Alexis,

The most recent information I've received from Krisanthe Vlahos is attached. I've been waiting for her to give me more details, but hopefully this is enough. Aaron and I are heading out the door to Page Hall to set up the room, etc. and may not have updated information until later this weekend.

Either Dean Trevor Brown or Erin Trueman from marketing & comms will be the one greeting President Carter Monday morning. See attached.

If President Carter will not be walking over to Page Hall, the best drop off area is the little drive-in area between the North Union Garage and Page Hall off of College Rd.

Let me know if you need anything else.

Thank you,
Joe

Hi Alexis,

President Carter will need to be ready to go “on set” at 9:20a. The podcast will take place from 9:30a-11:30a in the lounge on the 3rd Floor of Page Hall on Mon., Dec. 16. The elevators will not be working, but I will see if Erin Trueman can help escort him up to the 3rd Floor.

I am waiting on more details on who the remote guests are as well as who will be joining him live in person. I plan on putting a briefing together by tomorrow afternoon.

Thank you,

Joe

We have booked the 3rd Floor lounge in Page Hall for this podcast. The producer, Krisanthe will be scouting the site this Wednesday with us and we will hopefully have more details narrowed down shortly after that.

The recording session is scheduled for 9:30a – 11:30a. We don't have an exact time yet when President Carter will need to be there, but will circle back soon.

Subject: Call Out Podcast

Morning,

Here is what I know about the Dec. 16 podcast recording: This is Krisanthe Vlachos' Callout Podcast. She connects veterans with electric utility jobs. TC has been on before - I think via Zoom. My team wasn't involved that time, but we did help her produce one previous podcast as a favor. Krisanthe has relocated to Columbus and is renting office space at the National Veterans Memorial and Museum. We cannot regularly produce her podcast, but we will produce the Dec. 16 episode because TC is hosting. TC told me he wants to record it somewhere that looks cool in Page Hall. Joe is off today, but he'll reach out to Glenn early next week and figure out what space works best. I don't have any specifics on timing or participants. I understand some of the panelists will be in-person and some will participate via Zoom.

We have booked the 3rd Floor lounge in Page Hall for this podcast. The producer, Krisanthe will be scouting the site this Wednesday with us and we will hopefully have more details narrowed down shortly after that.

The recording session is scheduled for 9:30a – 11:30a. We don't have an exact time yet when President Carter will need to be there, but will circle back soon.

Thanks,
Joe

Subject: Call Out Podcast

Morning,

Here is what I know about the Dec. 16 podcast recording: This is Krisanthe Vlachos' Callout Podcast. She connects veterans with electric utility jobs. TC has been on before - I think via Zoom. My team wasn't involved that time, but we did help her produce one previous podcast as a favor. Krisanthe has relocated to Columbus and is renting office space at the National Veterans Memorial and Museum. We cannot regularly produce her podcast, but we will produce the Dec. 16 episode because TC is hosting. TC told me he wants to record it somewhere that looks cool in Page Hall. Joe is off today, but he'll reach out to Glenn early next week and figure out what space works best. I don't have any specifics on timing or

participants. I understand some of the panelists will be in-person and some will participate via Zoom.

Ben

Thanks, Alexis. Krisanthe continues to ask my team and me for production help and other assorted favors. We don't currently have anything scheduled with her, and I've told Joe and Aaron to forward any requests to me. Yesterday, she texted me and asked if she could work from our offices for a week. I told her that wouldn't be possible, but I did agree to meet her for lunch down the road. Based on conversation with the president, I have a hunch she couldn't afford the office space that the Veterans Memorial and Museum offered her.

Just keeping you all in the loop.

Good afternoon, President Carter,
We have the pleasure of working with Kisanthe Vlahos in supporting Veterans working in the power utility industry, more specifically with electric cooperatives. I'm blessed to represent 16 electric cooperatives in Virginia, Maryland and Delaware, and we host the Gaff-n-Go Lineworker Rodeo each year <https://www.gaff-n-go.com/>. The event continues to grow as we have teams from all over the country that participate, including some from the military. After two full days of competition the event wraps up with an awards banquet, where we like to feature a guest speaker.

This email is to ask if you would consider being our guest speaker at this year's banquet. It is going to be held on Saturday, May 17th at the Greater Richmond Convention Center in Virginia from approximately 6:00pm – 9:00pm. We would be honored if you were able to join us and over 1000 of our lineworkers and friends.

Please let us know if this is something you would be interested in and could work into your busy schedule.

Best Regards,

Brian

Please note I messed up the pacific time calculation on the BOT athletics committee call for May 19. (Alexis, thanks for catching that!) As far as we know, it is still confirmed for 2-5pm ET so you would need to try to join virtually on the plane assuming wifi is working on that flight.

Hannah,

I'd like to schedule a web call to introduce President Carter to the Rodeo leadership team. It may be helpful to have a 30 minute chat to discuss the events - especially the charity benefit concert & awards banquet.

Once we have dates and times - the rest of the group on this email can provide theirs. Would you be the appropriate person to assist in providing President Carter's availability for a web call?

Kindest regards,
Krisanthe

Good morning,

I am looping Alexis Cunningham in here to share President Carter's availability to coordinate the 30-minute web call requested below in this email chain.

I am looping DiAnn Hamilton in here to grab the hotel details as she will be managing his travel logistics for this trip. That hotel hold and those dates work very well. Thanks to you and the Rodeo leadership! I will go back to our original email chain on this topic,

Krisanthe, and add DiAnn in now that we have some feedback from President Carter.

Thanks,

Hannah

Thanks Hannah!

Regarding lodging-

It's not open to book on the website but I asked Rodeo leadership to please save a hotel room for President Carter in the block at Marriott Richmond. They were happy to accommodate with a room available Thursday May 15 through Sunday May 18.

Please let us know if that hotel and dates work.

Hope you had a restful vacation! Look forward to talking soon!

Good morning, Krisanthe,

Thank you for the additional details you have provided! President Carter will arrive Thursday afternoon/evening and depart on Sunday. First Lady Carter won't be able to make it. Below is a rough outline of the schedule based on our back and forth. I think the intro call Alexis is helping to schedule will help the president determine which of the optional engagements he will attend.

+DiAnn to coordinate travel using university processes

+Melissa to coordinate remarks for Saturday

+Alexis & JR for scheduling awareness

Thursday, May 15

- TBDpm Flight from Columbus to Richmond
- TBDpm Uber to hotel
- TBDpm Hotel Check In Marriott Downtown Richmond

Friday, May 16

- TBDam Uber to Meadow Event Park - Farm Bureau Center (30 mins)
- TBDam Opening Ceremony (Army drone team flying nation's flag)
- TBDpm (Mid-afternoon) Drone Competition
- TBDpm (Evening) Charity Benefit Concert
- TBDpm Uber to hotel (30 mins)

Hi Hannah,

I'd like to offer preliminary responses to your questions. We will fine tune the details in the next month or so. The Rodeo happens, like our Military and Linemen, in force rain or shine.

All of the following events are an outline of where we'd be honored to include President Carter.

If President Carter has the bandwidth, we would appreciate his intermittent participation in a variety of events both Friday and Saturday. The Rodeo is always held on Armed Forces Day weekend.

1. Will there be any engagements the day before?

***** In honor of all those currently serving in the Armed Forces, we'd appreciate President Carter consider participating in the following:

Friday, May 16:

- opening ceremony Friday morning where the Army drone team will be flying our great nation's flag
- an appearance at the drone competition mid afternoon
- kick off the charity benefit concert with music provided by professional Nashville band band who's lead singer & guitarist is International Lineman Hall of Fame Inductee.

Saturday, May 17:

- appearance during Lineman Rodeo Competition (time TBD)
- speak at banquet Saturday night arrive about 6pm for walk thru prep to speak at 7pm for 15-20 minutes.
- President Carter hosted by Rodeo/Csuite leadership & myself to enjoy banquet dinner.

2. What time will he need to report for the banquet?

***** approximately 6pm - exact time TBD

3. How long will he need to speak during the banquet and do you need to review his remarks in advance?

***** 15-20 minutes. We do not need to review his remarks in advance.

4. Do you coordinate accommodations and travel or have recommendations?

**** We will help coordinate every step of President Carter's visit for the Rodeo. If his preferred hotel shows full, please let us know so we can check with the event planners for rooms reserved in the event block.

Good afternoon, President Carter,

We have the pleasure of working with Krisanthe Vlahos in supporting Veterans working in the power utility industry, more specifically with electric cooperatives. I'm blessed to represent 16 electric cooperatives in Virginia, Maryland and Delaware, and we host the Gaff-n-Go Lineworker Rodeo each year <https://www.gaff-n-go.com/>. The event continues to grow as we have teams from all over the country that participate, including some from the military. After two full days of competition the event wraps up with an awards banquet, where we like to feature a guest speaker.

This email is to ask if you would consider being our guest speaker at this year's banquet. It is going to be held on Saturday, May 17th at the Greater Richmond Convention Center in Virginia from approximately 6:00pm – 9:00pm. We would be honored if you were able to join us and over 1000 of our lineworkers and friends.

Please let us know if this is something you would be interested in and could work into your busy schedule.

I'd like to schedule a web call to introduce President Carter to the Rodeo leadership team. It may be helpful to have a 30 minute chat to discuss the events - especially the charity benefit concert & awards banquet.

Once we have dates and times - the rest of the group on this email can provide theirs.

Would you be the appropriate person to assist in providing President Carter's availability for a web call?

Good morning Alexis,

Our group has openings Monday, April 7th before 10am or after 3pmEST.

Can either of those slots work for President Carter?

Kindest regards,
Krisanthe

Good morning,

I am looping Alexis Cunningham in here to share President Carter's availability to coordinate the 30-minute web call requested below in this email chain.

I am looping DiAnn Hamilton in here to grab the hotel details as she will be managing his travel logistics for this trip. That hotel hold and those dates work very well. Thanks to you and the Rodeo leadership! I will go back to our original email chain on this topic, Krisanthe, and add DiAnn in now that we have some feedback from President Carter.

Thanks,

Hannah

Thanks Hannah!

Regarding lodging-

It's not open to book on the website but I asked Rodeo leadership to please save a hotel room for President Carter in the block at Marriott Richmond. They were happy to accommodate with a room available Thursday May 15 through Sunday May 18.

Please let us know if that hotel and dates work.

Hope you had a restful vacation! Look forward to talking soon!

Hannah,

I'd like to schedule a web call to introduce President Carter to the Rodeo leadership team. It may be helpful to have a 30 minute chat to discuss the events - especially the charity benefit concert & awards banquet.

Once we have dates and times - the rest of the group on this email can provide theirs.

Would you be the appropriate person to assist in providing President Carter's availability for a web call?

Good morning Alexis,

Our group has openings Monday, April 7th before 10am or after 3pmEST.

Can either of those slots work for President Carter?

Kindest regards,

Krisanthe

Good morning,

I am looping Alexis Cunningham in here to share President Carter's availability to coordinate the 30-minute web call requested below in this email chain.

I am looping DiAnn Hamilton in here to grab the hotel details as she will be managing his travel logistics for this trip. That hotel hold and those dates work very well. Thanks to you and the Rodeo leadership! I will go back to our original email chain on this topic, Krisanthe, and add DiAnn in now that we have some feedback from President Carter.

Thanks Hannah!

Regarding lodging-

It's not open to book on the website but I asked Rodeo leadership to please save a hotel room for President Carter in the block at Marriott Richmond. They were happy to accommodate with a room available Thursday May 15 through Sunday May 18.

Please let us know if that hotel and dates work.

Hope you had a restful vacation! Look forward to talking soon!

Hannah,

I'd like to schedule a web call to introduce President Carter to the Rodeo leadership team. It may be helpful to have a 30 minute chat to discuss the events - especially the charity benefit concert & awards banquet.

Once we have dates and times - the rest of the group on this email can provide theirs.

Would you be the appropriate person to assist in providing President Carter's availability for a web call?

Paul Hylenski's software will be the engine for the app I'm developing.

With the OSU initiative launching the same time with the...

Certification program I'm leading with OSU Online Learning Department,

The Callout App connecting Veterans with utility industry careers/workforce development,...

Plus last weeks events we were present with JobsOhio & Anduril & Wright-Patterson

leadership with whom we're scheduling The Callout Podcast episodes,

In conjunction with workforce development events at NVMM for each of those corps....

It seems we have much more than just Vet Mentor AI to discuss with Paul. (btw - Vet Mentor AI will be accessible thru The Callout App)

Ted,

Paul Hylenski's software will be the engine for the app I'm developing.

With the OSU initiative launching the same time with the...

Certification program I'm leading with OSU Online Learning Department,

The Callout App connecting Veterans with utility industry careers/workforce development...

Plus last weeks events we were present with JobsOhio & Anduril & Wright-Patterson leadership with whom we're scheduling The Callout Podcast episodes,

In conjunction with workforce development events at NVMM for each of those corps....

It seems we have much more than just Vet Mentor AI to discuss with Paul. (btw - Vet Mentor AI will be accessible thru The Callout App)

When might your schedule allow for a 30-45 minute call for the 3 of us?

Good Afternoon President Carter,

I'm following up regarding our conversation about how I believe JobsOhio & Anduril can be instrumental in The Callout's mission -

To connect transitioning Military & Veterans directly to utility industry careers to strengthen national security.

I was honored & thrilled to be included by JP in last week's events hosted by JobsOhio. As a result, I've the great pleasure of connecting with Zach Mears, Anduril Industries SVP-Strategy & Growth.

With The Callout's podcast, workforce development events at NVMM & app ready for MVP demo & beta testing in a couple weeks - the timing of the past week's events is incredible!

Since DiAnn is out at the moment, I wasn't sure if Alexis would be best to copy to help.

Would it be possible to find 30 minutes for you, JP, Zach & myself to discuss a possible joint

forces Ohio collaboration to lead the national mission?

Kindest regards,
Krisanthe

Good Afternoon President Carter,

I'm following up regarding our conversation about how I believe JobsOhio & Anduril can be instrumental in The Callout's mission -

To connect transitioning Military & Veterans directly to utility industry careers to strengthen national security.

I was honored & thrilled to be included by JP in last week's events hosted by JobsOhio. As a result, I've the great pleasure of connecting with Zach Mears, Anduril Industries SVP-Strategy & Growth.

With The Callout's podcast, workforce development events at NVMM & app ready for MVP demo & beta testing in a couple weeks - the timing of the past week's events is incredible!

Since DiAnn is out at the moment, I wasn't sure if Alexis would be best to copy to help. Would it be possible to find 30 minutes for you, JP, Zach & myself to discuss a possible joint forces Ohio collaboration to lead the national mission?

Kindest regards,

Krisanthe

Ted,

Paul Hylenski's software will be the engine for the app I'm developing.

With the OSU initiative launching the same time with the...

Certification program I'm leading with OSU Online Learning Department,

The Callout App connecting Veterans with utility industry careers/workforce development...

Plus last weeks events we were present with JobsOhio & Anduril & Wright-Patterson leadership with whom we're scheduling The Callout Podcast episodes,

In conjunction with workforce development events at NVMM for each of those corps....

It seems we have much more than just Vet Mentor AI to discuss with Paul. (btw - Vet

Mentor AI will be accessible thru The Callout App)
When might your schedule allow for a 30-45 minute call for the 3 of us?

Kindest regards,
Krisanthe

It would be perfect if we could all meet at JobsOhio.

In person conversation will be even more productive for...

The Callout beta test demo which will connect transitioning Military & Veterans to utility industry careers in Ohio & nationally.

Could we please reserve a conference room for the demo?

Good Afternoon President Carter,

I'm following up regarding our conversation about how I believe JobsOhio & Anduril can be instrumental in The Callout's mission -

To connect transitioning Military & Veterans directly to utility industry careers to strengthen national security.

I was honored & thrilled to be included by JP in last week's events hosted by JobsOhio.

As a result, I've the great pleasure of connecting with Zach Mears, Anduril Industries SVP-Strategy & Growth.

With The Callout's podcast, workforce development events at NVMM & app ready for MVP demo & beta testing in a couple weeks - the timing of the past week's events is incredible!

Since DiAnn is out at the moment, I wasn't sure if Alexis would be best to copy to help.

Would it be possible to find 30 minutes for you, JP, Zach & myself to discuss a possible joint forces Ohio collaboration to lead the national mission?

Kindest regards,
Krisanthe

Good Afternoon President Carter,

I'm following up regarding our conversation about how I believe JobsOhio & Anduril can be instrumental in The Callout's mission -

To connect transitioning Military & Veterans directly to utility industry careers to strengthen national security.

I was honored & thrilled to be included by JP in last week's events hosted by JobsOhio.

As a result, I've the great pleasure of connecting with Zach Mears, Anduril Industries SVP-Strategy & Growth.

With The Callout's podcast, workforce development events at NVMM & app ready for MVP demo & beta testing in a couple weeks - the timing of the past week's events is incredible!

Since DiAnn is out at the moment, I wasn't sure if Alexis would be best to copy to help.

Would it be possible to find 30 minutes for you, JP, Zach & myself to discuss a possible joint forces Ohio collaboration to lead the national mission?

Zach, JP & President Carter -

I have a comprehensive marketing plan with budgets & demo for your review.

I've also added one more highly secure piece of tech - not previously included in our last conversations - which saves hundreds of thousands more of talent acquisition, employee onboarding & retention costs.

I'd appreciate it if we could please look at calendars for a 30-45 minute slot to reconvene at JobsOhio headquarters in the next couple weeks.

If I recall correctly, I think Zach has some national then international travel over the next few weeks.

If everyone in person is not possible, perhaps in the interest of time - you'd be open to a hybrid of in person with others remoting in.

Thank you for your ongoing support and advocacy of our most valuable national security asset - our transitioning Military & Veterans!

I look forward to seeing everyone again very soon!

Zach, JP & President Carter -

I have a comprehensive marketing plan with budgets & demo for your review.

I've also added one more highly secure piece of tech - not previously included in our last conversations - which saves hundreds of thousands more of talent acquisition, employee onboarding & retention costs.

I'd appreciate it if we could please look at calendars for a 30-45 minute slot to reconvene at JobsOhio headquarters in the next couple weeks.

If I recall correctly, I think Zach has some national then international travel over the next few weeks.

If everyone in person is not possible, perhaps in the interest of time - you'd be open to a hybrid of in person with others remotng in.

Thank you for your ongoing support and advocacy of our most valuable national security asset - our transitioning Military & Veterans!

I look forward to seeing everyone again very soon!

Kindest regards,
Krisanthe

Hi everyone – JP could do something virtually in the 2pm to 2:45pm window but would not be able to be in person. Happy to look into other dates if needed.

Good morning,

Moving President Carter, JP, and Zach off while we coordinate scheduling. Due to several pieces of travel and prior commitments over the next few weeks, he will be soonest available on Thursday, August 21. He could do either 2:00-2:45pm or 3:45-4:30pm that afternoon. Does this work for others?

Thank you,

Alexis

Good Morning Alexis - I'm responding to you alone to work through an idea.

It seems JP & Zach's team will do their best to match President Carter's availability.

I think we can accomplish the meeting goals with a combination of in person with remote... or....all remote. The priority is gathering the group sooner rather than later to discuss best ways to support a substantial project.

Would you be open to looking for possible dates sooner when President Carter is available to join remotely?

Great! If you're available on Thursday after 1pm, he has flexibility between 3:15-5:00pm. He has a lot more flexibility for a remote appointment this Friday, August 1. I can adjust anything outside of 11:30-1:30pm on that day. Unfortunately, past Thursday and Friday of this week, the next soonest he could be available would most likely be that Thursday, August 21 slot. I hope this is helpful!

Oh wow...thank you so much Alexis for your help!

I'm available after 1pm or after on Thursday 7/31.

I want to save you time and effort responding to multiple pings.

For the benefit of the rest of the group...

Is it possible to offer this Thursday along with a couple additional dates with times when President Carter can join remotely?

Kindest regards,
Krisanthe

Good Morning Alexis - I'm responding to you alone to work through an idea.

It seems JP & Zach's team will do their best to match President Carter's availability.

I think we can accomplish the meeting goals with a combination of in person with remote....or....all remote. The priority is gathering the group sooner rather than later to discuss best ways to support a substantial project.

Would you be open to looking for possible dates sooner when President Carter is available to join remotely?

Good morning Alyssa, Phil & Kimberly!

I worked through some thoughts with Alexis this morning. She was kind enough to go back into President Carter's schedule to look for dates to he could join remotely.

I'd like to offer....

we can have a great meeting whether we have everyone remotely, in person or a hybrid.

The priority is our gathering, sooner than later if possible, to support a significant Veterans Workforce Development project.

Alexis has offered the following availability for President Carter.

this Thursday, July 31:

President Carter has flexibility between 3:15-5:00pm.

this Friday, Aug. 1:

President Carter has a lot more flexibility.

He's available anytime that day -

EXCEPT 11:30-1:30pm

Can any of the above days & times work for JP & Zach for a 45 minute meeting - either in person or remotely?

Thank you for everyone's prompt responses & support.

Hi Alexis-

For clarification purposes- I want to verify at we're all looking at Wednesday, August 20.

Yours & President Carter's support of my mission is the true meaning of invaluable!

I would appreciate President Carter's physical presence at our WOSU studio on Wednesday, August 20 from 3:00-5:00pmEST.

The purpose is to guest cohost an episode of The Callout Podcast with me. I have one set of corp guests who will be in from New Zealand. I'm working with another significant corp guest local to Columbus joining us.

I'm still working on the final details. May I circle back to you later this week with more information?

Good morning Alyssa, Phil & Kimberly!

I worked through some thoughts with Alexis this morning. She was kind enough to go back into President Carter's schedule to look for dates to he could join remotely.

I'd like to offer....

we can have a great meeting whether we have everyone remotely, in person or a hybrid.

The priority is our gathering, sooner than later if possible, to support a significant Veterans Workforce Development project.

Alexis has offered the following availability for President Carter.

this Thursday, July 31:

President Carter has flexibility between 3:15-5:00pm.

this Friday, Aug. 1:

President Carter has a lot more flexibility.

He's available anytime that day -

EXCEPT 11:30-1:30pm

Can any of the above days & times work for JP & Zach for a 45 minute meeting - either in person

or remotely?

Thank you for everyone's prompt responses & support.

Zach, JP & President Carter -

I have a comprehensive marketing plan with budgets & demo for your review.

I've also added one more highly secure piece of tech - not previously included in our last conversations - which saves hundreds of thousands more of talent acquisition, employee onboarding & retention costs.

I'd appreciate it if we could please look at calendars for a 30-45 minute slot to reconvene at JobsOhio headquarters in the next couple weeks.

If I recall correctly, I think Zach has some national then international travel over the next few weeks.

If everyone in person is not possible, perhaps in the interest of time - you'd be open to a hybrid of in person with others remoting in.

Thank you for your ongoing support and advocacy of our most valuable national security asset - our transitioning Military & Veterans!

I look forward to seeing everyone again very soon!

Kindest regards,
Krisanthe

I've also added one more highly secure piece of tech - not previously included in our last conversations - which saves hundreds of thousands more of talent acquisition, employee onboarding & retention costs.

I'd appreciate it if we could please look at calendars for a 30-45 minute slot to reconvene at JobsOhio headquarters in the next couple weeks.

If I recall correctly, I think Zach has some national then international travel over the next few weeks.

If everyone in person is not possible, perhaps in the interest of time - you'd be open to a hybrid of in person with others remotng in.

Thank you for your ongoing support and advocacy of our most valuable national security asset - our transitioning Military & Veterans!

I look forward to seeing everyone again very soon!

Kindest regards,
Krisanthe

Zach & Kimberly -

I see we're getting out of office responses from both Alexis & DiAnn.

Please be assured I'll get the schedule change directly to President Carter's handlers asap.

Good morning, everyone.

My apologies, but I have a customer call request that is now at the same time as our planned call this morning. [@Kimberly Bender](#) can work with you all to find an alternative time soon.

President Carter, it was good to see you earlier this week.

In the meantime, I hope you all have a good weekend.

Best,

Great, thank you! President Carter is hoping to schedule this first virtual meeting for next Monday, August 18, at 5:00pm ET. Are you available? I believe he communicated with Chris about this timing offline already but I'm looping in Crystal Garrett to confirm his availability.

Thank you,

Good Afternoon DiAnn & Alexis,

Chris asked I coordinate with President Carter's office to schedule a 30-45 minute time sensitive meeting. It'll be a remote meeting. I'll send out the calendar event with the link. Chris & I will work around President Carter's schedule.

Can you please help identify possible dates & times?

Good Afternoon Zach & JP,

In addition to a deep dive marketing & functionality presentation with budget, I now have a stacked AI wireframe of the Veteran workforce development app to demo for you.

Our meeting can be remote or in person.

When might work for a 30 minute meeting?

Good Morning President Carter,

Below is Luke Mansfield's bio. Thank you so much for your support & participation in the podcast!

Personal:

I was born and raised in Martinsburg, WV. I'm the grandson of rural farmers from West Virginia. I had the quintessential American family growing up: Father - Stanley (accountant), Mother (teacher) - Mary, and older Sister - Holly. I was also surrounded by numerous aunts, uncles, cousins, and dogs in my childhood. I spent a lot of time playing sports as a child.

Presently, I am married to Katie (2015), and I am the proud father to Lydia (5), Miriam (3), and Christian (2). I reside in Winchester, VA.

Academic:

B.S. Industrial Engineering - 2007
West Virginia University

Master of Business Administration - 2016
East Carolina University

Note: I also have 2 additional Masters degrees from a seminary which is entirely unrelated to this interview, but I suppose could be helpful in painting the picture of me as a person.

Military:

Training - Marine Officer Candidate School (Quantico, VA) - 2005 / 2007

Training - The Basic School (Quantico, VA) - 2008

Training - Naval Flight School (Pensacola, FL) - 2010

Training - USMC Cobra (AH-1W) Helicopter training squadron (Camp Pendleton, VA) - 2010

Fleet - Marine Light Attack Helicopter Squadron 269 (New River, NC) - 2011-2013

- Attached to Marine Medium Tiltrotor Squadron 261 (reinforced) as part of the air combat element of 24 Marine Expeditionary Unit - Deployed on USS New York / Iwo Jima to 6th / 5th fleet in support of combat / humanitarian operations in Africa & Middle East as an AH-1W pilot.

Training - Marine Corps Expeditionary Warfare School

Training - EWTGLANT - Joint Terminal Air Controller Course (Virginia Beach, VA) - 2013

Fleet - 3rd Battalion / 8th Marine Infantry Regiment (Camp Lejeune, NC) - 2014

- Attached to Kilo Company (Reinforced) as a JTAC team lead and Air Officer. Deployed in support of humanitarian / diplomatic operations in northern Africa (Special Purpose Marine Air Ground Task Force - Crisis Response Africa).

Training - Marine Special Operations Instructor Qualification Course (Stone Bay, NC) - 2014

Training - Army Airborne Course (Ft. Benning, GA) - 2014

Fleet - Marine Special Operations School (Stone Bay, NC) - 2015-2016

- Assistant Operations Officer / Air Officer / Instructor

Corporate:

Senior Account Manager - Altec Industries, Inc. (Richmond, VA) - 2017 - Present

- Responsibilities: Managing customer relationships; advising on industry trends and technology development; day to day product / service support; product engineering; providing solutions to fleet related problems within the electric utility industry in Virginia, etc.

Good Afternoon Zach,

I have copied President Carter for meeting coordination purposes.

The app's wireframe is ready to demo. Paul, my software developer who is a retired Marine, will run the demo. After we meet, we can have the beta test buildout and marketing campaign ready in 2-3 weeks.

I believe marketing is about values. In this complicated noisy world, I want to be very clear about what we're doing with this mobile app's mission.

We're honoring great Americans. We're honoring their sacrifices to protect and defend our country. This is what we're about and this is what we will do with this Veteran workforce development tool.

I don't believe we need to spend a fortune on marketing. I believe people with passion can change the world for the better. I am about to work with people like this who have done it - our Veterans.

I have a **national network of Veteran influencers** who are ready and willing to promote this mobile app to their combined millions of social media followers. In order to accomplish the mission of serving those who served us, we need to invest in the future. The future our Veterans defended with their lives.

The brief deck attached provides a high level overview of how Anduril and Ohio State University can join forces to create this future for Veterans powered by AI technology. OSU has been an invaluable support of this mission for our Veterans. Anduril's support would also be greatly appreciated.

The estimated remaining 2025 operations and marketing budget for AI mobile app (\$50K), The Callout Podcast (\$72K) and workforce development events (\$37K) is \$159K.

I'd appreciate it if we could please look at dates in the near future to meet to allow ample time to prepare for the **1st annual drone competition at The International Lineman's Rodeo** in October in Overland Park, KS.

The Callout Podcast is the sponsor for the drone competition, ***OSU drone pilots are competing, President Carter is a judge*** and Chris Kabourek (OSU Sr. VP of Administration & Planning) is attending. Utility companies, contractors and supply chain from the United States, Canada, Puerto Rico, UK and more will be competing, as well as have booths for the business expo.

6,000+ industry professionals with their families will attend.

Attached is an NDA which will allow us to share information regarding the AI tech. We could meet in President Carter's office, your office or virtually.

Could we please look at dates to discuss the demo, the budget and **Anduril's participation in the Rodeo with a drone pilot?**

Good Afternoon Zach,

The app's wireframe is ready to demo. Paul, my software developer who is a retired Marine, will run the demo. After we meet, we can have the beta test buildout and marketing campaign ready in 2-3 weeks.

I believe marketing is about values. In this complicated noisy world, I want to be very clear about what we're doing with this mobile app's mission.

We're honoring great Americans. We're honoring their sacrifices to protect and defend our country. This is what we're about and this is what we will do with this Veteran workforce development tool.

I don't believe we need to spend a fortune on marketing. I believe people with passion can change the world for the better. I am about to work with people like this who have done it - our Veterans.

I have a **national network of Veteran influencers** who are ready and willing to promote this mobile app to their combined millions of social media followers. In order to accomplish the mission of serving those who served us, we need to invest in the future. The future our Veterans defended with their lives.

The brief deck attached provides a high level overview of how Anduril and Ohio State University can join forces to create this future for Veterans powered by AI technology. OSU has been an invaluable support of this mission for our Veterans. Anduril's support would also be greatly appreciated.

The estimated remaining 2025 operations and marketing budget for AI mobile app (\$50K), The Callout Podcast (\$72K) and workforce development events (\$37K) is

\$159K.

I'd appreciate it if we could please look at dates in the near future to meet to allow ample time to prepare for the **1st annual drone competition at The International Lineman's Rodeo** in October in Overland Park, KS.

The Callout Podcast is the sponsor for the drone competition, ***OSU drone pilots are competing, President Carter is a judge*** and Chris Kabourek (OSU Sr. VP of Administration & Planning) is attending. Utility companies, contractors and supply chain from the United States, Canada, Puerto Rico, UK and more will be competing, as well as have booths for the business expo.

6,000+ industry professionals with their families will attend.

Attached is an NDA which will allow us to share information regarding the AI tech. We could meet in President Carter's office, your office or virtually.

Could we please look at dates to discuss the demo, the budget and **Anduril's participation in the Rodeo with a drone pilot?**

Good Afternoon Zach,

I have copied President Carter for meeting coordination purposes.

The app's wireframe is ready to demo. Paul, my software developer who is a retired Marine, will run the demo. After we meet, we can have the beta test buildout and marketing campaign ready in 2-3 weeks.

I believe marketing is about values. In this complicated noisy world, I want to be very clear about what we're doing with this mobile app's mission.

We're honoring great Americans. We're honoring their sacrifices to protect and defend our country. This is what we're about and this is what we will do with this Veteran workforce development tool.

I don't believe we need to spend a fortune on marketing. I believe people with passion can change the world for the better. I am about to work with people like this who have done it - our Veterans.

I have a **national network of Veteran influencers** who are ready and willing to promote this mobile app to their combined millions of social media followers. In order to accomplish the mission of serving those who served us, we need to invest in the future. The future our Veterans defended with their lives.

The brief deck attached provides a high level overview of how Anduril and Ohio State University can join forces to create this future for Veterans powered by AI technology. OSU has been an invaluable support of this mission for our Veterans. Anduril's support would also be greatly appreciated.

The estimated remaining 2025 operations and marketing budget for AI mobile app (\$50K), The Callout Podcast (\$72K) and workforce development events (\$37K) is \$159K.

I'd appreciate it if we could please look at dates in the near future to meet to allow ample time to prepare for the **1st annual drone competition at The International Lineman's Rodeo** in October in Overland Park, KS.

The Callout Podcast is the sponsor for the drone competition, ***OSU drone pilots are competing, President Carter is a judge*** and Chris Kabourek (OSU Sr. VP of Administration & Planning) is attending. Utility companies, contractors and supply chain from the United States, Canada, Puerto Rico, UK and more will be competing, as well as have booths for the business expo.

6,000+ industry professionals with their families will attend.

Attached is an NDA which will allow us to share information regarding the AI tech. We could meet in President Carter's office, your office or virtually.

Could we please look at dates to discuss the demo, the budget and ***Anduril's participation in the Rodeo with a drone pilot?***

Good afternoon,

Below is a draft travel plan for your review for Kansas travel 10/16-19 based on your engagement at the last rodeo. Once I have your feedback, I will start working on the spend authorization so we can request approval through our standard processes. I also tentatively calendared these options in case the visual is helpful, which is what I prefer!

1. 10/16-19: International Lineman's Rodeo in Overland Park, KS
 - a. 10/16 4:55-8:35pm w/2 hr in MDW OSU book Southwest CMH-MCI
 - i. There were not any nonstop flights
 - ii. Rodeo Hotel is 40 minutes from MCI
 - iii. Sheraton Overland Park Hotel at the Convention Center 10/16-19
 - b. 10/17 12-3pm Drone Rodeo at Rodeo Grounds Ag Hall of Fame, Bonner Springs & 6-10pm Barbecue and Trade Night
 - c. 10/18 7a-10pm Opening Ceremony & Rodeo Competition Begins & Awards Banquet
 - d. 10/19 12:45-3:30pm OSU book Southwest MCI-CMH nonstop

Good morning Kim,

This week has flown with the holiday in there and it's already Thursday!

I wanted to check with you if Zach was available this afternoon per Alexis's time offered for President Carter.

Does it seem like we'll be able to have a meeting?

I believe marketing is about values. In this complicated noisy world, I want to be very clear about what we're doing with this mobile app's mission.

We're honoring great Americans. We're honoring their sacrifices to protect and defend our country. This is what we're about and this is what we will do with this Veteran workforce development tool.

I don't believe we need to spend a fortune on marketing. I believe people with passion can change the world for the better. I am about to work with people like this who have done it - our Veterans.

I have a **national network of Veteran influencers** who are ready and willing to promote this mobile app to their combined millions of social media followers. In order to accomplish the mission of serving those who served us, we need to invest in the future. The future our Veterans defended with their lives.

The brief deck attached provides a high level overview of how Anduril and Ohio State University can join forces to create this future for Veterans powered by AI technology. OSU has been an invaluable support of this mission for our Veterans. Anduril's support would also be greatly appreciated.

The estimated remaining 2025 operations and marketing budget for AI mobile app (\$50K), The Callout Podcast (\$72K) and workforce development events (\$37K) is \$159K.

I'd appreciate it if we could please look at dates in the near future to meet to allow ample time to prepare for the **1st annual drone competition at The International Lineman's Rodeo** in October in Overland Park, KS.

Hi Krisanthe,

I am working on confirming President Carter's travel for the upcoming rodeo in October. He will fly in on 10/16 and return on 10/19.

Can you share information on confirmed events we should calendar for him from what is posted online?

Additionally, is there a specific contact at the Sheraton Overland Park Hotel at the Convention Center that I should work with on a room reservation?

I currently have him set to use Uber from event to event, but please let me know if you are aware of any other ground transportation options available to him.

Thank you,

Hi Krisanthe,

I am working on confirming President Carter's travel for the upcoming rodeo in October.

He will fly in on 10/16 and return on 10/19.

Can you share information on confirmed events we should calendar for him from what is posted online?

Additionally, is there a specific contact at the Sheraton Overland Park Hotel at the Convention Center that I should work with on a room reservation?

I currently have him set to use Uber from event to event, but please let me know if you are aware of any other ground transportation options available to him.

Thank you,

Hannah

Hi Hannah-thank you for your follow up & patience.

I've inquired with the rodeo organizers if they have any block rooms at the event host hotel at the Sheraton not visible - which they can release for President Carter. I hope to hear back from them later today or tomorrow.

BTW - the reason I went ahead & secured this room for President Carter is because it was a one off which unexpectedly popped up as available at the Sheraton which is the host hotel. I didn't want to risk losing it. Again- hope this was helpful to save you hunting or an additional task.

Thank you always for your support!

Hi Hannah-thank you for your follow up & patience.

I've inquired with the rodeo organizers if they have any block rooms at the event host hotel at the Sheraton not visible - which they can release for President Carter. I hope to hear back from them later today or tomorrow.

Subject: 10/16-19/25 International Lineman's Rodeo 2025 - Carter Confirmation

Hi Krisanthe,

I am working on confirming President Carter's travel for the upcoming rodeo in October. He will fly in on 10/16 and return on 10/19.

Can you share information on confirmed events we should calendar for him from what is posted online?

Additionally, is there a specific contact at the Sheraton Overland Park Hotel at the Convention Center that I should work with on a room reservation?

I currently have him set to use Uber from event to event, but please let me know if you are aware of any other ground transportation options available to him.

Thank you,

Hannah

Krisanthe just shared that the hotel room for the upcoming travel to Kansas is not covered. We were not expecting this additional expense and need to resubmit the spend authorization to request approval of this anticipated expense. May I use your electronic signature and resubmit?

Good morning, Alexis,

I'm reaching out for your guidance regarding a request we've received from Kristine Vlahos (a friend of President Carter) to support the International Lineman's Rodeo in Kansas City later this month. Our expected role would be to judge a drone competition associated with the event.

Until recently, we had very little information about the scope or purpose of our involvement. This type of event - particularly one hosted by labor unions and located far outside Ohio - is not something we would typically support, as it doesn't clearly align with Ohio State's strategic priorities or visibility goals.

There has been frequent mention of President Carter's name in connection with the request, which adds a layer of complexity.

Could you share your thoughts on whether our participation would meaningfully contribute to broader university objectives—or if a polite decline would be more appropriate?

Best regards,
Blake

President Carter,

I am truly overwhelmed by your kindness today. Thank you for taking the time to learn more about Children of Valor. I am especially grateful for your willingness to schedule a video capture to promote Children of Valor in time for the giving season. Perhaps we could capture the video in the next few weeks?

Thank you for setting up a connection with Krisanthé, I am excited to speak with her about The Call Out podcast.

I hope the rest of your week is wonderful. Fall in Bexley is simply the best, I do miss walking the neighborhood this time of year. Standing by for open times in your schedule to capture the video.

Thank you again sir!

President Carter,

I am truly overwhelmed by your kindness today. Thank you for taking the time to learn more about Children of Valor. I am especially grateful for your willingness to schedule a video capture to promote Children of Valor in time for the giving season. Perhaps we could capture the video in the next few weeks?

Thank you for setting up a connection with Krisanthe, I am excited to speak with her about The Call Out podcast.

I hope the rest of your week is wonderful. Fall in Bexley is simply the best, I do miss walking the neighborhood this time of year. Standing by for open times in your schedule to capture the video.

Thank you again sir!

Respectfully,

Dr. Gretchen McIntosh

CHILDREN OF VALOR

THEIR FUTURE, OUR MISSION.

SEALKIDS is now Children of Valor!

“

There's nothing more important to the warrior than their child. And if you want the warrior to stay in the fight, you must support their child.

-Special Operations Spouse

Our History: Children of Valor is the expansion of SEALKIDS, created in 2011 by Patti and her two youngest children, Hunter and Alexandra, in response to the largest loss of life in Special Operations Forces history. SEALKIDS was created as a living monument to these warriors, to recognize their sacrifice, and a pledge to care for our freedoms. We serve active-duty and veteran families.

Since 2011, we have served over 1200 children of the Navy SEALs, providing critical academic interventions for K-12 students with diagnosed learning disabilities. We are the only national non-profit that provides in-person, individualized services, tailored to each child's needs, with tracked progress to ensure success. Through our proprietary process, we have helped children across the US succeed in their academic pursuits, despite the challenges or environmental obstacle brought on by the tempo of military life. Our children are our future.

- Military children may move up to 9 times before graduating high school
- Military children will wait, on average, 9 months for implementation of special education services
- Military children struggle with anxiety and depression, behavioral issues, high absenteeism, and increased household stress

FOUR BRANCHES, ONE MISSION

As Children of Valor, we have expanded eligibility to children in the Special Operations Forces (SOF) community for the 2025-2026 school year. Recognizing there is no comparable program for SEAL Kids in the Marine SOF, we provide the necessary support services to K-12 Marine SOF. The transition of our name from SEALKIDS to Children of Valor highlights the mission forward.

Policies and resources exist to help military children, but the burden is on the parent to navigate state services in different school systems, learn special education law, understand federal law, and coordinate with the school, while maintaining the high tempo of SOF family life.

Children of Valor removes the burden on the parent, providing full case management and a solution.

- Since 2018, **100%** of children served have improved academically.
- 98% of parents report our support helps their child reach full potential.
- 92% of parents report they are better able to handle military service.

We fulfill our mission through:

- An extensive and proven track record serving K-12 military children and their families.
- A partnership with Salesforce that provides a scalable technology platform for case management.
- Fully vetted tutors and therapists to provide personalized instruction and services.
- Our proprietary process, The Hunter-Chase Method.

THE HUNTER-CHASE METHOD

All children served by Children of Valor proceed through our proven method to reach their academic goals. Most children are served in more than one program. Our method is evidence-based, scalable, and ready to serve the children of Special Operations Forces. Our partnership with Salesforce ensures our ability to scale without loss of quality of service.

THE MISSION AHEAD:
Create more student success

Meet Mikey

Mikey was diagnosed with Specific Learning Disability (SLD) and Speech Impairment. Mikey received services beginning in 6th grade through on-time graduation from high school. Mikey's dad was active-duty through most of his life. His mom shared:

"We are beyond grateful for the support Children of Valor has provided. Thanks to you, the financial burden of tutoring was not an issue. We are ever so appreciative for the help and the assistance we have received over the years. It has been invaluable. Mikey has graduated and is working his first job!"

- Mom, Becky

Meet Kathryn

"The constant moving during my high school years created learning gaps that affected my academic performance. Children of Valor stepped in with testing to identify the root of my challenges and I was able to get the necessary support to graduate from high school and go on to USC where I graduated with honors.

Thank you, Children of Valor, for your support and generosity!"

- Kathryn

Meet Harper

Harper is one of our highest need students. He is diagnosed with Autism and Kleefstra's syndrome. We have been serving Harper since 2016. We have watched him learn to love school, and work to be independent. Harper's dad grew up in NW Ohio. As a SEAL, he completed 25 deployments and returned home 100% disabled.

"Without the help of Children of Valor, our son would not be the child he is today. It is a miracle and a blessing to have these grants helping our child."

- Mom, Jennifer

CHILDREN OF VALOR

THEIR FUTURE, OUR MISSION.

**We help children like Mikey, Kathryn, and Harper every day.
Through Children of Valor, we can help more.**

Children of Valor provides critical educational solutions for children in the Special Operations community and promotes awareness of the unique challenges shared by all military families.

Special Operations families started receiving support September 1, 2025.

Join the mission and partner with us today!

CHILDREN
OF VALOR

THEIR FUTURE, OUR MISSION.

Partner with us to serve more military children.

Good morning, Nick,

An OTP guest, Krisanthe Vlahos/Vlachos, stopped into USS early last week to meet with President Carter at the last minute. This meeting was arranged by the president himself, so the OTP team did not have the chance to give the front desk advanced notice.

Following the meeting it was reported back to me that the guest asked to be put on an access list so they wouldn't be stopped entering our building moving forward and that the request was on behalf of the president. This request WAS NOT on behalf of the president. Shyra appropriately responded that the front desk does not keep an access list. Please share with your team that we will continue to follow our standard operating procedure for OTP guests. I will follow up with Ms. Vlahos/Vlachos to see if she has any additional questions and remind her of our procedures in place that apply to all guests visiting this building.

Please let me know if you have any questions.

I am especially grateful for your willingness to schedule a video capture to promote Children of Valor in time for the giving season. Perhaps we could capture the video in the next few weeks?

Thank you for setting up a connection with Krisanthe, I am excited to speak with her about The Call Out podcast.

I hope the rest of your week is wonderful. Fall in Bexley is simply the best, I do miss walking the neighborhood this time of year. Standing by for open times in your schedule to capture the video.

Thank you again sir!

Dr. McIntosh, good evening! Thank you for sharing the submission pieces. Everything looks good, save for the fact that typically videos produced by our news team do not use joint logos. Let's plan on the video having only the Ohio State logo at the end unless you hear differently from me as we move forward.

Looking forward to working with you to bring the video to fruition! Thank you again and will talk to you again soon.

Hi Alexis, all of us at Children of Valor are so excited President Carter is doing this video for us. Is there any plan on the OSU side to share the video? Is there anyone I need to connect with to be sure our use of the video aligns perfectly with the goals of OSU? Are there any parameters we need to abide by to be an excellent partner?

President Carter,

I am truly overwhelmed by your kindness today. Thank you for taking the time to learn more about Children of Valor. I am especially grateful for your willingness to schedule a video capture to promote Children of Valor in time for the giving season. Perhaps we could capture the video in the next few weeks?

Thank you for setting up a connection with Krisanthe, I am excited to speak with her about The Call Out podcast.

I hope the rest of your week is wonderful. Fall in Bexley is simply the best, I do miss walking the neighborhood this time of year. Standing by for open times in your schedule to capture the video.

Thank you again sir!

Dr. McIntosh, good evening! Thank you for sharing the submission pieces. Everything looks good, save for the fact that typically videos produced by our news team do not use joint logos. Let's plan on the video having only the Ohio State logo at the end unless you hear differently from me as we move forward.

Looking forward to working with you to bring the video to fruition! Thank you again and will talk to you again soon.

THE OHIO STATE UNIVERSITY

Dinner Hosted by Student Veterans of America

November 17, 2025

6:30 PM

Butcher & Rose, Capital Room

Preston Centre

155 East Broad Street

Columbus, OH 43215

Purpose: This dinner is organized and hosted by Student Veterans of America (SVA). In the context of the strategic partnership that Google has been exploring with Ohio State, the company leveraged their connections to SVA to i) introduce their leaders to President Carter who serves on the SVA board of directors, and ii) have a dinner discussion with several Ohio State leaders ahead of our visioning session the following day.

This dinner is bringing together SVA, Google, Ohio State, and Hiring Our Heroes. These organizations are in Columbus for roundtables on AI and state policy impacting student veterans. SVA described this dinner as a relaxed opportunity to connect, share perspectives, and continue the conversations that are shaping our collective work.

Since late summer 2025, Ohio State has been exploring a strategic partnership with Google that would leverage our mutual investments and strengths in AI. On November 18, Google is bringing nine leaders to our Innovation District for a visioning session with Ohio State leaders, including those attending the private dinner. We hope to leave the visioning session with an alignment on what we could co-create together and tangible next steps. Other companies that we have engaged with a similar goal in mind include Microsoft (Nov 12) and Apple.

See attached: *Google bios*

Run-of-show:

- **6:30 pm** private reception
- **7:00 pm** dinner

Key conversation topics for Google:

- What does Google see as Ohio State's strategic advantage? What could we co-create together?
- What are Google's most pressing priorities that academe could help advance?
- How is Google serving student veterans and how might we work together to facilitate their transition to academe and ultimately into the civilian workforce?
- *For Lisa Gevelber:* How could we lock arms to train the next generation of AI users across Ohio and beyond?
- *For Brad Hoffman:* What are some examples of Google's successful partnerships with universities? How do you define success?

Contact: Dr. Luiza Newlin-Lukowicz, Associate Vice President, Corporate and Foundation Engagement, newlin-lukowicz.1@osu.edu; cell: (██████████)

Program: See attached agenda.

Audience Environment:

Ohio State participants:

- President Carter
- Provost Bellamkonda
- Chris Kabourek, Senior Vice President for Administration and Planning
- Rob Lowden, Chief Information Officer
- Luiza Newlin-Lukowicz, Associate Vice President, Corporate and Foundation Engagement

Google participants (bios attached):

- Brad Hoffman, Director, Google Cloud Public Sector and Higher Education
- Lisa Gevelber, Founder, Grow With Google & Vice President of Marketing Americas Region at Google
- Justin Ventura, Google Cloud Lead, Ohio Public Sector SLED
- Matt Schneider, Google Public Sector (*not confirmed*)

Other VIPs:

- Jared Lyon, National President & CEO, Student Veterans of America
- Liz O'Brien, SVP, Hiring Our Heroes
- Krisanthe Vlachos, Executive Producer, The Callout Podcast

Table plan for dinner:

Attire: Business

Google

Google LLC is a global leader developing and delivering a wide range of technology products and services, including search, advertising, cloud computing, software, and hardware.

- **Headquarters:** Googleplex, Mountain View, California, USA
- **Parent Company:** Alphabet Inc. (since 2015, following a major corporate restructuring)
- **CEO:** Sundar Pichai (also CEO of Alphabet Inc. since 2019)

Google's Investments in Ohio: Since entering Ohio in 2019, Google has invested \$7.2 billion in data center infrastructure across Central Ohio including [New Albany, Lancaster and Columbus](#). In 2023, the company committed an additional \$1.7 billion to expand existing facilities and develop new campuses. In 2024, Google announced a further \$2.3 billion investment to enhance these campuses.

These facilities support Google's global services: Search, Gmail, Maps, YouTube, Cloud, and AI capabilities. They facilitate faster content delivery across the U.S. and provide local cloud infrastructure for major clients like the State of Ohio, Nationwide, Victoria's Secret, Wendy's, and Huntington Bank.

Grow with Google's mission is to close the digital skills gap and drive workforce competitiveness by providing accessible, job-relevant training at scale. By combining online learning, credentialing programs, and partnerships with community organizations, the initiative strengthens talent pipelines, supports small business growth, and promotes inclusive economic participation in the digital economy.

Google.org (the Google Foundation) is the philanthropic arm of Google, established to leverage the company's resources of funding, technology, and expertise, to address pressing global challenges. Its mission focuses on creating social impact on a scale by supporting nonprofits, social enterprises, and community initiatives. Key areas of investment include education and digital skills, economic opportunity, crisis response, and advancing equity. Since 2006, Google has given more than \$14 million to organizations and nonprofits in Ohio.

Google has been selective with strategic philanthropic support; however, the AI boom has ignited significantly more interest in education. By offering access to advanced AI tools like the Gemini chatbot and structured AI training programs, Google aims to democratize AI literacy and research capabilities across institutions, empowering students and faculty to innovate and compete in a rapidly evolving technology landscape.

Google recently committed [\\$1 billion over three years to AI education initiatives](#). This commitment includes providing AI training, tools, and cloud resources to universities and colleges, along with grants and cloud computing credits.

Ohio State's Relationship with Google:

Google's interest in Ohio State has grown drastically, which provides an opportunity to elevate one-off low-level sponsorships and technology donations to a multi-year enterprise agreement.

In August 2025, Ohio State joined 100 other universities that opted to participate in **Google's AI Accelerator**, which provides certain tools and training to our students, faculty, and staff. On August 21, **Google Public Sector** hosted "Data & AI Day" at Ohio Stadium, an event designed to help Ohio State instructors, researchers and staff learn about how Google Productivity Tools complement the university's AI Fluency initiative. Students, faculty and staff can now [access secure versions of Google](#)

[AI tools](#), ensuring that Google does not save or share the information they enter. Importantly, for the first time in years, Google is recruiting on our campus this fall.

Procurement

Ohio State has a procurement relationship with Google, though it pales in comparison to that with Microsoft. Ohio State's cumulative spend on Google since 2020 is **\$1.1 million**, compared to \$48.3 million for Microsoft (these numbers include the Wexner Medical Center).

Research:

No known significant sponsored research partnerships with Ohio State.

Philanthropy:

- Google's lifetime giving to Ohio State is \$1.58 million. Nearly \$1 million of this total is designated to various projects in the College of Engineering, including their most recent gift of \$50,000 to support the work of Professor Ness Shroff.
- In November 2025, Google committed \$125K to the College of Engineering through the giving arm of the Ohio data centers (Allyson Eastman, Google Social Impact and Community Development Senior Manager). The original request was \$500K.
- Their largest gift to OSU was \$150K for the Google Research Fund for Political Science. Google has also made a \$100K gift to the WMC Cardiometabolic Health Fund.

Talent

As of November 2025, 566 Ohio State alumni are employed at Google (0.3% of their workforce).

Table 1. Highly placed Ohio State alumni at Google.

Len Zheleznyak, Lead of Value, Strategy, and Innovation for State, Local Government and Education at Google Cloud

Len Zheleznyak is the Lead of Value, Strategy, and Innovation for State, Local Government and Education at Google Cloud. In this role, he leads a team of professionals that assist the Public Sector in building the case for change through a comprehensive value driven methodology that uncovers efficiencies, increases citizen engagement, and delivers impactful mission outcomes. Len and his team partner with Cities, States, and Institutions of Higher Learning to uncover the opportunities that the intersection of technology, innovation, and government can deliver to improve the lives of the people those institutions serve.

Over the past 20 years, Len Zheleznyak has had leadership roles in Consulting, Strategy, and Value Engineering, with a continued focus on leveraging transformation to drive differentiated value in the Private and Public sectors. Prior to Google, Len served in Value Engineering roles at both Oracle and Palo Alto Networks where he helped build out their respective Public Sector Value Practices.

Len received his Bachelor's Degree in Manufacturing Engineering from Worcester Polytechnic Institute and his Master's in Business Administration from the University of Denver, Daniels College of Business. He resides in Colorado with his wife Jacqueline and their two children.

"Does technology matter? That is the perennial question that leaders in both the private and public sectors have had to grapple with for as long as I have worked with them. In particular, our public sector leaders want to know if their programs are driving positive outcomes, often for the most marginalized communities in our society. By diving deep into tech economics we can find those institutions that are leveraging technology to impact the Mission, learn from them, and then take those best practices to their peers, improving program and mission outcomes."

Nathan Redmond, Lead Technologist, Google Public Sector, State, Local & Education

Nathan Redmond is a seasoned Cloud Customer Engineer at Google, specializing in driving digital transformation and modernization within state, local, and education (SLED) agencies. With a strong focus on leveraging Google Cloud's AI/ML, data analytics, and infrastructure

solutions, Nathan empowers these organizations to enhance citizen engagement and achieve their strategic objectives.

Throughout his career, Nathan has consistently demonstrated expertise in designing, developing, and implementing complex IT solutions at an enterprise level. His experience spans various domains, including cloud architecture, data center management, disaster recovery, and cybersecurity. He has a proven track record of delivering impactful presentations, managing proof-of-concept deployments, and providing thought leadership in cloud architectures and business value. Before joining Google, Nathan held key roles as a Senior Solutions Architect at Amazon Web Services and as the Infrastructure Architect Manager for the Division of IT and Director of Technology for University Housing at the University of South Carolina.

Nathan is deeply committed to leveraging his expertise to help SLED organizations embrace innovation and improve service delivery through cutting-edge cloud solutions. He is passionate about fostering digital transformation within educational institutions to enhance learning experiences and drive operational efficiencies.

Caroline Levens, Public Sector Lead, Grow with Google

Caroline Levens has worked at Google for 10+ years, where she currently serves as Head of Education & Workforce for the Grow with Google team, which is Google's \$1 billion commitment to economic opportunity. Since 2017, Grow with Google has helped over 12 million Americans grow their skills, careers, and businesses. Caroline works on the Google Career Certificates, which provide people access to in-demand, high paying jobs regardless of educational background or work experience. These certificates have provided significant upward mobility to 200k job seekers in the U.S. and counting.

One of her most significant contributions was co-leading the launch of the Google Cybersecurity Certificate and establishing partnerships across the ecosystem, spanning public sector, educational institutions, nonprofit organizations, and industry. She also led the launch of Grow with Google's first AI course for teachers, Generative AI for Educators.

Caroline's earlier career experience spans Strategy & Operations, Marketing, and Ads. She earned her MBA from Quantic School of Business and Technology and a B.Sc. in Communications from the University of Miami. She currently resides in the San Francisco Bay Area and is originally from St. Louis, Missouri.

Good Morning JP, General Harris, President Carter and Bill,

I'm extremely honored to have all of you join the podcast in support of our transitioning Military Service Members and Veterans!

I've sent a revised calendar event for the podcast which includes parking and checkin information. Your teams are copied to assist with the details. An email with studio recording logistics and conversation content will follow.

Thank you for leading this national mission together from the great state of Ohio!

O-H!

Grateful U.S. Navy Nuke Mom

Hi JR,

Chris said the Wednesday noon meeting at JobsOhio is a go. We think Krisanthe is working to reschedule Thursday, 4:00 pm, due to some conflicts.

Good morning Crystal-

It seems we have a variety of conflicts on 12/10. Can we please cancel it with the intention to reschedule at some point?

Good morning,

Thanks for the quick confirmation on covering an engagement for the president this afternoon at his request. The president will be on The Callout Podcast in the LL Studio at WOSU from 4-6pm today. He has requested photos by Jodi for the first 30 minutes only. I am assuming those should go directly to Melissa for social media. The podcast is with J.P. Nauseef, John Harris, Bill Butler, and Krisanthe Vlahos. Scott is scheduled to staff and will be on site.

Thanks,

Hannah

Hi! I don't suppose you have a briefing for this engagement? No worries if not. Just trying to figure out what this is, what the topic is, what a social media post might look like. I figured it was worth a shot to ask.....lol!

I do not. This is one he organized himself, so we don't have any materials. I know it is with JP Nauseef, John Harris, and Bill Butler if that's helpful.
