good afternoon, President Carter,

We have the pleasure of working with Krisanthe Vlahos in supporting Veterans working in the power utility industry, more specifically with electric cooperatives. I'm blessed to represent 16 electric cooperatives in Virginia, Maryland and Delaware, and we host the Gaff-n-Go Lineworker Rodeo each year <https://www.gaff-n-go.com/>. The event continues to grow as we have teams from all over the country that participate, including some from the military. After two full days of competition the event wraps up with an awards banquet, where we like to feature a guest speaker.

This email is to ask if you would consider being our guest speaker at this year's banquet. It is going to be held on Saturday, May 17th at the Greater Richmond Convention Center in Virginia from approximately 6:00pm – 9:00pm. We would be honored if you were able to join us and over 1000 of our lineworkers and friends.

Please let us know if this is something you would be interested in and could work into your busy schedule.

Best Regards,

Brian

After two full days of competition the event wraps up with an awards banquet, where we like to feature a guest speaker.

This email is to ask if you would consider being our guest speaker at this year's banquet. It is going to be held on Saturday, May 17th at the Greater Richmond Convention Center in Virginia from approximately 6:00pm – 9:00pm. We would be honored if you were able to join us and over 1000 of our lineworkers and friends.

Please let us know if this is something you would be interested in and could work into your busy schedule.

Good afternoon, Brian,

President Carter is available and would like to accept your invitation to be a guest speaker at the banquet on May 17. I am moving President Carter to BCC and adding his executive administrator, DiAnn Hamilton, as we work through next steps. Can you share answers to the following questions as we navigate logistics?

1. Will there be any engagements the day before?
2. What time will he need to report for the banquet?
3. How long will he need to speak during the banquet and do you need to review his remarks in advance?
4. Do you coordinate accommodations and travel or have recommendations?

Thank you,
Hannah

Hi Hannah,

I'd like to offer preliminary responses to your questions. We will fine tune the details in the next month or so. Like our Military and Linemen, the Rodeo happens in force rain or shine.

All of the following is an outline of where we'd be honored to include President Carter.

If President Carter has the bandwidth, we would appreciate his intermittent participation in a variety of events both Friday and Saturday. The Rodeo is held on Armed Forces Day weekend.

1. Will there be any engagements the day before?

***** In honor of all those currently serving in the Armed Forces, we'd appreciate President Carter consider participating in the following:

Friday, May 16:

- opening ceremony Friday morning where the Army drone team will be flying our great nation's flag
- an appearance at the drone competition mid afternoon
- kick off the charity benefit concert with music provided by professional Nashville band who's lead singer & guitarist is International Lineman Hall of Fame Inductee.

Saturday, May 17:

- appearance during Lineman Rodeo Competition (time TBD)
- speak at banquet Saturday night to arrive about 6pm for walk thru prep to speak at 7pm for 15-20 minutes.
- President Carter hosted by Rodeo/Csuite leadership & myself to enjoy the banquet dinner.

2. What time will he need to report for the banquet?

***** approximately 6pm - exact time TBD

3. How long will he need to speak during the banquet and do you need to review his remarks in advance?

***** 15-20 minutes. We do not need to review his remarks in advance.

4. Do you coordinate accommodations and travel or have recommendations?

**** We will help coordinate every step of President Carter's visit for the Rodeo. Please let us know if his preferred hotel shows full. We can check with the event planners for any rooms possibly reserved in the event block.

STRICTLY FYI - NO ACTION REQUIRED

Hannah,

Thank you for your support for this event. We are beyond thrilled and honored to host President Carter!

I will be coordinating with Rodeo leadership to obtain the answers to all your questions through and during the event. I will circle back with preliminary responses in the next few days.

I look forward to working with you!

Kindest regards,
Krisanthe

Good afternoon, Brian,

President Carter is available and would like to accept your invitation to be a guest speaker at the banquet on May 17. I am moving President Carter to BCC and adding his executive administrator, DiAnn Hamilton, as we work through next steps. Can you share answers to the following questions as we navigate logistics?

1. Will there be any engagements the day before?

2. What time will he need to report for the banquet?
3. How long will he need to speak during the banquet and do you need to review his remarks in advance?
4. Do you coordinate accommodations and travel or have recommendations?

Thank you,

Hannah

Subject: Gaff n Go Rodeo Invite for President Ted Carter

Good afternoon, President Carter,

We have the pleasure of working with Krisanthe Vlahos in supporting Veterans working in the power utility industry, more specifically with electric cooperatives. I'm blessed to represent 16 electric cooperatives in Virginia, Maryland and Delaware, and we host the Gaff-n-Go Lineworker Rodeo each year <https://www.gaff-n-go.com/>. The event continues to grow as we have teams from all over the country that participate, including some from the military. After two full days of competition the event wraps up with an awards banquet, where we like to feature a guest speaker.

This email is to ask if you would consider being our guest speaker at this year's banquet. It is going to be held on Saturday, May 17th at the Greater Richmond Convention Center in Virginia from approximately 6:00pm – 9:00pm. We would be honored if you were able to join us and over 1000 of our lineworkers and friends.

Please let us know if this is something you would be interested in and could work into your busy schedule.

Best Regards,

Brian

Hannah,

I'd like to schedule a web call to introduce President Carter to the Rodeo leadership team. It may be helpful to have a 30 minute chat to discuss the events - especially the charity benefit concert & awards banquet.

Once we have dates and times - the rest of the group on this email can provide theirs.

Would you be the appropriate person to assist in providing President Carter's availability for a web call?

Kindest regards,

Good morning, Krisanthe,

Thank you for the additional details you have provided! President Carter will arrive Thursday afternoon/evening and depart on Sunday. First Lady Carter won't be able to make it. Below is a rough outline of the schedule based on our back and forth. I think the intro call Alexis is helping to schedule will help the president determine which of the optional engagements he will attend.

+DiAnn to coordinate travel using university processes

+Melissa to coordinate remarks for Saturday

+Alexis & JR for scheduling awareness

Thursday, May 15

- TBDpm Flight from Columbus to Richmond
- TBDpm Uber to hotel
- TBDpm Hotel Check In Marriott Downtown Richmond

Friday, May 16

- TBDam Uber to Meadow Event Park - Farm Bureau Center (30 mins)
- TBDam Opening Ceremony (Army drone team flying nation's flag)
- TBDpm (Mid-afternoon) Drone Competition
- TBDpm (Evening) Charity Benefit Concert
- TBDpm Uber to hotel (30 mins)

Saturday, May 17 (Armed Forces Day)

- TBDam Uber to Meadow Event Park - Farm Bureau Center (30 mins)
- TBD Lineman GAFF-n-GO Rodeo Competition appearance
- TBDpm Uber to hotel (30 mins)
- 5:45pm Walk to Greater Richmond Convention Center (7 mins sky bridge)
- 6:00pm Prep for speaking role
- 7:00pm 2025 Awards Banquet (Speaking 15 mins – advanced review N/A)
- TBDpm Banquet dinner w/Rodeo, CSuite leadership & Krisanthe
- 9:00pm Walk to hotel (7 mins sky bridge)

Sunday, May 18

- TBD Uber to airport
- TBD Flight from Richmond to Columbus

Thanks,
Hannah

Hi Hannah,

I'd like to offer preliminary responses to your questions. We will fine tune the details in the next month or so. The Rodeo happens, like our Military and Linemen, in force rain or shine.

All of the following events are an outline of where we'd be honored to include President Carter.

If President Carter has the bandwidth, we would appreciate his intermittent participation in a variety of events both Friday and Saturday. The Rodeo is always held on Armed Forces Day weekend.

1. Will there be any engagements the day before?

* In honor of all those currently serving in the Armed Forces, we'd appreciate President Carter consider participating in the following:

Friday, May 16:

- opening ceremony Friday morning where the Army drone team will be flying our great nation's flag

- an appearance at the drone competition mid afternoon
- kick off the charity benefit concert with music provided by professional Nashville band band who's lead singer & guitarist is International Lineman Hall of Fame Inductee.

Saturday, May 17:

- appearance during Lineman Rodeo Competition (time TBD)
- speak at banquet Saturday night arrive about 6pm for walk thru prep to speak at 7pm for 15-20 minutes.
- President Carter hosted by Rodeo/Csuite leadership & myself to enjoy banquet dinner.

2. What time will he need to report for the banquet?

***** approximately 6pm - exact time TBD

3. How long will he need to speak during the banquet and do you need to review his remarks in advance?

***** 15-20 minutes. We do not need to review his remarks in advance.

4. Do you coordinate accommodations and travel or have recommendations?

**** We will help coordinate every step of President Carter's visit for the Rodeo. If his preferred hotel shows full, please let us know so we can check with the event planners for rooms reserved in the event block.

STRICTLY FYI - NO ACTION REQUIRED

Please find below the Gaff n Go Rodeo website for reference & general info.

Good afternoon, President Carter,

We have the pleasure of working with Krisanthe Vlahos in supporting Veterans working in the power utility industry, more specifically with electric cooperatives. I'm blessed to represent 16 electric cooperatives in Virginia, Maryland and Delaware, and we host the Gaff-n-Go Lineworker Rodeo each year <https://www.gaff-n-go.com/>. The event continues to grow as we have teams from all over the country that participate, including some from the military. After two full days of competition the event wraps up with an awards banquet, where we like to feature a guest speaker.

This email is to ask if you would consider being our guest speaker at this year's banquet. It is going to be held on Saturday, May 17th at the Greater Richmond Convention Center in Virginia from approximately 6:00pm – 9:00pm. We would be honored if you were able to join us and over 1000 of our lineworkers and friends.

Please let us know if this is something you would be interested in and could work into your busy schedule.

Best Regards,

Brian

Ted,

Paul Hylenski's software will be the engine for the app I'm developing.

With the OSU initiative launching the same time with the...

Certification program I'm leading with OSU Online Learning Department,

The Callout App connecting Veterans with utility industry careers/workforce development...

Plus last weeks events we were present with JobsOhio & Anduril & Wright-Patterson leadership with whom we're scheduling The Callout Podcast episodes,

In conjunction with workforce development events at NVMM for each of those corps....

It seems we have much more than just Vet Mentor AI to discuss with Paul. (btw - Vet Mentor AI will be accessible thru The Callout App)

When might your schedule allow for a 30-45 minute call for the 3 of us?

Kindest regards,

Krisanthe

Good Afternoon President Carter,

I'm following up regarding our conversation about how I believe JobsOhio & Anduril can be

instrumental in The Callout's mission -

To connect transitioning Military & Veterans directly to utility industry careers to strengthen national security.

I was honored & thrilled to be included by JP in last week's events hosted by JobsOhio. As a result, I've the great pleasure of connecting with Zach Mears, Anduril Industries SVP-Strategy & Growth.

With The Callout's podcast, workforce development events at NVMM & app ready for MVP demo & beta testing in a couple weeks - the timing of the past week's events is incredible!

Since DiAnn is out at the moment, I wasn't sure if Alexis would be best to copy to help.

Would it be possible to find 30 minutes for you, JP, Zach & myself to discuss a possible joint forces Ohio collaboration to lead the national mission?

Kindest regards,
Krisanthe

Good evening,

Apologies for sending this email outside of normal business hours. In order to accommodate a last-minute priority meeting request, we need to adjust the app demo meeting time slot tomorrow from 5:00-5:30pm to 3:00-3:30pm. Please let me know if this creates any challenges for you.

Thank you,

Hannah

Good Morning Gentlemen

Thank you so much for your time so quickly and great questions yesterday!

I know you still have more questions about the tech, advantages we can afford OSU while leading a national collaboration of founding members and how we'll reach the Veterans.

I have a detailed multifaceted plan for every piece of the tech and marketing for this critical mission.

The game changer of my approach is the technology endorsed by the power of a national network of Veteran influencers with social media following in the millions, their own podcasts, authors, speakers AND...

Many of them transitioned in past 10 years or less bringing the demographic we're targeting.

Can we please find another slot to launch next steps while working thru all the above... along with Paul to support the tech part?

Hi Krisanthe,

I am working on confirming President Carter's travel for the upcoming rodeo in October. He will fly in on 10/16 and return on 10/19.

Can you share information on confirmed events we should calendar for him from what is posted online?

Additionally, is there a specific contact at the Sheraton Overland Park Hotel at the Convention Center that I should work with on a room reservation?

I currently have him set to use Uber from event to event, but please let me know if you are aware of any other ground transportation options available to him.

Thank you,
Hannah

Hi Krisanthe,

I am working on confirming President Carter's travel for the upcoming rodeo in October. He will fly in on 10/16 and return on 10/19.

Can you share information on confirmed events we should calendar for him from what is posted online?

Additionally, is there a specific contact at the Sheraton Overland Park Hotel at the Convention Center that I should work with on a room reservation?

I currently have him set to use Uber from event to event, but please let me know if you are aware of any other ground transportation options available to him.

Thank you,
Hannah

Hi Hannah-thank you for your follow up & patience.

I've inquired with the rodeo organizers if they have any block rooms at the event host hotel at the Sheraton not visible - which they can release for President Carter. I hope to hear back from them later today or tomorrow.

Good morning Hannah - please see President Carter's email & screenshot attached for his room reservation.

At this late date...it was easier, faster & less risk missing an open room at the Sheraton by creating a reservation for President Carter.

Hope this is helpful.

Please let me know if you have any questions about this reservation. Rodeo schedule answers will be following shortly too.

I am working on confirming President Carter's travel for the upcoming rodeo in October. He will fly in on 10/16 and return on 10/19.

Can you share information on confirmed events we should calendar for him from what is posted online?

Additionally, is there a specific contact at the Sheraton Overland Park Hotel at the Convention Center that I should work with on a room reservation?

I currently have him set to use Uber from event to event, but please let me know if you are aware of any other ground transportation options available to him.

Thank you,
Hannah

Krisanthe just shared that the hotel room for the upcoming travel to Kansas is not covered. We were not expecting this additional expense and need to resubmit the spend authorization to request approval of this anticipated expense. May I use your electronic signature and resubmit?

Thanks,
Hannah

Good morning Hannah - please see President Carter's email & screenshot attached for his room reservation.

At this late date...it was easier, faster & less risk missing an open room at the Sheraton by creating a reservation for President Carter.

Hope this is helpful.

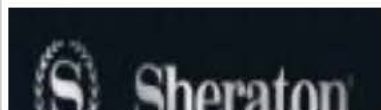

Please let me know if you have any questions about this reservation. Rodeo schedule answers will be following shortly too.

I've inquired with the rodeo organizers if they have any block rooms at the event host hotel at the Sheraton not visible - which they can release for President Carter. I hope to hear back from them later today or tomorrow.

President Carter,

I am truly overwhelmed by your kindness today. Thank you for taking the time to learn more about Children of Valor. I am especially grateful for your willingness to schedule a video capture to promote Children of Valor in time for the giving season. Perhaps we could capture the video in the next few weeks?

Thank you for setting up a connection with Krisanthe, I am excited to speak with her about The Call Out podcast.

I hope the rest of your week is wonderful. Fall in Bexley is simply the best, I do miss walking the neighborhood this time of year. Standing by for open times in your schedule to capture the video.

Krisanthe just shared that the hotel room for the upcoming travel to Kansas is not covered. We were not expecting this additional expense and need to resubmit the spend authorization to request approval of this anticipated expense. May I use your electronic signature and resubmit?

A map of the Kansas City metropolitan area showing a driving route from Kansas City International Airport (MCI) to the downtown area. The route starts at MCI, goes south on I-435, then east on I-65, and finally south on I-70. Key locations along the route include Parkville, Gladstone, Kansas City, Roeland Park, Mission, Shawnee, and Merriam. The map also shows major highways like I-435, I-65, I-70, and US-40, as well as local roads like State Ave and Broadway Gillham. A black car icon is shown at the start of the route near MCI, and a white car icon is shown further along the route near Parkville. A red box with the number "7 min" indicates the estimated travel time. The map includes labels for various areas such as Armour Fields, Blue Valley Industrial, and Raytown.

President Carter,

I am truly overwhelmed by your kindness today. Thank you for taking the time to learn more about Children of Valor. I am especially grateful for your willingness to schedule a video capture to promote Children of Valor in time for the giving season. Perhaps we could capture the video in the next few weeks?

Thank you for setting up a connection with Krisanthe, I am excited to speak with her about The Call Out podcast.

I hope the rest of your week is wonderful. Fall in Bexley is simply the best, I do miss walking the neighborhood this time of year. Standing by for open times in your schedule to capture the video.

Thank you again sir!

President Carter,

I am truly overwhelmed by your kindness today. Thank you for taking the time to learn more about Children of Valor. I am especially grateful for your willingness to schedule a video capture to promote Children of Valor in time for the giving season. Perhaps we could capture the video in the next few weeks?

Thank you for setting up a connection with Krisanthe, I am excited to speak with her about The Call Out podcast.

I hope the rest of your week is wonderful. Fall in Bexley is simply the best, I do miss walking the neighborhood this time of year. Standing by for open times in your schedule to capture the video.

Thank you again sir!

Hannah,

As I was arriving for work on October 7, Shyra (security officer, front desk) called me over and shared that the day before, when Krisanthe Valos visited USS to meet with the President, she told the front desk that there needed to be a better process for getting her up to the 5th floor. She requested her name be put on a list, so that security would not have to call up to the 5th floor to request clearance, and they explained that the front desk doesn't keep lists of Presidential visitors due to confidentiality. She indicated that the President had told her there should be a list she could be placed on. Shyra suggested that we have Ms. Valos text one of us when she plans to visit so that we can call down to security and clear her.

Please let me know if you need more information.

CHILDREN OF VALOR

THEIR FUTURE, OUR MISSION.

SEALKIDS is now Children of Valor!

“

There's nothing more important to the warrior than their child. And if you want the warrior to stay in the fight, you must support their child.

-Special Operations Spouse

FOUR BRANCHES, ONE MISSION

As Children of Valor, we have expanded eligibility to children in the Special Operations Forces (SOF) community for the 2025-2026 school year. Recognizing there is no comparable organization to SEALKIDS that serves Army, Air Force, Navy, and Marine SOF, we provide the necessary support services to K-12 children in the SOF. The transition of our name from SEALKIDS to Children of Valor highlights the mission forward.

Policies and resources exist to help military children, but the burden is on the parent to navigate the education system, find services in different school systems, learn special education law, enforce federal law, and manage the child's education while maintaining the high tempo of SOF family life.

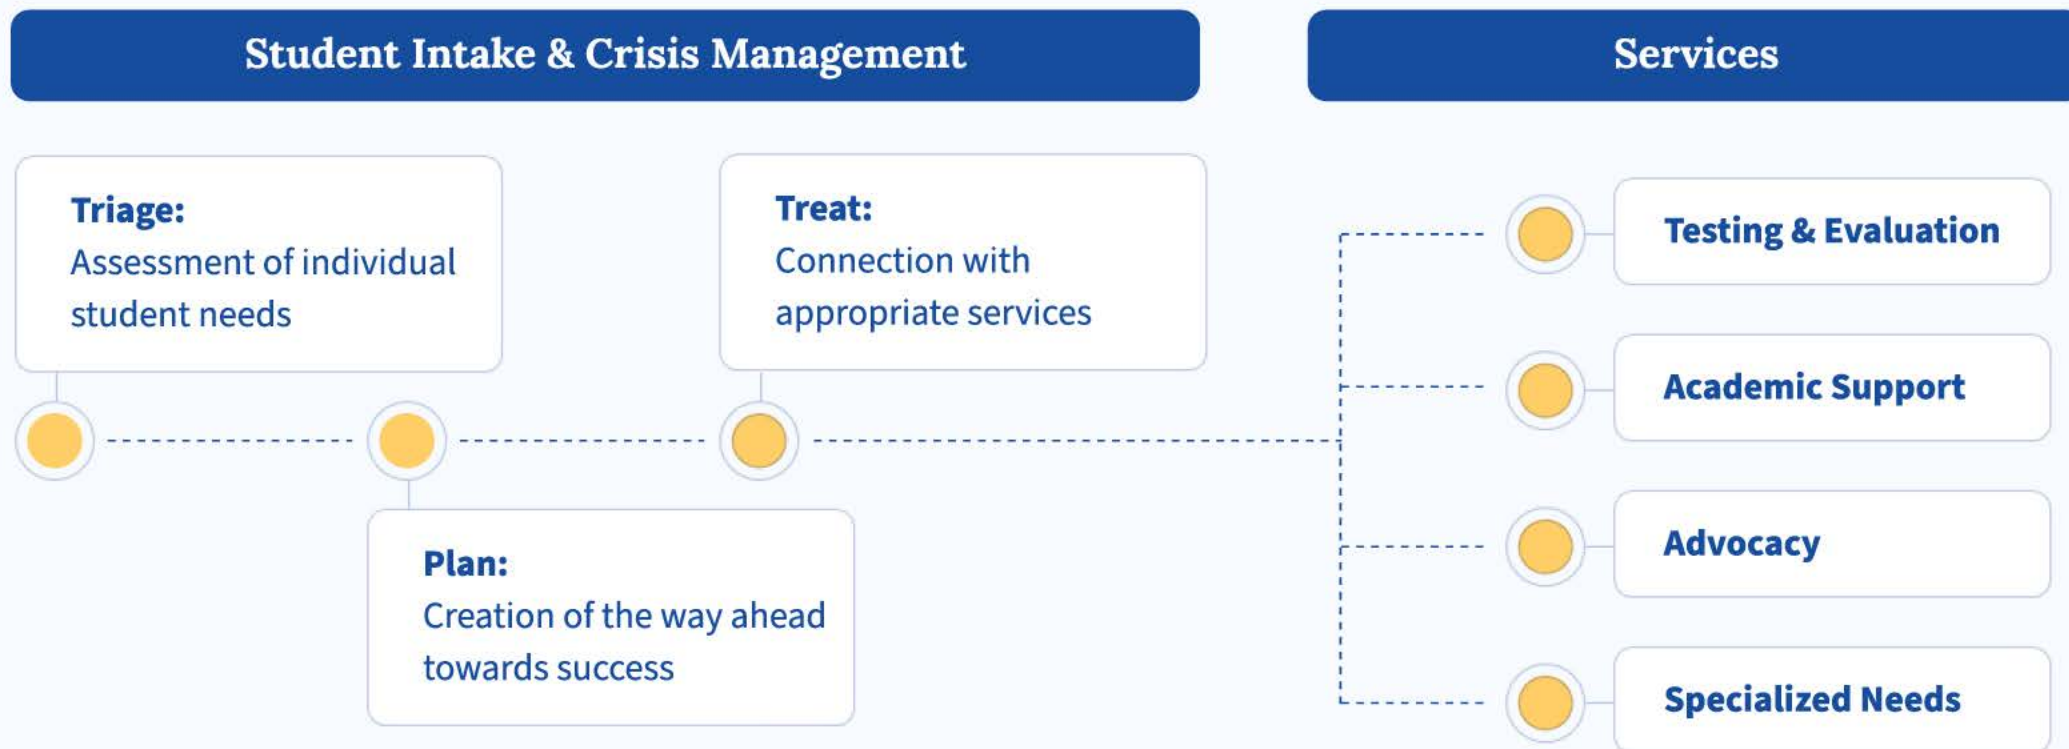

Children of Valor removes the burden on the parent, providing full case management and a solution.

- Since 2018, **100%** of children served have improved academically and mastered
- 98% of parents report our support helps their child reach their full potential
- 92% of parents report they are better able to handle military service life with SEALKIDS

We fulfill our mission through:

- An extensive and proven track record serving K-12 military children with learning disabilities
- A partnership with Salesforce that provides a scalable technology platform for case management
- Fully vetted tutors and therapists to provide personalized in-home services
- Our proprietary process, The Hunter-Chase Method

THE HUNTER-CHASE METHOD

All children served by Children of Valor proceed through our proven method to reach their academic goals. Most children are served in more than one program. Our method is evidence-based, scalable, and ready to serve the children of Special Operations Forces. Our partnership with Salesforce ensures our ability to scale without loss of quality of service.

THE MISSION AHEAD:
Create more student success

Meet Mikey

Mikey was diagnosed with Specific Learning Disability (SLD) and Speech Impairment. Mikey received services beginning in 6th grade through on-time graduation from high school. Mikey's dad was active-duty through most of his life. His mom shared:

“We are beyond grateful for the support Children of Valor has provided. Thanks to you, the financial burden of tutoring was not an issue. We are ever so appreciative for the help and the assistance we have received over the years. It has been invaluable. Mikey has graduated and is working his first job!”

- Mom, Becky

Meet Kathryn

“The constant moving during my high school years created learning gaps that affected my academic performance. Children of Valor stepped in with testing to identify the root of my challenges and I was able to get the necessary support to graduate from high school and go on to USC where I graduated with honors.

Thank you, Children of Valor, for your support and generosity!”

- Kathryn

Meet Harper

Harper is one of our highest need students. He is diagnosed with Autism and Kleefstra's syndrome. We have been serving Harper since 2016. We have watched him learn to love school, and work to be independent. Harper's dad grew up in NW Ohio. As a SEAL, he completed 25 deployments and returned home 100% disabled.

"Without the help of Children of Valor, our son would not be the child he is today. It is a miracle and a blessing to have these grants helping our child."

- Mom, Jennifer

CHILDREN OF VALOR

THEIR FUTURE, OUR MISSION.

**We help children like Mikey, Kathryn, and Harper every day.
Through Children of Valor, we can help more.**

Children of Valor provides critical educational solutions for children in the Special Operations community and promotes awareness of the unique challenges shared by all military families.

Special Operations families started receiving support September 1, 2025.

Join the mission and partner with us today!

Good morning, Nick,

An OTP guest, Krisanthe Vlahos/Vlachos, stopped into USS early last week to meet with President Carter at the last minute. This meeting was arranged by the president himself so the OTP team did not have the chance to give the front desk advanced notice. Following the meeting, it was reported back to me that the guest asked to be put on an access list so they wouldn't be stopped entering our building moving forward and that the request was on behalf of the president. Please share with your team that we will continue to follow our standard operating procedure for

Dr. McIntosh, good evening! Thank you for sharing the submission pieces. Everything looks good, save for the fact that typically videos produced by our news team do not use joint logos. Let's plan on the video having only the Ohio State logo at the end unless you hear differently from me as we move forward.

Looking forward to working with you to bring the video to fruition! Thank you again and will talk to you again soon.

Good morning, Krisanthe,

Below is President Carter's itinerary for this upcoming weekend and attached are his materials. I am finalizing his binder today. Anything else he needs that I can provide from your perspective?

He mentioned [Kim Good](#) reached out to him to note he was not fully registered. I reregistered him again this morning under Ted Carter using the president@osu.edu email address for safe measure, but the registration didn't include the items you listed in the agenda. Anything I can do to assist with this?

Thanks,
Hannah

He mentioned [Kim Good](#) reached out to him to note he was not fully registered. I reregistered him again this morning under Ted Carter using the president@osu.edu email address for safe measure, but the registration didn't include the items you listed in the agenda. Anything I can do to assist with this?

Dr. McIntosh, good evening! Thank you for sharing the submission pieces. Everything looks good, save for the fact that typically videos produced by our news team do not use joint logos. Let's plan on the video having only the Ohio State logo at the end unless you hear differently from me as we move forward.

Looking forward to working with you to bring the video to fruition! Thank you again and will talk to you again soon.

THE OHIO STATE UNIVERSITY

Dinner Hosted by Student Veterans of America

November 17, 2025

6:30 PM

Butcher & Rose, Capital Room

Preston Centre

155 East Broad Street

Columbus, OH 43215

Purpose: This dinner is organized and hosted by Student Veterans of America (SVA). In the context of the strategic partnership that Google has been exploring with Ohio State, the company leveraged their connections to SVA to i) introduce their leaders to President Carter who serves on the SVA board of directors, and ii) have a dinner discussion with several Ohio State leaders ahead of our visioning session the following day.

This dinner is bringing together SVA, Google, Ohio State, and Hiring Our Heroes. These organizations are in Columbus for roundtables on AI and state policy impacting student veterans. SVA described this dinner as a relaxed opportunity to connect, share perspectives, and continue the conversations that are shaping our collective work.

Since late summer 2025, Ohio State has been exploring a strategic partnership with Google that would leverage our mutual investments and strengths in AI. On November 18, Google is bringing nine leaders to our Innovation District for a visioning session with Ohio State leaders, including those attending the private dinner. We hope to leave the visioning session with an alignment on what we could co-create together and tangible next steps. Other companies that we have engaged with a similar goal in mind include Microsoft (Nov 12) and Apple.

See attached: *Google bios*

Run-of-show:

- **6:30 pm** private reception
- **7:00 pm** dinner

Key conversation topics for Google:

- What does Google see as Ohio State's strategic advantage? What could we co-create together?
- What are Google's most pressing priorities that academe could help advance?
- How is Google serving student veterans and how might we work together to facilitate their transition to academe and ultimately into the civilian workforce?
- *For Lisa Gevelber:* How could we lock arms to train the next generation of AI users across Ohio and beyond?
- *For Brad Hoffman:* What are some examples of Google's successful partnerships with universities? How do you define success?

Contact: Dr. Luiza Newlin-Lukowicz, Associate Vice President, Corporate and Foundation Engagement, newlin-lukowicz.1@osu.edu; cell: [REDACTED]

Program: See attached agenda.

Audience Environment:

Attire: Business

Google

Google LLC is a global leader developing and delivering a wide range of technology products and services, including search, advertising, cloud computing, software, and hardware.

- **Headquarters:** Googleplex, Mountain View, California, USA
- **Parent Company:** Alphabet Inc. (since 2015, following a major corporate restructuring)
- **CEO:** Sundar Pichai (also CEO of Alphabet Inc. since 2019)

Google's Investments in Ohio: Since entering Ohio in 2019, Google has invested \$7.2 billion in data center infrastructure across Central Ohio including [New Albany, Lancaster and Columbus](#). In 2023, the company committed an additional \$1.7 billion to expand existing facilities and develop new campuses. In 2024, Google announced a further \$2.3 billion investment to enhance these campuses.

These facilities support Google's global services: Search, Gmail, Maps, YouTube, Cloud, and AI capabilities. They facilitate faster content delivery across the U.S. and provide local cloud infrastructure for major clients like the State of Ohio, Nationwide, Victoria's Secret, Wendy's, and Huntington Bank.

Grow with Google's mission is to close the digital skills gap and drive workforce competitiveness by providing accessible, job-relevant training at scale. By combining online learning, credentialing programs, and partnerships with community organizations, the initiative strengthens talent pipelines, supports small business growth, and promotes inclusive economic participation in the digital economy.

Google.org (the Google Foundation) is the philanthropic arm of Google, established to leverage the company's resources of funding, technology, and expertise, to address pressing global challenges. Its mission focuses on creating social impact on a scale by supporting nonprofits, social enterprises, and community initiatives. Key areas of investment include education and digital skills, economic opportunity, crisis response, and advancing equity. Since 2006, Google has given more than \$14 million to organizations and nonprofits in Ohio.

Google has been selective with strategic philanthropic support; however, the AI boom has ignited significantly more interest in education. By offering access to advanced AI tools like the Gemini chatbot and structured AI training programs, Google aims to democratize AI literacy and research capabilities across institutions, empowering students and faculty to innovate and compete in a rapidly evolving technology landscape.

Google recently committed [\\$1 billion over three years to AI education initiatives](#). This commitment includes providing AI training, tools, and cloud resources to universities and colleges, along with grants and cloud computing credits.

Ohio State's Relationship with Google:

Google's interest in Ohio State has grown drastically, which provides an opportunity to elevate one-off low-level sponsorships and technology donations to a multi-year enterprise agreement.

In August 2025, Ohio State joined 100 other universities that opted to participate in **Google's AI Accelerator**, which provides certain tools and training to our students, faculty, and staff. On August 21, **Google Public Sector** hosted "Data & AI Day" at Ohio Stadium, an event designed to help Ohio State instructors, researchers and staff learn about how Google Productivity Tools complement the university's AI Fluency initiative. Students, faculty and staff can now [access secure versions of Google](#)

[AI tools](#), ensuring that Google does not save or share the information they enter. Importantly, for the first time in years, Google is recruiting on our campus this fall.

Procurement

Ohio State has a procurement relationship with Google, though it pales in comparison to that with Microsoft. Ohio State's cumulative spend on Google since 2020 is **\$1.1 million**, compared to \$48.3 million for Microsoft (these numbers include the Wexner Medical Center).

Research:

No known significant sponsored research partnerships with Ohio State.

Philanthropy:

- Google's lifetime giving to Ohio State is \$1.58 million. Nearly \$1 million of this total is designated to various projects in the College of Engineering, including their most recent gift of \$50,000 to support the work of Professor Ness Shroff.
- In November 2025, Google committed \$125K to the College of Engineering through the giving arm of the Ohio data centers (Allyson Eastman, Google Social Impact and Community Development Senior Manager). The original request was \$500K.
- Their largest gift to OSU was \$150K for the Google Research Fund for Political Science. Google has also made a \$100K gift to the WMC Cardiometabolic Health Fund.

Talent

As of November 2025, 566 Ohio State alumni are employed at Google (0.3% of their workforce).

One of her most significant contributions is the Google Career Certificates, which have helped over one million people globally upskill from low wage work to well paying jobs. Lisa’s current focus is helping tens of millions of people learn to use AI.

Lisa also leads Google for Startups globally and has been the Chief Marketing Officer for the Americas Region at Google since 2010. In this role she leads Marketing for products including Gemini, Google Search, YouTube, Android, and Google Ads as well as Google’s Brand and Reputation efforts.

Charles Elliott, Head of Industry at Google Public Sector

Charles stands out as a visionary leader, operating at the crossroads of technology and education. Boasting over a decade of hands-on experience in the fields of Analytics and AI, he skillfully merges his rich background as both a bioinformatics researcher and a successful entrepreneur with his current pivotal role as Google's Field CTO for Research and Education. His dedication to revolutionizing education, spanning from K-12 institutions to higher education, is a driving force behind his efforts. Beyond this, Charles is committed to enabling large enterprises to extract maximum value and achieve remarkable results from their strategic technology investments.

His profound expertise, particularly in Generative AI and the development of global-scale data platforms, is instrumental in fostering groundbreaking research initiatives, crafting transformative learning experiences, and consistently delivering outstanding business outcomes. Charles's multifaceted contributions extend to his roles as a trusted advisor, a dedicated educator, and an influential board member. In these capacities, he is wholeheartedly committed to disseminating valuable insights and knowledge that actively promote and accelerate technology-driven innovation across various sectors.

Justin Ventura, Google Cloud Lead, Ohio Public Sector SLED

Justin Ventura is the Google Cloud Lead for Public Sector in Ohio. He is a results-driven sales leader focused on driving digital transformation initiatives within the state's government and higher education institutions, with a special emphasis on leveraging Generative AI to achieve these goals. He has extensive experience working with state, local government, and education accounts throughout the Midwest, establishing himself as a trusted advisor helping organizations leverage the power of Google's technology to achieve their strategic goals. His 4

Year tenure at Google is marked by exceptional and consistent success, including being recognized with the prestigious Cloud Club award for his outstanding performance and repeatedly surpassing his goals.

Prior to joining Google, he built a reputation as a dynamic and successful leader during 12 years at Oracle and 10 years at Sun Microsystems where he held various Sales Leadership positions, He holds an MBA from the University of Michigan's Ross School of Business and a BBA from Eastern Michigan University.

Len Zheleznyak, Lead of Value, Strategy, and Innovation for State, Local Government and Education at Google Cloud

Len Zheleznyak is the Lead of Value, Strategy, and Innovation for State, Local Government and Education at Google Cloud. In this role, he leads a team of professionals that assist the Public Sector in building the case for change through a comprehensive value driven methodology that uncovers efficiencies, increases citizen engagement, and delivers impactful mission outcomes. Len and his team partner with Cities, States, and Institutions of Higher Learning to uncover the opportunities that the intersection of technology, innovation, and government can deliver to improve the lives of the people those institutions serve.

Over the past 20 years, Len Zheleznyak has had leadership roles in Consulting, Strategy, and Value Engineering, with a continued focus on leveraging transformation to drive differentiated value in the Private and Public sectors. Prior to Google, Len served in Value Engineering roles at both Oracle and Palo Alto Networks where he helped build out their respective Public Sector Value Practices.

Len received his Bachelor's Degree in Manufacturing Engineering from Worcester Polytechnic Institute and his Master's in Business Administration from the University of Denver, Daniels College of Business. He resides in Colorado with his wife Jacqueline and their two children.

"Does technology matter? That is the perennial question that leaders in both the private and public sectors have had to grapple with for as long as I have worked with them. In particular, our public sector leaders want to know if their programs are driving positive outcomes, often for the most marginalized communities in our society. By diving deep into tech economics we can find those institutions that are leveraging technology to impact the Mission, learn from them, and then take those best practices to their peers, improving program and mission outcomes."

Nathan Redmond, Lead Technologist, Google Public Sector, State, Local & Education

Nathan Redmond is a seasoned Cloud Customer Engineer at Google, specializing in driving digital transformation and modernization within state, local, and education (SLED) agencies. With a strong focus on leveraging Google Cloud's AI/ML, data analytics, and infrastructure

solutions, Nathan empowers these organizations to enhance citizen engagement and achieve their strategic objectives.

Throughout his career, Nathan has consistently demonstrated expertise in designing, developing, and implementing complex IT solutions at an enterprise level. His experience spans various domains, including cloud architecture, data center management, disaster recovery, and cybersecurity. He has a proven track record of delivering impactful presentations, managing proof-of-concept deployments, and providing thought leadership in cloud architectures and business value. Before joining Google, Nathan held key roles as a Senior Solutions Architect at Amazon Web Services and as the Infrastructure Architect Manager for the Division of IT and Director of Technology for University Housing at the University of South Carolina.

Nathan is deeply committed to leveraging his expertise to help SLED organizations embrace innovation and improve service delivery through cutting-edge cloud solutions. He is passionate about fostering digital transformation within educational institutions to enhance learning experiences and drive operational efficiencies.

THE OHIO STATE UNIVERSITY

Dinner Hosted by Student Veterans of America

November 17, 2025

6:30 PM

Butcher & Rose, Capital Room

Preston Centre

155 East Broad Street

Columbus, OH 43215

Purpose: This dinner is organized and hosted by Student Veterans of America (SVA). In the context of the strategic partnership that Google has been exploring with Ohio State, the company leveraged their connections to SVA to i) introduce their leaders to President Carter who serves on the SVA board of directors, and ii) have a dinner discussion with several Ohio State leaders ahead of our visioning session the following day.

This dinner is bringing together SVA, Google, Ohio State, and Hiring Our Heroes. These organizations are in Columbus for roundtables on AI and state policy impacting student veterans. SVA described this dinner as a relaxed opportunity to connect, share perspectives, and continue the conversations that are shaping our collective work.

Since late summer 2025, Ohio State has been exploring a strategic partnership with Google that would leverage our mutual investments and strengths in AI. On November 18, Google is bringing nine leaders to our Innovation District for a visioning session with Ohio State leaders, including those attending the private dinner. We hope to leave the visioning session with an alignment on what we could co-create together and tangible next steps. Other companies that we have engaged with a similar goal in mind include Microsoft (Nov 12) and Apple.

See attached: *Google bios*

Run-of-show:

- **6:30 pm** private reception
- **7:00 pm** dinner

Key conversation topics for Google:

- What does Google see as Ohio State's strategic advantage? What could we co-create together?
- What are Google's most pressing priorities that academe could help advance?
- How is Google serving student veterans and how might we work together to facilitate their transition to academe and ultimately into the civilian workforce?
- *For Lisa Gevelber:* How could we lock arms to train the next generation of AI users across Ohio and beyond?
- *For Brad Hoffman:* What are some examples of Google's successful partnerships with universities? How do you define success?

Contact: Dr. Luiza Newlin-Lukowicz, Associate Vice President, Corporate and Foundation Engagement, newlin-lukowicz.1@osu.edu; cell: [REDACTED]

Program: See attached agenda.

Google

Google LLC is a global leader developing and delivering a wide range of technology products and services, including search, advertising, cloud computing, software, and hardware.

- **Headquarters:** Googleplex, Mountain View, California, USA
- **Parent Company:** Alphabet Inc. (since 2015, following a major corporate restructuring)
- **CEO:** Sundar Pichai (also CEO of Alphabet Inc. since 2019)

Google's Investments in Ohio: Since entering Ohio in 2019, Google has invested \$7.2 billion in data center infrastructure across Central Ohio including [New Albany, Lancaster and Columbus](#). In 2023, the company committed an additional \$1.7 billion to expand existing facilities and develop new campuses. In 2024, Google announced a further \$2.3 billion investment to enhance these campuses.

These facilities support Google's global services: Search, Gmail, Maps, YouTube, Cloud, and AI capabilities. They facilitate faster content delivery across the U.S. and provide local cloud infrastructure for major clients like the State of Ohio, Nationwide, Victoria's Secret, Wendy's, and Huntington Bank.

Grow with Google's mission is to close the digital skills gap and drive workforce competitiveness by providing accessible, job-relevant training at scale. By combining online learning, credentialing programs, and partnerships with community organizations, the initiative strengthens talent pipelines, supports small business growth, and promotes inclusive economic participation in the digital economy.

Google.org (the Google Foundation) is the philanthropic arm of Google, established to leverage the company's resources of funding, technology, and expertise, to address pressing global challenges. Its mission focuses on creating social impact on a scale by supporting nonprofits, social enterprises, and community initiatives. Key areas of investment include education and digital skills, economic opportunity, crisis response, and advancing equity. Since 2006, Google has given more than \$14 million to organizations and nonprofits in Ohio.

Google has been selective with strategic philanthropic support; however, the AI boom has ignited significantly more interest in education. By offering access to advanced AI tools like the Gemini chatbot and structured AI training programs, Google aims to democratize AI literacy and research capabilities across institutions, empowering students and faculty to innovate and compete in a rapidly evolving technology landscape.

Google recently committed [\\$1 billion over three years to AI education initiatives](#). This commitment includes providing AI training, tools, and cloud resources to universities and colleges, along with grants and cloud computing credits.

Good morning,

Thanks for the quick confirmation on covering an engagement for the president this afternoon at his request. The president will be on The Callout Podcast in the LL Studio at WOSU from 4-6pm today. He has requested photos by Jodi for the first 30 minutes only. I am assuming those should go directly to Melissa for social media. The podcast is with J.P. Nauseef, John Harris, Bill Butler, and Krisanthe Vlahos. Scott is scheduled to staff and will be on site.

Thanks,
Hannah

Dear President Carter,

Thank you for joining us on SVA's 18th Annual NatCon's main stage during the **NatCon Closing General Session**. Below are some requests for information and assets as well as important information regarding your participation to assist us in making your engagement a success!

Please at your earliest convenience provide:

- Your headshot (square is best)
- A short bio (about 200 words)
- A walk-on song: anything appropriate for the event and upbeat!

Information about the session is below:
Date: Thursday, January 10, 2026
Time (local is MT): Doors open at 3:00pm; session begins at 3:15pm; your section begins around 3:17pm.
Meeting location: Please meet at Broadmoor Hall F by 2:15pm for check-in.
Rehearsal time: Attached, please find a calendar for Main Stage rehearsal opportunities on site and let me know what works. You can choose any time prior to your session.
